Garven Asks for Extradition.

Wants Gov. Fort to Issue Requisition for Indicted Packer.

New Jersey Executive, However, Will Give Meat Men a Chance.

Grand Jury Will Report on Cold Storage Business Today.

[BY DIRECT WIRE TO THE TIMES.]

JERSEY CITY (N. J.) March 31.—[Exclusive Dispatch.] Prosecutor Garven of Hudson county, who succeeded in having six packing companies and twenty-one directors of packing companies indicted on the charge of conspiring to raise the prices of foodstuffs, sent Gov. Fort, today, papers asking for the requisition of J. Ogden Armour from Chicago. Mr. Armour was one of the indicted directors.

With the application were sent affidavits showing that Mr. Armour was in Jersey City at least twice during the two years covered by the indictment.

Samuel Untermyer, one of the lawyers for the indicted men, has contended only Samuel Patterson of Chicago, James E. Bathgate of East Orange and Frederick B. Cooper of Montclair have been in New Jersey during the last two years.

The Hudson county grand jury will go into court tomorrow and make a presentment to regulate the cold storage business.

Requisition papers were filed several days ago with Gov. Fort for the extradition of Louis F. Swift and Edward Morris.

It is understood that before Gov. Fort will sign the papers he will hear argument by counsel for the indicted men showing they were not in New Jersey at the time the indictments were found against them and that they are not liable to extradition.

ARMOUR CELEBRATES WITH "GOOD TIME."

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, March 31.—[Exclusive Dispatch.] J. Ogden Armour of Chicago celebrated his indictment by the Hudson county grand jury for conspiracy in controlling the prices of meat products, with a "good time" in St. Louis today.

He admitted he came here for a "good time." He professed he didn't know anything about the fact that extradition papers had been filed for him with Gov. Fort of New Jersey today. He confessed reading something about it in the newspapers.

Mr. Armour's desire to have a "good time" while in St. Louis drove all thoughts about the high cost of living, business matters and politics from his mind.

St. Louis, in the mind of the Chicago packer, was a place to enjoy himself and he wasn't inclined to take anybody or anything seriously. The increased cost of living Mr. Armour said, had no connection with the tariff or the Republicans. The farmers were to blame for it, he thought. The farmers hereafter, he believed, would raise more crops and stock and the cost of living accordingly would fall. Also fewer farmer's boys would come to the city because they could get more remunerative work at home for a while.

BALFOUR SUGGESTS REWARD FOR EX-AGITATOR.

English Opposition Leader Would Make Presidency of London Government Board Equal to Cabinet Officer in Salary—Only Opposition Comes from Laborites.

[BY DIRECT WIRE TO THE TIMES.]

LONDON, March 31.—[Exclusive Dispatch.] John Burns's practical and vigorous administration of the local government board promises to receive a handsome financial reward. Arthur J. Balfour, as a token of the friendly feeling of the opposition, intends to move in the House of Commons that the salary of the working man member of the Cabinet be raised from £2000 ($10,000) to £5000 ($25,000) a year.

Incidentally, it may be related that when Premier Asquith was reorganizing the ministry after the general election, Mr. Burns could have had the home secretaryship, with a salary of £5000 for the asking. However, the gray-haired ex-agitator preferred to remain president of the local government board, where his experience and talents are especially valuable.

Now the chiefship of the local government board seems likely to rise in rank to an equality with the home secretaryship and the presidency of the Board of Trade in the matter of the remuneration of the incumbent.

While it has been realized that the president of the local government board ought to receive as much salary as his colleague of the Board of Trade, it is also a fact that Mr. Balfour's proposal would probably never have been advised—or at least not for a long time to come—if Mr. Burns's dealing with poor-law abuses, old-age pensions, unemployment, housing and pure-food had not been so indefatigable and so pregnant.

So far there is only one discordant note in the chorus of approval of Mr. Balfour's proposal and it comes from the Labor party. Will Thorne, member of West Hamp, intends to ask the House to declare Mr. Burns's salary already "amply sufficient." If the House votes with Mr. Balfour the Premier will immediately raise the salary by an order in council.

BUDGET TO FOLLOW VETO RESOLUTIONS.

[ASSOCIATED PRESS NIGHT REPORT.]

LONDON, March 31.—The official opposition amendment to Premier Asquith's resolutions on the veto power of the House of Lords was moved in the House of Commons today by Sir Robert Bannatyne Ninlay.

It declares in favor of a strong and efficient second chamber, expresses willingness to consider proposals for the reform of the upper house, but declines to proceed with the government proposals, which would destroy the usefulness of any second chamber.

Winston Spencer Churchill, the home secretary, made an important contribution to the debate. He declared when the veto resolutions were disposed of, they would advance with the budget, regardless of the consequences.

Unless the House of Commons carried the budget, it was idle, he said, to look to the King or to the country to carry the veto bill; but he predicted that, at the proper time, and under proper circumstances, they would succeed in carrying both the veto and budget measures to the steps of the throne. Mr. Churchill closed with a significant statement.

"The time for action," he said, "has arrived. Since the Lords have used their veto to extend the prerogative of the Crown, and have invaded the [illegible] of the Commons, it [illegible] and restrict forever the veto power of the House of Lords."

Premier Asquith's guillotine motion, which is published tonight, provides the committee stage of all three resolutions shall be concluded on the night of April 14.

COAL MINERS STRIKE IN ELEVEN STATES.

Between Two Hundred and Seventy and Three Hundred Thousand Out.

Non-union Workmen Will Prevent Fuel Famine, Say Operators, and Industry Will Not Suffer—Internal Strife in Organization Will Delay Settlement of Wage Scale Question—No Increase, Many Operators Say.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, March 31.—[Exclusive Dispatch.] Two hundred and seventy thousand mine workers, producing more than two-thirds of the total output of bituminous coal in the United States, laid down their tools tonight for an indefinite period.

From various sections of the country optimistic reports were received that the suspension would be of short duration, and that the supply of coal above ground, with the output of non-union miners, would be sufficient to keep the wheels of industry moving until new wage contracts were negotiated.

Internal strife among the United Mine Workers may prolong the suspension beyond present indications, according to those who are familiar with conditions. The situation is said to be most hopeless in Western Pennsylvania and in the Southwestern States. In the Southwest, it is said, the mines will remain closed for months, or as long as the miners are able to hold out, for the operators have declared they will not pay any increase in wages.

Neither the coal operators nor the United Mine Workers admit that the trouble amounts to a strike. They prefer to term it a "suspension," but whatever name it goes under, the production of coal has stopped in the districts affected, and no one is able to say when it will be resumed.

RAILROADS HAVE COAL.

Men familiar with coal conditions asserted that the supply of coal in Chicago or in cars on the way to the city would be sufficient to meet all purposes for thirty days, if fairly distributed. Some of the large industrial plants had made provision for a shutdown, and have a plentiful supply, [illegible] are [illegible] [illegible] [illegible]

[BY WIRE TO THE TIMES.]

...K, March 31.—[Exclusive ...] Despite the fact that he was a second cabin voyager John Matthiesen, who sailed for Bremen with his wife and son, Edward on the North German Lloyd steamship George Washington, today, was easily the most noticed man on the ship.

Across his expansive white waistcoat—he weighs 230 pounds—was stretched from pocket to pocket a watch chain with huge links, and in every link a diamond of the first water gleamed and sparkled. In his cravat another big diamond of purest ray shone like the headlight of a locomotive, while on two of the fingers of his left hand were solitaire diamonds rings that a prince might envy.

Mrs. Matthiesen was not one whit behind her liege lord in the matter of gems, for she, too, wore a number of diamond rings and a brooch that made some of her less fortunate sisters envious. Young Edward Matthiesen also was adorned with a diamond pin, diamond rings and a diamond watch-charm.

This was not all, for down between the decks Herr Matthiesen had a big touring car, built to hold seven passengers, which he is taking to Europe with him.

Considering the outward evidence of wealth of this diamond-bedecked family, the wonder of the other voyagers was that they should travel second cabin. This secret was duly revealed just before the ship sailed by Herr Matthiesen.

"You see, I take the second cabin because I do not wish to dress up all the time for those aristocrats," he said, "and besides I do not like those table—table—what do you call 'em—dinners, where they give you only a little at once and it takes such a long time to get a meal."

Herr Matthiesen was one of the pioneers in the Hood River Valley, Oregon, where he took up a quarter section of land, back in 1882. Later he went to Portland, where he purchased the Hotel Zur Rheinpfals and prospered.

Ironmaster Grants Striking Interview on Arrival in Chicago, in Which United States Senate Is Declared Finest Legislative Body in World—Reference to Roosevelt.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, March 31.—[Exclusive Dispatch.] "The United States Senate is, in my opinion, the finest legislative body in the world."

"Joe Cannon looks and acts more like Abe Lincoln than any man I ever knew."

"Show me a man who has always done the right thing."

There striking statements were made today by Andrew Carnegie. The ironmaster, coming from the West, reached Chicago, where he planned to pass a day of sightseeing, at 7:30 a.m.

"It is to be supposed, Mr. Carnegie, that you have been following Mr. Roosevelt's movements in Africa," suggested a reporter.

"Well, I should say so," he chuckled. "And you are doubtless well enough acquainted with English politics to have an opinion on the speech the ex-President made at Cairo?"

"Yes, I thought it was just like Mr. Roosevelt. But, personally, I don't believe God ever made any man or any nation good enough to rule any other man or any other nation. I'm enough of a Republican for that."

"Do you believe that God ever made any man good enough to rule the United States?"

Mr. Carnegie hesitated. "I'll tell you this," he finally answered, "I don't believe God ever made a much better act of man than those to be found today in the United States Senate."

And, striking his fist into his hand he added: "The United States Senate is, in my opinion, the finest legislative body in the world.

"And Joe Cannon. Let me say just this about him. Joe Cannon looks and acts more like Abe Lincoln than any man I ever knew and I was with Lincoln a good deal at the time of the war, when I was a telegraph operator. Joe Cannon has stood guard like a watch dog at the door of the United States Treasury."

"And you really believe that in everything he does he is actuated by his conscience? Do you think he always does what he thinks is right and best for the country at large?"

"Show me a man who has always done the right thing," challenged the ironmaster. "No such man ever existed."

"But you think Cannon always does what he believes is right at the time?"

"I do, certainly, and as for bribing him—why—why you couldn't any more do it than—than anything. I know it. I am sure of it."

MINE STRIKE.

(Continued From First Page.)

volved. In Central Pennsylvania a majority of the miners are not organized and as the non-union mines have posted notices of an increase in wages, it is said no effort will be made by the union to have them shut down.

In addition to the trouble over explosives, Francis Feehan, head of the miners of the Pittsburgh district, is a bitter opponent of President T. L. Lewis of the United Mine Workers and, it is said, is not particularly anxious to make an early settlement, because Lewis is strongly advocating peace.

Ohio is the home of President Lewis and he is anxious to get a settlement there but William Green, the leader of the Ohio miners, also is a pronounced enemy of President Lewis and is not likely to do much to help the chief out of the difficulty.

There is said to be an understanding among the district leaders, not only in Ohio, but in nearly all the other States, to do all in their power to embarrass the leader and get the membership against him. Operators who are in close touch with the internal affairs of the minery, say that there are many circumstances pointing to a protracted suspension, in spite of the optimistic reports issued by President Lewis.

A complication in the Indiana fields may prevent an early settlement. Many of the Illinois operators own mines in Indiana and they are not going to settle with their miners until the situation clears in Illinois. To do so, they believe, would show weakness and they will keep their Indiana mines closed down as long as the mines in Illinois are closed.

LEWIS SAYS THREE HUNDRED THOUSAND OUT.

[ASSOCIATED PRESS NIGHT REPORT.]

INDIANAPOLIS, March 31.—Three hundred thousand organized miners of the bituminous coal fields of Pennsylvania, Ohio Indiana, Illinois, Iowa, Missouri, Kansas, Oklahoma and Arkansas quit work at midnight tonight pending settlement of a new wage scale.

President Thomas L. Lewis of the miners' union, declared a total of 300,000 men had quit work.

Officers of the United Mine Workers of America declared the walkout was not a strike, but merely a suspension of work because no wage scale had been made to replace the old scale, which expired with March.

The miners demand an increase of pay, in some instances of 5 cents a ton, and in other instances more, with certain changes in working conditions.

Confidence was expressed by the operators that there would be no long suspension, or famine of coal, as large supplies have been stored in anticipation of the walkout.

While the miners predict the suspension will be cut short by a prompt signing of wage scales, some of the operators maintain the mines may be kept closed for a month, or longer.

ONE SETTLEMENT REPORTED.

The first settlement came in an announcement from Brazil, Ind., the center of the Indiana block field, where the demand for a 5-cent increase was granted. The conditions in the various States, reported to the national union headquarters, follow:

Illinois: 600 mines closed, 75,000 miners out; joint conference on wages called for Monday, in Chicago. Operators say men demand increase of 10 cents a ton; possibility of a four-months shut down; two months' supply of coal on hand; no immediate coal famine in Chicago.

Indiana: 18,000 miners out; conference arranged for Wednesday at Terre Haute.

Pennsylvania: 40,000 men ordered out; temporary scale expected by Saturday; settlement of the powder question to be held in abeyance.

Iowa: Every mine in Iowa closed pending settlement of the wage scale.

Missouri, Kansas, Oklahoma and Arkansas: Comprising the southwestern inter-State field, 31,000 miners out; early settlement expected; miners assert they have $400,000 to carry out fight.

Ohio: Miners ordered to quit; State leader declares it is a brief suspension; at Lorin steel plant shut down and threw out 4000 men because of coal shortage.

LEWIS GIVES FIGURES.

President Lewis, before leaving to visit the centers of the different fields, made the following estimate of the number of miners affected by the suspension of work:

Western Pennsylvania, 100,000; Ohio, 47,000; Indiana, 18,000; West Virginia, 10,000; Illinois, 72,000; Iowa, 15,000; Michigan, 2000; Kansas, Arkansas, Texas, Oklahoma, 25,000; Colorado, 5000; Western Kentucky, 5000; total, 300,000.

Reviewing the situation, President Lewis said: "When the national executive board adjourned tonight we all felt the prospect was very satisfactory for the miners. In many districts it is now only a question of the miners and operators sitting down together and talking over business.

"In Eastern Ohio, where we expected strong opposition, it is reported three of the largest companies are ready to sign the contracts we formulated at our recent meeting in Cincinnati.

"In Indiana and the Hocking district in Ohio we will reach a settlement next week. There probably will be more difficulty in Western Pennsylvania and in Illinois, where the powder and shot firers' wage questions are involved."

THIRTY-FIVE THOUSAND OUT IN SOUTHWEST.

[ASSOCIATED PRESS NIGHT REPORT.]

KANSAS CITY, March 31.—Approximately 35,000 union coal miners quit work in the Southwestern field, composed of the States of Missouri, Kansas, Oklahoma, and Arkansas, today.

The men went out quietly. They were ordered out from the miners' headquarters at Pittsburg, Kas.

When the operators learned of this move last night, they requested the men to remove their tools upon leaving the shafts today. This was done.

Engineers, firemen and pumpmen alone remained at work. It is said an effort is being made by miners to induce these workers to quit. The operators, however, profess no fear on this score.

Both miners and operators predict a long, determined fight in this field. Last month an effort was made in a joint convention to reach an agreement. It was a stormy meeting, and at no time were they near a settlement.

The operators claim they cannot grant the increased wages demanded by the men because the competition from non-union mines and dealers in fuel oil and gas is too keen.

For thirty days railroads and other large consumers of coal have been storing fuel and no immediate famine is feared.

CONFERENCE SET FOR TODAY IN KENTUCKY.

[ASSOCIATED PRESS NIGHT REPORT.]

LOUISVILLE (Ky) March 30.—The union coal miners of Western Kentucky quit work tonight, pending an effort of their representatives and mine owners to reach a wage agreement for the next two years. Both miners and operators have appointed wage committees to confer tomorrow. Miners ask a 6-cent increase per ton.

THREE THOUSAND WILL QUIT IN COLORADO.

[ASSOCIATED PRESS NIGHT REPORT.]

DENVER (Colo.) March 31.—It is considered certain that the 3000 miners of the Northern Colorado coal fields will go on strike tomorrow, joining their brethren in collieries in various parts of the United States. It is expected that the call will be issued tomorrow morning.

NINE HUNDRED MINES CLOSED IN ILLINOIS.

[ASSOCIATED PRESS NIGHT REPORT.]

ST. LOUIS, March 31.—Nine hundred coal mines in Illinois closed down this afternoon and tonight and 75,000 miners stopped work. The mines will be closed until a new wage scale is signed, the old agreement expiring at 5 o'clock today.

When the whistles blew at the end of the day shift, the miners walked out with their implements and the workings were turned over to the pumpmen and engineers who will be the only men at work tomorrow morning. The mines will be closed for probably sixty days and possibly for four months, according to statements by members of the operators' Executive Committee.

O. L. Garrison, president of the Big Muddy Coal and Iron Company, and a member of the committee, says the operators are willing to grant an increase in wages, but will not pay the shot firers, and it is upon this latter point negotiations may fail. The miners under the contract which expired tonight earned $2.50 to $4 in a day of eight hours. They demand an increase of 10 cents a ton. They also ask the operators to pay the expense of the shot firing.

The operators say if they grant the demands it will mean an increase in expenses of $14,000,000 annually, which the public eventually must pay.

No immediate famine in coal is expected. The railroads and big users of coal in this section have supplies for two months.

Adolph F. Germer, secretary and treasurer of the Miners' Sixth Subdistrict of Illinois, this afternoon said several operators have signified their willingness to grant the union demands.

The Illinois miners have a fund on hand of $718,000, according to Germer.

The policy of the miners will be determined at a meeting at Springfield, he says, and it then will be decided whether the miners will treat with individual operators, or the entire State handled through the General Executive Committees.

TONOPAHNS TO STRIKE.

OBJECT TO LONGER HOURS.

[ASSOCIATED PRESS NIGHT REPORT.]

TONOPAH (Nev.) March 31.—The conferences between the officials of the Tonopah and Goldfield Railroad and a committee of trainmen employed on the lines having failed of peaceful results, a strike of conductors, brakemen, engineers and firemen over the entire system probably will occur before the end of the week. The company has announced its intention of increasing the hours of the working day from eight to ten without change in the wage scale, and it is this notification that has caused the breach. The railroad officials refuse to arbitrate. The new schedule goes into effect tomorrow, and already a number of strike-breakers from San Francisco have arrived.

DEVLIN MAY WIN OUT.

California District Attorney Claims He Never Had Any Instructions as to Perrin Case.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, March 31.—Reports today from the executive sessions of the Senate Committee on Judiciary, which is hearing the protests against Robert T. Devlin, United States Attorney for the Northern District of California, indicated that the committee might reverse its former action and recommend that Devlin be confirmed.

It appeared from testimony given by Devlin that he had never seen the report of William R. Harr of the Department of Justice, recommending that the indictments against Perrin be dismissed. This report was found among papers which had been sealed by Atty.-Gen. Bonaparte before he retired from office. They were found by Atty.-Gen. Wickersham, marked "confidential; not to be opened."

The committee today appeared to take the view that Devlin should not be criticised for his failure to follow a suggestion which presumably had never been given to him by his superior officers in the Department of Justice. The indications are that the sub-committee which has been taking testimony since the action of the full committee in voting to reject the nomination of Devlin, may again refer the case to the full committee.

Pacific Absorbs the Globe Express Company.

Completes New Transcontinental Line.

Will Operate Into Denver from Pueblo.

[ASSOCIATED PRESS NIGHT REPORT.]

DENVER, March 31.—The Times today says: The Denver & Rio Grande Railroad is negotiating a deal whereby the Globe Express Company will be absorbed by the Pacific Express Company. Basis for this belief is found in an Associated Press dispatch from New York stating the Goulds have purchased $2,400,000 stock in the Pacific Express Company, which carried with it control, as all stock now included in this deal is owned by the Wabash and Missouri Pacific Railroad.

At present the Pacific Express Company operates into Pueblo from the East over the Missouri Pacific. With a franchise over the Western Pacific, the consummation of the proposed deal will give the Goulds a transcontinental company. Tomorrow the Pacific Express will cease to operate into Denver over the Union Pacific. It is expected it will shift its offices to the Globe, and arrangements will be made to operate into Denver from Pueblo over the Denver & Rio Grande.

FORESEES WAR.

(Continued From First Page.)

a riddle for the future. If it develops, such a war might involve the whole world, including Great Britain and France.

"The hypothesis of a war between France and the American republic, our sister, born under our protection in glorious struggles in which two allies mingled their blood," says the admiral, "would be in our eyes a sacrilege. We hope never to be forced to sacrifice our traditional friendship with the United States to fidelity to our engagements with England."

Admiral Fournier believes while the maintenance of equilibrium between the rival nations in the Pacific should dominate Britain and French diplomacy, strong fleets would be the greatest preventive of trouble between Japan and the United States, involving a rupture between the United States and Great Britain.

Continuing his examination of international politics, Admiral Fournier says it is useless to deny there is a possibility of war between the United States and Japan as a result of popular irritation in America should Japan's demands, or Japan's policies of absorption prove intolerable to the American's excessive self-esteem or interests in the Far East. These interests, the admiral adds, are antagonistic to those of Japan which, pushed on by fate to expand in the Asiatic continent by conquest or by diplomatic victory, seeks to become predominant in the very regions where the United States is supporting the integrity of China and the policy of the open door.

[ASSOCIATED PRESS NIGHT REPORT.]

SANTA CRUZ, March 31.—Two hun...red of the delegates to the Capitola ...nference of the State Y.W.C.A. spent ...e day on an excursion to the big ...ees grove, only a few of those in at...ndance remaining at the hotel to give ...eir attention to conference work.

One of the most important meetings ... the day was conducted by Miss ...mma May, national secretary of the ...y work, who spoke upon the prog...ss of the association in its labors ...mong the factories where girls are ...mployed and who gave instructions ...oncerning the preparation necessary ...r those intending to take up the work ... a profession after graduation from ...ollege.

Miss Ruth Paxson, national secre...ary, in charge of the students' vo...nteer work, addressed one of the ...asses, and declared that many young ...omen now in college are directing ...heir studies along lines that will en...le them to engage in the association ...ndeavors.

Rev. W. R. Boyle of Lake Forest, ...ll., addressed the delegates tonight on ..."The Inspired Master."

Instead of the usual banquet on the ...ast session night, a picnic will be held ...n the beach next Saturday evening.

The attendance of delegates was ...largely augmented today by the ar...rival of the delegation from the Univer...sity of California.

The morning sessions were entirely ...given over to business to give the ...delegates a chance to visit the big ...trees in the afternoon. A squad of ...twenty delegates has been organized ...with the sole duty of providing out-of-...doors recreation for the conference ...members while they are not attending ...classes. This squad under the lead of ...Miss Ella Stevens of Los Angeles, took ...charge of the trip to the redwoods.

CUPID FREES CAPTIVE FISH.

Giant Sturgeon, Prisoner Thirty Years, Gains Liberty When Mistress Weds.

[BY DIRECT WIRE TO THE TIMES.]

HOOD RIVER (Or.) March 31.—[Exclusive Dispatch.] A giant sturgeon which for many years has been one of the curiosities of the Hood River, swimming in the fountain on Paradise Farm, has been released and placed back in the Columbia River, whence it was taken just thirty years ago this spring. The owner of the big pet fish was Mrs. Sue M. Adams Armstrong, and the freeing of the sturgeon was ordered when she returned from Portland after having married Leroy Armstrong of the Salt Lake Herald-Republican. The sturgeon was caught in a fish wheel near Cascade locks in the spring of 1880, and had lived in the Paradise Farm fountain ever since. Mrs. Armstrong had tended the fish herself for years past.

RAISES FRUIT ON ROSEBUSH.

Horticulturist Announces Grafting Success—Tastes Like Pineapples, Looks Like Loganberry.

[ASSOCIATED PRESS DAY REPORT.]

BERKELEY, March 31.—Hugo Lilienthal, a horticulturist of this city, announces the discovery of an edible fruit from the climbing rose. He says the fruit will, in the course of time, replace the loganberry, to which it is similar.

The horticulturist has been experimenting with the plant for several months, and by grafting succeeded in obtaining from it a delicious fruit. He says the fruit ripens after the flower withers away, similar to the ordinary fruit blossom, and that the rose fruit, colored like the plum, was of economic value.

The fruit, he says, was best adapted for desert, as it has fine flavor like the pineapple, but may be used to sustain life when cooked like a vegetable.

PUNISHES BOY RUNAWAY.

BREAD AND WATER DIET.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, March 31.—Under close guard and restricted to a diet of bread and water, Theodore Klausnar, a youthful alleged forger, under sentence of deportation to Germany, is being punished for a desperate attempt to escape from Angel Island immigration station. Accompanied by a young Mexican stowaway from Mazatlan, who is also awaiting deportation, Klausnar escaped from the station early last Friday morning. The pair rushed down to the beach where a small gasoline launch lay with a disabled engine. Both were in the boat vainly striving to start the engine when pursuing officers arrived. Two shots were fired before the fugitives were induced to surrender.

BIG POST-LENTEN WEDDING.

ENGLISHMAN IS BRIDEGROOM.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, March 31.—An important post-Lenten wedding was solemnized in St. Matthew's Episcopal Church in San Mateo yesterday, when Arthur Rose Vincent, of Somerville House, Ireland, son of Col. Arthur Vincent, of the English army, led to the altar Miss Maud Bourn, daughter of Mr. and Mrs. William B. Bourn, of this city, an heiress to a large California estate. A large crowd comprising many prominent representatives of San Francisco society, witnessed the ceremony. The Rev. N. B. W. Galley, officiated.

FOR RUSSIAN POOR.

BEQUEST SENT ABROAD.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, March 31.—On order of Probate Judge Coffey, the $50,000 estate of Joseph Friedman was today transmitted to St. Petersburg, to be distributed among the poor of Litau, Russia. Friedman, who was a wealthy merchant of this city, made the bequest to the poor of his native town.

SLOPE BRIEFS.

Governor Pardons Two.

SACRAMENTO, March 31.—Gov. Gillett today pardoned two men confined in the Oakland City Jail. William Nash, serving a six months' sentence for vagrancy, was freed because he is paralyzed. Earnest Cicero, aged 19, and serving a twenty-day sentence for battery, was pardoned because his mother and sister are dependent upon him for support.

Fever Quarantine Declared.

SACRAMENTO, March 31.—Because of a proclamation issued from Gov. Gillett, through State Veterinarian Keane, several counties in Southern California and the San Joaquin Valley have been quarantined to prevent the spread of Texas fever among cattle. The following counties are affected by the quarantine: San Diego, Orange, Santa Barbara, and portions of San Luis Obispo, Fresno, Kings, Tulare and San Bernardino.

Helped Capture Jeff Davis.

SEATTLE, March 31.—Because his discharge from the army shows that he was one of the two men who captured Jefferson Davis, near Savannah, Ga., forty-five years ago, John Wolf, aged 70 years, was released from the City Jail last night on suspended sentence. Wolf was convicted of "bo...

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, March 31.—[Exclusive Dispatch.] California will profit because of the tariff agreement between Canada and the United States. The raisin growers will probably be gainers to a material extent. The rate on raisins charged by Canada on American imports has been 1 cent per pound, while France had a rate of two-thirds of a cent per pound. The difference will be sufficient to stimulate business.

For the year ending March 31, 1909, Spain exported to Canada raisins to the amount of $832,314, and the United States sent to Canada raisins worth $377,385.

Rates on dates and figs are also reduced, as well as the tariff on prunes and plums. This country has held the Canadain market on prunes, sending to that country last year $300,000 worth.

We sold figs worth $31,000 to Canada last year, the duty on them being 6½ cents per 100 pounds. Under the new agreement the duty will be 55 cents.

The duty on shelled almonds is cut 1 cent. It has been 3 cents, but the new rate is 2 cents. This country sent to Canada last year shelled almonds valued at $3366. France sold Canada almonds worth $15,440, and from Spain our northern neighbor imported shelled almonds worth $131,230. The advantage of 1 cent per pound will doubtless result advantageously to the United States.

California will benefit by reason of reductions on some other articles, but these are the most important ones, according to the present understanding of the tariff board.

HOBSON ROARS AT MANN.

THEN ACCEPTS HIS APOLOGY.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, March 31.—"The gentleman is very free with his tongue, but there is a dead line," shouted Representative Hobson of Alabama, gesticulating toward Representative Mann of Illinois, on the floor of the House yesterday.

This challenge, hurled by the hero of the Merrimac, was called forth by Mr. Mann's statement that the proposition in Mr. Hobson's bill to appropriate for the purposes of peace, one-twentieth of 1 per cent. of the appropriations for armament, was "to tempt members in this House who wished to send members abroad for the Inter-parliamentary Union."

These words by the Illinois member were interpreted by the Alabaman as meaning that his bill offered a bribe to members.

"I discussed the result of the bill and did not impugn the motives of the gentleman from Alabama," asserted Mr. Mann.

"I accept his apology," interposed Mr. Hobson, amid laughter.

The House by a decisive vote, defeated the measure.

SIMPLE SERVICE FOR BREWER.

Dead Supreme Court Justice's Funeral Attended by President—To Be Buried in Kansas.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, March 31.—Simple funeral services were held today for Justice David J. Brewer of the Supreme Court of the United States and an hour later the body was on its way for burial at Leavenworth, Kan.

The President, the members of the Supreme Court, with the exception of Justice Moody, who is ill, and Representatives from the House and the Senate, attended the short services and acted as honorary pallbearers. Otherwise only members of the family and a few intimate friends were present.

All, with the exception of President Taft, went with the body to the special car at the station.

The train will arrive in Leavenworth on Saturday morning.

COURT COINCIDENCE.

HERTZ CASE UP MONDAY.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, March 31.—Oddly enough, the first case the seven justices left at active work in the Supreme Court of the United States will take up after Easter will be one resulting from a vacancy on the bench when the court rendered a decision in a similar case about four years ago. This was when Justice Henry B. Brown resigned and Justice Moody was appointed. The case is that of Collector of Internal Revenue Hertz of Chicago against the executors of the estate of David C. Woodman, of the same city, and involved the interpretation of the Spanish War State legislation. The outcome of the case affects the payment of more than $2,000,000 of taxes to the government. The case will be argued on Monday.

RECEIVER REPORT GOOD ONE.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, March 31.—Today the agents of the Insular Bureau completed five years of their stewardship of the finances of Santo Domingo. In that time nearly $7,000,000 was segregated from the customs receipts of the republic in settlement of its debts, and this was less than half of the total customs collections.

PITH OF THE DAY'S NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, March 31.—[Exclusive Dispatch.] The blizzard in Kansas and the West, scheduled for Chicago today by weather prophets, failed to materialize. The west winds have brought along the expected drop in temperature. It is only temporary, the local forecaster declares, and by tomorrow night the thermometer will have resumed its upward climb. Today's maximum temperature was 58 and the minimum 45 deg. Middle West temperatures:

AFTER WOMAN BABY SELLER.

[BY DIRECT WIRE TO THE TIMES.]

DES MOINES (Iowa) March 31.—[Exclusive Dispatch.] Numerous babies found alive in suit cases on doorsteps in many parts of Iowa has led to an investigation by the Iowa Humane Society, with the result that local police are hot on the trail of a woman who is believed to be the head of an organization trafficking in children. Although the authorities have long suspected such an organization, the first direct information came this morning when a Des Moines man with a national reputation as an artist, informed the police that he had met a woman on a Chicago train, who admitted that she received from $25 to $50 for every motherless baby she delivered out of various counties in Iowa. She was well dressed and unusually intelligent.

ADMITS HE SOLD WIFE.

[BY DIRECT WIRE TO THE TIMES.]

DULUTH (Minn.) March 31.—[Exclusive Dispatch.] John Underwood, prosecuting witness in a criminal suit against his alleged wife and her husband, freely admitted on cross-examination in court today that he had negotiated the sale of his wife to James Stanley, "just for a ticket back to old Chicago." "Gimme money to go down to dear old Chicago and I'll go way and never, never bother you again. You can have her if you will only gimme the fare down to Chi," he swore he told Stanley. The sale was completed, but when Underwood came back to Stanley and wanted the money instead of the ticket and a little for expenses, besides, then Stanley stood pat and the suit resulted.

WILL VISIT HER EX-ENEMY.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, March 31.—[Exclusive Dispatch.] Miss Olga Menn, whose engagement to Baron Oskar Rothschild and his subsequent suicide following the reported refusal of his father to sanction the betrothal caused much comment last year, is now on the Atlantic with her mother, Mrs. Rudolph Menn, on her way to Naples. It is also her intention to pass some time in Vienna, where, it is said, she will be the guest of Baron Rothschild, father of Baron Oskar, who is said to have become much attached to her after his son's death. His aversion to the betrothal was founded on the misapprehension that the young woman was an actress. Miss Menn and her mother slipped quietly away from their home at 1832 Lincoln avenue a week ago today and sailed from New York last Saturday. It is their intention to remain abroad all summer.

FOUND DYING ON DOORSTEP.

[ASSOCIATED PRESS DAY REPORT.]

MANSFIELD (O.) March 31.—Clad only in his night shirt, and with a deep gash in the side of his head, Hugh McFall, a wealthy business man of this city, was found today dying on his doorstep. He died without regaining consciousness. McFall lived alone, and had no near relatives. It was impossible to ascertain whether robbery had been committed.

[ASSOCIATED PRESS DAY REPORT.]

ROSWELL (N. M.) March 31.—Sylvanus Johnson, a wealthy and prominent citizen of Roswell, is dead from the effects of a blow on the head from a monkey wrench hurled at his chauffeur a week ago by an infuriated farmer. While speeding near Roswell, Johnson's automobile frightened a team of mules being driven by a young farmer, and the latter threw his wrench at the chauffeur. His aim was bad, and Johnson sank back in his seat unconscious, with a crushed skull. The identity of the farmer has not been learned.

THE ALBANY INDUSTRY.

TEN THOUSAND CHARGED FOR PUTTING ONE BILL THROUGH.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, March 31.—How William H. Buckley, accelerator of insurance legislation, and the late "Andy" Hamilton, keeper of the life insurance "yellow dog" fund of former years, worked shoulder to shoulder, oiling legislative wheels at Albany, was brought out today at the fire insurance inquiry conducted by William H. Hotchkiss, State Superintendent of Insurance.

Hamilton, the evidence showed, received no less than $8999 from certain companies in 1901. Hamilton's name was put on the record through the testimony of Henry C. Wilcox, vice-president of the American Surety Company. In 1901, Wilcox testified, the fire insurance companies caused to be introduced in the Legislature a bill to exempt unearned premium reserves from taxation.

Mr. Wilcox wanted to have the casualty and surety companies included in the exemption, and accordingly went to Albany. He tried to get Senator Raines and Assemblyman Lewis interested, but failed. Then he hunted up Buckley and told him his troubles. Buckley, he said, told him that Hamilton was the one to help him. Buckley telephoned to Hamilton and said Hamilton agreed to take it up.

Wilcox left Albany and the amendment went through as desired. When it was all over, Hamilton sent a bill for $10,000 to the American Surety Company.

"Did he tell you he had to pay out any of the money?" the witness was asked.

"He conveyed to me the suggestion that he had assumed obligations which he could not meet unless the full amount were paid."

This was as strong as Wilcox would put it. He thought the bill too large, but as a compromise, he said, he sent three checks to Hamilton, aggregating $5469. Later, the National Surety Company paid $2530 to Hamilton.

BOSS BUSTER, SAYS STUBBS.

Kansas Governor Waxes Enthusiastic Over Miss Anne Morgan—Doesn't Want Titled "Critter."

[BY DIRECT WIRE TO THE TIMES.]

TOPEKA (Kan.) March 31.—[Exclusive Dispatch.] "She is a boss buster, square dealer and insurgent, all three combined. She is pretty, attractive, and very sensible."

This is the way Gov. Stubbs sized up Miss Anne Morgan, daughter of J. Pierpont Morgan, the colossus of Wall street, upon his return today from Emporia, where he met her at Will White's dinner last night.

"That girl is sure to do a power of good in this world," the Governor said. "She surprised me at her line of thought. She is big enough to look clear over her father's pile of gold and silver and see the common people. She wants to do good for the people, and while she did not outline her plan of work to me, I am sure she will do something that will make every American swell with pride. She is not looking for one of those foreign 'critters,' with a title. She wants to do something worth while for humanity, and she will do it because of the spirit that is in her."

MARINE WORKERS "RESIGN."

Debarred from Striking, Seamen Unionists Just Quit—Want Less Work and More Pay.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, March 31.—The American Association of Masters, Mates and Pilots sent in the resignations of its members today from the marine service of four of the trunk lines serving New York City.

Under the provisions of the admiralty law, officers holding Federal licenses are forbidden to go on a strike on penalty of losing their licenses, without which they cannot obtain employment.

Therefore, the men chose to resign; but it is understood their action follows a refusal of the four roads to grant their demands for less work and more pay.

Three roads agreed on a settlement during the day and averted trouble. The other roads have appealed to the Department of Commerce and Labor.

The four railroads affected are the Delaware, Lackawanna and Western, the Central New Jersey, the Baltimore and Ohio, and the Lehigh Valley.

The New York Central, the New York, New Haven and Hartford and the Erie reached understandings, the terms of which are not given out.

The Pennsylvania recently offered its men a 6 per cent. advance in pay, continuing the vacation of one week with pay which they now enjoy, and giving them every other Sunday off. The offer was voluntary and the men accepted it.

From the other roads, however, they demanded $5 a month advance in wages, one week's vacation and every Sunday off, and have declined a compromise identical with the Pennsylvania settlement.

SIXTY-FIRST CONGRESS.

ROOT DEFENDS MERGER PLAN.

Says Administration Measure Is a Great Advance.

Supports Traffic Agreement Section of Railroad Bill.

Present Prohibitive Act Provokes Own Violation.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, March 31.—Commanding the careful attention of a majority of his colleagues, Senator Root today consumed three hours in continuing his speech in defense of the administration railroad bill before the Senate. He again failed to conclude his remarks.

He defended the merger provision of the bill as a great advance over existing law, as it made the purchase of one company's stock by another an offense, while, he argued, such acquisition was not now illegal except as part of a conspiracy.

He also supported the traffic agreement section, but expressed a willingness to require such agreements to be dependent on the approval of the Interstate Commerce Commission.

Mr. Root emphasized the provision permitting traffic agreements as of special importance. He declared the present prohibitive act provoked its own violation. This course was most demoralizing and should not be encouraged by failing to put it in the power of the railroads to observe the law and still make their agreements.

NEED OF COMBINATIONS.

It was better to have the railroads voluntarily conform to the law than to have them forced to do so, he said.

"We insist upon competition," he continued, "but we prohibit such competition as we think injurious, and we forget the railroads themselves may be better able to enforce the law than any officer in Washington."

He argued in many matters the railroads were practically required to enter into agreements; and so long as this was true, he said, it was absolutely necessary the roads be authorized to come together. To do this would be to wipe out an anomaly and abuse.

In reply to an inquiry from Mr. Rayner, Mr. Root said he would favor an amendment requiring that agreements among railroads should have the approval of the Interstate Commerce Commission before going into effect. He did not, however, regard the adultion as of particular importance. The only reason for its insertion would be to avoid misunderstanding. The concession, however, was considered by the opponents of the bill as very important.

APPROVES REGULATION.

Mr. Depew advocated amending the bill to require governmental approval. He said he had held to that position for many years before he entered the Senate.

"And I believe that is the attitude of every railroad man in the country," he added.

Senator Clapp said he would insist the bill be so worded as to make agreements unlawful unless approved by the commission.

Mr. Root said he never would consent to give to the commission the right to suspend a rate fixed by a railroad without investigation. He would not consent that any official should fix the railroad rates, but was willing the government should supervise rates. To do more would be to change from the American to the European system, he said, with government ownership inevitably following.

"We all desire the extension of our system, but we will never say to the capital of the country we encourage its investment only to concentrate its control in Washington," said Mr. Root.

Mr. Cummins asked whether there was any difference in principle in giving the commission the power to suspend rates for sixty days for investigation, and giving it power to make an indefinite suspension.

"The power to render indefinite suspensions is the power to render final judgment," responded Mr. Root, "whereas the power of temporary suspension is like the granting of a temporary injunction. The power to suspend indefinitely involves the right to suspend without any investigation."

CITES GEORGIA CASE.

Mr. Bacon took issue with Mr. Root's assertion, that fixing of rates by the government would lead to government ownership. He said for thirty years the Railroad Commission of Georgia had had such power.

Mr. Root replied there would be found a vast difference between State and government control. The chief function of ownership was the fixing of rates, he said, and he argued if the State could fix rates it could reduce them to a point where it might be necessary to take absolute control.

Mr. Aldrich asked Mr. Root whether he was in favor of giving the Interstate Commerce Commission power to fix rates on all railroads of Georgia. Mr. Root said he would not favor the turning over of all roads to the commission.

Mr. Root contended the merger section of the bill did not interfere with the operation of the anti-trust act. He declared the Supreme Court decision in the Northern Securities case had not held the purchase of stock to be contrary to the anti-trust law.

On the contrary, it had explicitly held that Congress could not control the mere acquisition of stock of a railroad. The offense was in the conspiracy, and it might not always be that the purchase of stock was in pursuance of a conspiracy, or, if so, it was not always easy to prove the facts. He said this bill would relieve the government of the necessity of finding a conspiracy.

FROM THEORY TO PRACTICE.

"This," he exclaimed, "is merely an advance from the theory to practice; it is an advance from newspaper dissertations to definite legislation. The serious question is whether, under our Constitution, we can say the railroads of any State shall not purchase the stock of a corporation of another State.

"The question is whether it is not an infringement of the right of the States over their own creations."

He was inclined, however, to believe the courts would not sustain an acquisition of stock because it bears so close a relation to the restraint of trade.

Nevertheless, he regarded it as "the greatest, the boldest and most radical step yet taken by Congress in the regulation of commerce."

Mr. Bailey failed to agree entirely with Mr. Root as to the tenor of the decision in the Northern Securities case. What he wanted, he said, was a [illegible] exhibits the purchase of less than 50 per cent. of the stock of one company by another, but he found inconsistency in the fact it authorized the purchase of more stock when 50 per cent. of it has been acquired.

Mr. Root had not concluded when the Senate adjourned.

POULSEN PLANT FOR COAST.

San Francisco Wireless Station to Cover Entire Pacific Ocean—Is Danish Invention.

[BY DIRECT WIRE TO THE TIMES.]

COPENHAGEN, March 31.—[Exclusive Dispatch.] A private dispatch received here from the Danish inventor of wireless telegraphy, Valdemar Poulsen, says that a large wireless station equipped with his system is to be installed in the Telegraph and Telephone building at San Francisco.

The plan is to cover from this point the whole of the Pacific Ocean to China, Japan and the Philippines. When the station is completed it will be by far the most extensive in the world.

Mr. Poulsen says the American experts are sure it will be a success, as his system is the most ingenious of all.

Appendicitis

How to Avoid It and Escape a Surgical Operation, Told By One Who Knows.

A Simple Method That Is Always Efficacious. Trial Package Free.

It has only been a few years since it was discovered that a surgical operation would cure appendicitis; in fact, it has been but a short time since the disease was discovered and named.

Whenever there is an inflamed condition of the appendix, caused by impacted faeces in the small cavity opening into the intestine, you then have appendicitis.

The older doctors used to call this inflammation of the bowels, and were puzzled to know the cause.

Even now, with all the knowledge we have of the disease, no medical man can tell you why we should have an appendix, why we find it where it is, or what are its functions, if it has any.

The disease for which the operation is a cure is usually caused by indigestion, and in many cases follows a large and indigestible meal.

Physicians have until recently recommended an operation, but now, as it is known that it is caused by indigestion, or dyspesia, a cure without an operation is assured.

Where the patient is treated with Stuart's Dyspepsia Tablets, the unhealthy conditions prevailing rapidly disappear, the stomach and intestines are placed back in their normal condition, every organ of the body operates as it should, and the inflammation is reduced and the operation is avoided.

Conscientious physicians, who are looking after the best interests of their patients, will always keep a supply of Stuart's Dyspepsia Tablets handy in their office, where in cases of sudden attacks of indigestion they can relieve the patient at once.

There is no record of a case of appendicitis where the stomach and bowels were in a healthy condition and properly digested the food from meal to meal.

No better advice can be given to any one who has attacks of indigestion, or who has been threatened with appendicitis, than to tell him to go to the drug store, pay 50 cents, and take home a package of Stuart's Dyspepsia Tablets.

Whenever heartburn, gas in stomach or bowels, heart disease or stomach troubles, sour eructations, acidity or fermentation are present, act at once. Take a dose of the tablets and get relief as soon as possible.

At all druggists—50 cents.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

INDIANAPOLIS, March 31.—[Exclusive Dispatch.] Manufacturers of this and other cities are preparing to counteract the lachrymose statements made before the Governor yesterday by Sam Gompers, who was much agitated by "peonage" conditions at Gary and other industrial centers.

The manufacturers say they will be able to demonstrate that the whole thing is concocted to break down the open shop policy of the United States Steel Corporation.

Manufacturers said today that the American Federation of Labor recently declared war on the steel corporations because it refuses to employ none but non-union men and the fight against alleged peonage at Gary and other stories about the abuses to which employes of the steel mills are subjected are a part of the plan to force the steel corporation to employ union men.

Manager Allen, of the Manufacturers' Employment Bureau in this city, says that there is no doubt that Gompers is aiming a blow at the open shop policy of all manufacturers and that what would be taken by the latter to be the Governor the real animus of Gompers's attack.

Mr. Allen said it was not true that women were assaulted by strike-breakers in the tin plate mill at Elwood, but on the other hand, women headed the line of strikers that insulted and attacked the workmen, and two of these women were arrested and fined in a police court.

Manager Allen also said that no cause of complaint had ever come from employes at Gary and he is satisfied that there is no just reason for investigation on the part of the Governor, though the steel corporation will no doubt welcome it.

BRAIN (O.) March 31.—Through the closing down of a large part of the works of the National Tube Company, one of the United States Steel corporation plants, about 4000 men were thrown out of work. A shortage in coal is given as the reason for the enforced idleness.

Manley Marital Court Contest Has Startling Aftermath—Evidence at Divorce Trial Gave Husband Clew. Defendant Was Ten Years on Missouri Supreme Bench.

[BY DIRECT WIRE TO THE TIMES.]

JOPLIN (Mo.) March 31.—[Exclusive Dispatch.] I. E. Manley of Webb City, a prominent mine operator, today filed suit in the Jasper County Circuit Court here for $40,000 damages from Judge W. M. Robinson, for ten years a member of the Supreme Court of Missouri, and now a resident of the State capital, alleging that Robinson alienated the affections of Mrs. Laura E. Manley, who recently obtained a divorce and $3500 alimony.

The Manley divorce case has become a cause celebre in Jasper county during the various litigation which preceded its final settlement in the Newton County Circuit Court last month, but this latest development far surpasses all others in the case, because of the prominence of the last person to be drawn into the case.

The domestic troubles of the Manleys first reached the courts about eighteen months ago, when Mrs. Manley brought suit for divorce. The case was several times continued, and was finally taken to the Circuit Court of Newton county on a change of venue, supposedly in an effort to avoid the publicity that would attach to the trial in Joplin.

In the course of the trial at Neosho it was brought out that Mrs. Manley received assistance, moral and financial, from some person. A decree of divorce and $3500 permanent alimony was granted Mrs. Manley by Judge J. J. Johnson, after a trial lasting eight days, and marked by the bitterest legal battle in the history of the Newton County Court.

Manley immediately appealed from Judge Johnson's decision, taking the case to the State Supreme Court, where it is now pending. In the meantime his attorneys followed up the information obtained in the trial and the suit against Judge Robinson today is the result.

Judge Robinson is 55 years old, wealthy, and has a wife and two grown children. He formerly lived in Webb City, and it was from there that, in 1887, he was elected to the Supreme Court.

INDIANAPOLIS, March 31.—[Exclusive Dispatch.] Manufacturers of this and other cities are preparing to counteract the lachrymose statements made before the Governor yesterday by Sam Gompers, who was much agitated by the "peonage" conditions at Gary and other industrial centers.

The manufacturerers say they will be able to demonstrate that the whole thing is concocted to break down the open shop policy of the United States Steel Corporation.

BOYS PERISH IN BLIZZARD.

Colorado Claim Holders Found Frozen to Death by Parents of One.

[BY DIRECT WIRE TO THE TIMES.]

LOVELAND (Colo.) March 31.—[Exclusive Dispatch.] William Hayworth, aged 12 years, and Kost Nasus, 13, were found today, frozen to death, on a homestead claim thirty miles northeast of Greeley. The bodies were found by the parents of the Hayworth boy.

Hayworth, his son, William, and young Nasus left Loveland a fortnight ago to build a claim shanty. The structure was nearly finished when Hayworth came to Loveland for his wife and their other children. Nasus and Hayworth were left to complete the shanty. The building was unable to withstand the blizzard of the past two days and was wrecked. The boys rolled themselves in blankets and perished.

LABORERS THREATEN TO SLICE UP FIREMAN.

Brooklyn Sugar Refinery Scene of Near-Murder, Which Is Prevented by Timely Arrival of Police—Wife of Intended Victim Gave Alarm. Arrests Expected.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 31.—[Exclusive Dispatch.] A dozen Poles, Slavs and other South European laborers employed at Havemeyer and Elder sugar refinery in Williamsburg, who have been on a strike for a few days, danced around the chief fireman of the plant, held a prisoner in their headquarters early today, and, brandishing knives, threatened to cut him to pieces unless he called a strike of the firemen.

The head fierman, John Zuttner, had just been kidnaped and carried by main force to the hall. He faced the knives, while 700 more angry laborers looked on and urged them to cut him up.

"I will not call a strike," was Zuttner's last defiance. Then they threw him in a corner to hold him prisoner while they debated his fate.

The police knew nothing of this strange situation until five hours later, when Mrs. Zuttner, to whom the story of the kidnaping had been carried, rushed into the Berford-avenue station crying bitterly:

"Save my husband," Mrs. Zuttner called to the lieutenant on the desk. In a few minutes Capt. Dooley calmed her so that she could tell that the man was a prisoner at Cecilia Hall, No. 101 Grand street. With several policemen he hurried to the place.

The strikers, realizing what was going on, fled through windows and doors. The police found Zuttner in the corner exhausted. He he was still game. He felt certain that he could identify some of his assailants and if they can be found they will be arrested and tried.

STILL HOPE TO MAKE BIDS.

Announcement That Turkey Bars the United States from Building Navy Said to Be Premature.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, March 31.—The published statement that the Turkish government had awarded to British firms contracts for constructing war vessels to cost approximately $25,000,000 is now said to have been premature.

A telegram received at the State Department today from Mr. James, Charge d'Affaires of the United States in Constantinople, says representatives of the Bethlehem Steel Company, the Cramps and the New York Ship Building Company, who had arrived there, expressed the hope that the United States would still be given the justice of an opportunity to compete for the construction of these warships.

MAKES MAYOR MAD.

Appointment of Ousted Bronx Politician Arouses Ire of New York City's Chief Executive.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, March 31.—The recent appointment by Supreme Court Justice Vernon M. Davis of Louis F. Haffen, the ousted president of the Bronx borough as a condemnation commissioner in connection with street opening proceedings, has aroused Mayor Gaynor's indignation. The Mayor today sent a letter to Corporation Counsel Watson regarding the matter, in which he said:

"To have such an appointment made after the effort which we have made to do away with the waste and abuses by having honest and fit men appointed is discouraging to the last degree and in addition is an affront to the Governor of the State, who recently removed him from office for official misconduct.

Pennsylvania Has So Many "Gentlemen" Convicts That Warden Takes Pity on Them.

[ASSOCIATED PRESS DAY REPORT.]

PITTSBURGH, March 31.—There are so many "gentleman" prisoners among the 700 convicts of the Western Penitentiary that Warden Kennedy announces the stripes are to be abandoned at that prison. Stripes make it harder to reform the convicts, asserts the warden. Neat suits of blue, with class letters on them, are to be substituted gradually for the stripes, and only the very worst-behaved men are to be punished by uniforms of the "zebra" type. At present, however, even a bank president and two former Councilmen at the prison are wearing the humiliating prison clothes.

Jury Turns Loose Slayer on "Unwritten Law."

Wife's Assault Story Said to Be "Faked."

Would Win Husband's Love Through Jealousy.

[BY DIRECT WIRE TO THE TIMES.]

LOUISVILLE (Ky.) March 31.—[Exclusive Dispatch.] A verdict was returned here today in a murder trial that gives the "unwritten law," in the opinion of an astonished community, an enlargement of license that heretofore its most ardent defenders have not demanded. It was the acquittal of R. E. Culley, a merchant, for killing W. E. Proctor, a prominent politician, last November.

Culley bought two new revolvers and waited for Proctor several hours, in the center of the city. When the unsuspecting man stepped off a street car, Culley, without a word, opened fire and followed his victim clear across the street and around a telegraph pole, shooting him till he fell dead.

Culley's defense was that Proctor had assaulted his wife. Proctor said before he died that he never even thought of such an offense.

Mrs. Culley was quoted as saying that she told her husband the story to try to make him jealous and win him back from a woman of the town, for whom all admitted, he had practically left his family. That was all that could ever be gotten from the wife. She was finally almost forced in sight of the jury by Culley's brother for just a minute yesterday, and then immediately disappeared.

There was no evidence of assault or other improper conduct against Proctor except what Culley swore his wife told him when he claimed that she voluntarily admitted her guilt and said that she invited the advance and was willing to give him the children and leave.

Mrs. Culley's silence, conduct, and all the circumstances convinced everybody except the jury that her first story about trying to make her husband jealous was the whole story.

Culley's lawyers, realizing the weakness of the legal evidence for their client, planted themselves squarely on the unwritten law, and stood pat.

WOMAN MAY RECOVER.

Victim of Desperate Suitor Has Chance for Life—Man Hints at Suicide Before Tragedy.

[ASSOCIATED PRESS DAY REPORT.]

STOCKTON, March 31.—Mrs. Dora O'Brien, whose throat was cut last night about midnight by Roy K. Edwards, a former policeman, following which he committed suicide by cutting his own throat, may recover, though her condition is serious.

Edwards, who was a carpenter, hinted to his employer yesterday that he intended to commit suicide.

The woman, who had been divorced from a blacksmith, had refused to marry Edwards, bringing on the tragedy in a rooming-house. The woman battled for life and hit Edwards with a chair before he overpowered and attempted to kill her. She has three small children, and Edwards leaves a mother and several sisters.

"Marrying Count" Von Muller Gets Severe Sentence—California Woman Among Wives.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, March 31.—Eight years in the New Jersey State prison was the sentence imposed by Judge Blair in Jersey City today upon Emil Karl von Muller, the "Marrying Count," who was convicted on Tuesday last of bigamy. Von Muller married various women, one of whom was Paula Wood Powers of Riverside, Cal.

ARRESTED FOR ARSON.
WORK WAS TOO CRUDE.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, March 31.—[Exclusive Dispatch.] Joseph Stevens, optician, was taken into custody today by the police following a mysterious attempt to rob and burn his place of business shortly before 6 o'clock this morning. The evidence in the hands of officers causes them to believe that Stevens set fire to the building to get the $2000 insurance. The flames were extinguished before much of a fire started. The officers found a rusty revolver fully loaded and a knife blade stuck under the safe door. William Hull, a safe expert, and members of the police department, declared the job was not done by a safe cracker. The acts were so crude that suspicions were soon directed to another source than an attempt to get into the safe with its $7000 worth of jewelry.

Jealousy Prompts Suicide.

OAKLAND, March 31.—Jealous of his former wife, Mrs. J. Piatz, and her evident happiness with her second husband, J. K. Granzer, a traveling salesman, committed suicide at the woman's home, No. 3249 Encinal avenue, yesterday afternoon, after inhaling gas. Granzer has been boarding at the Piatz home for several weeks in order to be near his son. His body was found by his former wife.

WOMEN WANT TO REGISTER.

Suffrage Club Overwhelms Clerk With Demand for Vote in State Elections.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, March 31.—Demanding the privilege of participating in the next State election and all others to follow, representatives of the Votes for Women Club of California made a formal request upon the local registrar of voters today that their names be enrolled upon the Great Register.

C. H. King, a clerk left in charge of the bureau, explained that under the law he could not qualify women as electors.

Mrs. Keith, honorary president of the Women's Club, called his attention to a sign outside the doors that bade all citizens enter and register. King acknowledged that the women are citizens, but passed the matter up to the Election Commission.

The women promised to appear be-

A GOOD TONIC

Sometimes Necessary to Restore Lost Strength and Health.

Dr. Williams' Pink Pills Are the Best and Safest Tonic as Is Shown by This California Woman's Experience.

Whenever the blood becomes thin and watery or impure the whole system suffers, energy is lacking, vitality is low and the victim falls an easy prey to any disease which happens to be prevalent, such as the grip or acute fevers.

To keep the system in normal condition, the appetite good, the step vigorous, the brain clear and the muscles strong, a tonic is sometimes necessary. With the body thus toned up and the organs active there is a greatly reduced danger from prevalent diseases since the germs are overcome and passed off as nature intended they should be.

The tonic used should be efficacious and at the same time safe and harmless for the weakest constitution. Such a remedy is Dr. Williams' Pink Pills.

The tonic effect of Dr. Williams' Pink Pills is well shown in the following statement of Mrs. Mary Wilder, of No. 1886 India street, San Diego, Cal.:

"I have found Dr. Williams' Pink Pills to be the best tonic I have ever tried. For several years I was always run down during the spring months and was subject to attacks of the grip. I would be completely exhausted and hardly able to do any work. Every muscle in my body would ache. I had no appetite and it seemed that I could find nothing that would strengthen me.

"A friend told me about Dr. Williams' Pink Pills and I began using them. Before I had taken the first box I felt better. I kept on taking them and gained in strength until I was cured."

The tonic treatment with Dr. Williams' Pink Pills by building up the blood so that it can nourish and strengthen the weakened system has made hundreds of cures in the most severe disorders. This record of cures should merit a trial for the remedy which is guaranteed free from opiates and is entirely harmless.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Western Indians Petition to Have the Princess Placed in University "Hall of Fame."

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, March 31.—The Senate of New York University, which has charge of the business of electing illustrious Americans to the university's Hall of Fame, has received from Indians in the West a petition advocating a niche for Pocahontas. In the last balloting five years ago the lady got seventeen votes. The required number is fifty. The petition says:

"The American Indians shall be pleased to know that the future generations shall be properly reminded of the part our aboriginal ancestors took in American history. It is just that something be done to counteract the effect of sensational wild West literature which has been the cause of racial indigestion."

TILLMAN TALKS POLITICS.

Paralytic Senator Steadily Improving. Says Democrats Messed House Contest.

[ASSOCIATED PRESS DAY REPORT.]

ATLANTA (Ga.) March 31.—As evidence that Senator Tillman is regaining his faculties, he discussed politics for an hour yesterday at the local sanatorium where he has been a patient since coming here from Washington. His theme was the recent "eruption," as he termed it, in the House.

"The Democrats played their game poorly," said the Senator, "when they called for that vote to declare the Speaker's chair vacant. Cannon had been shorn of practically all power which they took from him the privilege of naming the committee on rules, and if the Democrats had let matters stand, he would have been politically lost. The result of the call for the vote to declare the chair vacant, restored in a measure his prestige."

Senator Tillman believes Cannon will retire from the Speakership "at the first favorable opportunity." He believes also that the Speaker will have no trouble in securing reelection to Congress if he asks for another term.

Senator and Mrs. Tillman daily take a long walk.

If this second game of the season is to be considered as part of the start, it might be well to go back to Tuesday or Wednesday and begin all over again, for the performance put up yesterday by the two local teams was very much of a joke. While no one can be perfect at all times, and some never, never are, it is strange to the fans how men can play errorless ball one day and the punk kind the next.

Even if the fans did not like the show, they got all they could ask for in the way of incidents. Delmas was fined $5 and thrown out of the game in the second inning for disputing a decision of McGreevy's at second base; Hap Hogan was chased from the field in the sixth for coaching from the bench; there were all kinds of errors, hard swats and some beautiful fielding mixed in with the ugly.

As a matter of fact, the less said about the game the better, for it was one to make the players themselves laugh. Tozer started off by giving three passes in the first inning, Delmas and Dillon made errors, and Fisher cracked the ball to left for a single, three runs being scored by Vernon. In the first for Los Angeles, two passes, a fielder's choice and a double to right made two runs for the Angels, and they got two more easy ones in the next round.

RAP TOZER HARD.

Vernon was not to be put off, however, and rapped Tozer hard and often and were helped along by bad bunches. It looked as if Hap Hogan got sore finally because every one of his men did not make a run, but enough came in to answer every purpose.

After Delmas was fined and thrown off the grounds, Bernard was hauled in from right field to play shortstop, but had an awful time of it. Bernie does not like the work and had about as much use for grounders as a cat for soft soap. He could not grab them and it was unfortunate that such a good outfielder should have his average marred by infield blunders.

Willett was in bad for the first two innings, but after that there was nothing doing with him. He settled down in the third and for the last seven innings but three widely-scattered hits were made off him. In the first inning he walked Daley and Bernard and then made Murphy bounce a grounder to him that forced Daley at third. Then, with two on, Dillon doubled to right, scoring Bernard and Murphy.

In the second, Willett walked Delmas, and Grindle forced Del at second, the decision being the cause of Del retiring from the game. Tozer hit the ball high up on the center fence for a double and made it a triple when Carlisle collided with the fence and fell in trying to get the ball. This scored Grindle and, as Daley followed with a double to left, Tozer tallied.

Vernon got all of its runs just as easily, mixing in swats almost every time the Angels made errors, and yet the fans stuck it out, for it was funny. Brashear's triple and a passed ball made a run in the third. Two errors and two singles sent in two more in the fifth; an error, a sacrifice and a single brought in one in the sixth, and the final three were due to three singles and a pass.

The score:

NOTES OF THE GAME.

Gill pitched the last two innings for the Angels and showed that he might be something in that line. He has a lot of speed and a good collection of curves.

Carlisle came near being knocked out when he tried to catch Tozer's fly to the center fence in the second. The speedy little fielder ran toward the wall, looking back over his left shoulder and did not realize he was so close to the fence until he was within a foot of it. He ducked in time to keep from bumping head-on, but was knocked down in the collision and was stunned for several seconds.

Murphy showed his class yesterday with no less than eight outs, and several of them were difficult catches. Every fly that is hit to left field is a dead bird, for Murphy squeezes them.

Dillon lost his temper for the first time for months, in the sixth inning. Young Grindle made a pretty catch of a foul near the grand stand, but was so pleased with his work that he ran to the stand and allowed Brown to get to second after the catch. Dillon roasted the kid for this.

Hap Hogan should get over the crabbing business or he will find himself out of the game half the time this season. He was ragging for five innings, and then had to leave the place.

Carlisle held the ball too long in the third inning and allowed Dillon to get to first, filling four bases and forcing Martinez home. Carlisle was deciding what to do with the ball, Murphy dashed to third.

Burrell pulled off a pretty play in the first inning when he made a high jump to grab Roth's bouncer and threw him out at first.

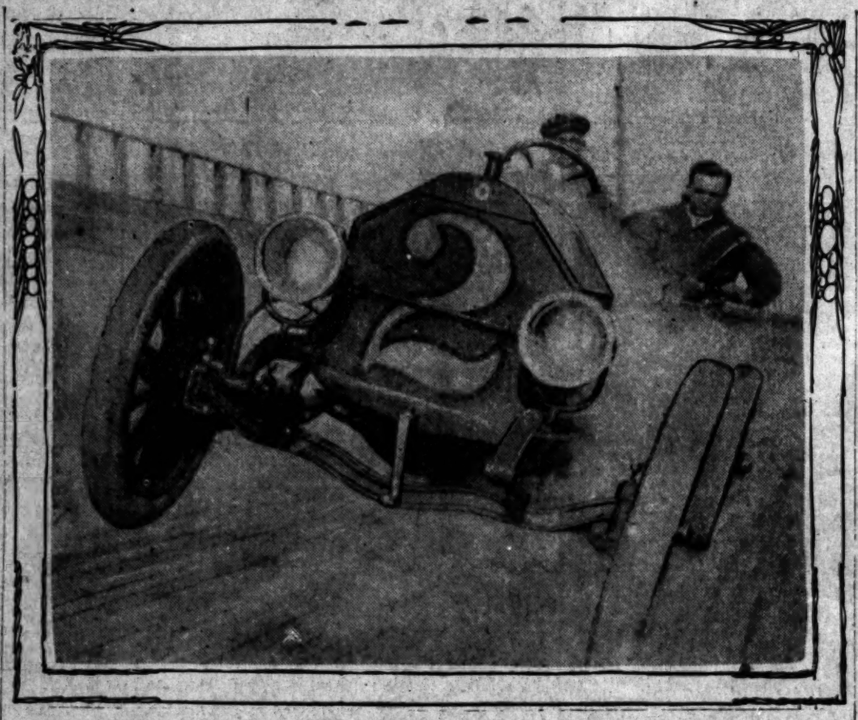
The fans who thought that Fisher cannot hit, probably changed their minds after seeing him rap out two sweet singles that scored three runs. If he can hit he will be a peach.

Martinke had a lot of "hard luck" in the eighth. He slashed out a hot single to right and started to second on it. Ross grabbed the ball on the bounce heaved it to Howard who in turn sent it to Dillon, and Martinke was caught before he could get back to first base.

Daley came near getting a vacation on the bench. In the second he got to third on his double and a passed ball, and then Bernard flew to Carlisle. Daley watched the catch and left the bag before Carlisle had the ball in his hands. It was thrown to the plate and Brown sent it back to Burrell at third, and Daley was called out. He crabbed, and was lucky he did not get a fine.

Willett had a chance to shine in the fifth, when Dillon bounced the ball over his head. Willett jumped up and knocked the ball down and then recovered it in time to catch Dillon at first, making a very pretty play.

The best fielding stunt of the day was Murphy's long running catch of Brashear's foul in the eighth.



Frank Lescault and Mechanician Gander, in the Palmer-Singer, in the back stretch of the Motordrome, yesterday, with the Palmer-Singer turning miles in forty-five seconds. Lescault is one of the big fellows who is to figure in the opening meet.

TIME TRIALS.

CALEB BRAGG HITS SPACE.

Makes Mile in Fiat Ninety in Private Under Forty.

May Be Sensation of Opening Races at Motordrome.

Siefert in Dorris, Stearns in Velie Are Fast.

Caleb Bragg, in the Fiat "Ninety," made a mile in 41 2-5s. yesterday, on the Motordrome, in the public workout. Late in the evening, when the wind had died down, Bragg changed his sprockets and let out his powerful car, and Ray Harroun and Jake de Rozier assert each caught him at 38 4-5s. for a mile.

Shifting gears with the precision of a practiced artist, Bragg circled the big board track at terrific speed, rushing past the grand stand with momentum enough to shoot himself 100 feet into the air if his car had left the track. His work was the prettiest seen at the practice spins.

Bragg seldom talks. He works on his car himself, watches everything that is done, and when the machine is ready, slips into the driver's seat, lets his mechanician crank the engine, and throwing in the clutch, is away.

As his car hits the curves it swerves ever so slightly. He gives her the throttle, and, with a trail of smoke hanging far out behind, skims over the boards. Turning the track in 45s. is only practice work. When Bragg opened to the limit his car roared over the boards faster than any express train.

Speed prophets have attended the Motordrome practice stunts every day. Some said 35s. would be made. Others said cars would never do better than eighty miles an hour, or a mile in about 44s. Some who professed to know from experience on tracks, like Indianapolis and Atlanta, said 100 miles an hour would be made.

GREAT SPEED.

When Caleb Bragg, the boy driver, had finished his five-mile circuit yesterday, almost anything was believable. Bragg can make ninety miles an hour on the Motordrome. His Fiat holds the boards perfectly. At top speed the car shoots around the track without skidding. Bragg is in line for big honors.

Ralph de Palma's "Cyclone," one of the prettiest cars that ever was driven on any track, made miles in 42s. yesterday without seeming effort. De Palma continues to try the track. He only went two fast miles, and then settled down to jogging. His work was intensely interesting.

De Palma tried the board from the upper to the lower line. He rambled all over the course, and drove the car on almost every line of boards of the pie-pan.

De Palma practiced passing other cars on the course. He would shoot ahead of a driver, then slow down and shoot past again. His antics were those of a boy but they had a purpose. De Palma was getting himself into trim for the time when he expects to pass Barney Oldfield on the boards.

This big match race, the event of the Motordrome opening, is as near to De Palma's heart as anything he has ever tackled. He wants to beat Barney. His friends claim it is a cinch. De Palma knows better. He knows that if he beats Oldfield he must drive as he never did before.

BARNEY ALMOST HERE.

How about Barney? He will reach here today in the finest fettle, he says. Barney has been "on the water wagon" since the first of the year. He is driving better than ever and has planned his tours ahead as if he had De Palma beaten already. Oldfield is a veteran track driver; De Palma is a good-natured boy.

Frank Siefert was out yesterday with the Dorris, stripped for action and looking wonderfully fit. The handsome little car looks the part skeletonized. The Dorris turned miles in fifty-five seconds without having had the engine overhauled. It should be good for fifty seconds and perhaps better in the race meet.

William Bosbyshell, who enters the car, feels sure of pulling down a prize. The Dorris is a plugger and has plenty of speed for its class. Siefert is just the man to drive into a victory and the local Dorris agents are determined to grab something good this time.

One of the remarkable stunts pulled off yesterday was the record run of Roger Stearns in a Velie. Thirty minutes after the car had been taken from the freight yards at the Santa Fé station, Stearns drove down to the Motordrome. Strictly stock and unstripped, the roadster turned a mile in fifty-eight seconds.

Stearns drove the car himself. The first mile was turned in a minute flat, the second in fifty-eight seconds, and the third in fifty-nine seconds. Stearns continued to drive up to the ten-mile mark; reeling off laps in fifty-eight and fifty-nine seconds consistently. He expects to strip the Velie and enter the car in the stock events.

Frank Lescault had the Palmer-Singer out for a few fast trials yesterday. He made two laps in forty-two seconds each. The car showed plenty of speed. Lescault should make good. He knows the course now and has a car that has steadily been increasing its speed. It is not as fast as the Fiat, but has great chances in the longer events as the Palmer is a remarkable plugger.

SIGNALMEN CAUSE WRECK.

MULHEIM-AM-RHEIN (Germany) March 31.—It appears today that more than 200 persons received more or less serious injury when the steamer express ran down and wrecked a military train bound for Strasburg. There was one death during the night, making the total dead, twenty-two, and six others were said to be dying. The victims were soldiers. Two signalmen have been arrested and are charged with having given both trains the right of way at the same time.

AUTO BANQUET TONIGHT.

Committeemen of Licensed Automobile Show Are to Make Merry at Alexandria.

Preparations for the banquet to be given tonight at the Alexandria, in honor of the Committee of the Licensed Automobile Show, are completed. Representatives from every agency handling licensed cars will be on hand at the dinner, which is to be one of the most elaborate affairs ever given by the association.

Woods R. Woolwine is chairman of the Committee on Arrangements, and has been chosen toastmaster. Covers will be laid for about seventy. While there will be no dry reports pertaining to show matters, a resumé of the automobile business for the year will be given by several of the after-dinner speakers.

Fred W. Flint, chairman of the Show Committee, who was one of the prime movers of the Licensed Automobile Show, is to speak. Earle C. Anthony, another Show Committeeman who worked hard, is also on the list. W. E. Bush, who is always good-natured, and who handled all the kickers, is down for a talk. A. M. Young, the Depew of the committee, has a speech prepared. P. H. Greer has been taking elocution lessons for a week.

The dinner is to be a sort of finishing touch to what was the most successful automobile show ever held in the West. The dealers who sold cars, and who have a bunch of prospects they are now working on, are to enjoy the spread. This includes every licensed dealer.

FIFTEEN INNINGS.

SCORE TIED, TWO TO TWO.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, March 31.—With the score standing 2 to 2, the game between Portland and San Francisco was called on account of darkness this afternoon at the end of the fifteenth inning.

Portland scored one run in the sixth when Ryan singled to center, tallying Olsen.

In the seventh Spies bunted safely, Ort drove to the pitcher, Stein forced Spies at third, and Netzel singled to right, filling the bases. Olsen lifted one to left, scoring Ort.

Tennant opened the seventh with a long drive over right field fence. With Griffin and McHale out, Berry made a two-bagger. McArdle scored him with a double along the third base line.

The teams had been playing two hours and fifty-five minutes when a halt was called. Score:

TIE WITH SOX.

EL PASO HOLDS REGULARS.

[ASSOCIATED PRESS NIGHT REPORT.]

EL PASO (Tex.) March 31.—El Paso played a 3 to 3 tie with Chicago White Sox No. 1 today. The game was called at the end of the seventh inning to permit the visitors to catch a train for Oklahoma City. Score:

Chicago, 3; hits, 6; errors, 4.
El Paso, 3; hits, 3; errors, 0.
Batteries — Olmstead and Kruger; Harbin and Merritt.

Game at Vernon.

The Vernon and Los Angeles teams will play this afternoon at the Vernon ball grounds, and the local fans will have their first chance to see the new grass diamond that Jack Doyle has provided for the teams. Hereafter games will be played at Vernon every Friday afternoon, instead of Tuesday afternoon.

Sox at Grand Junction.

GRAND JUNCTION (Colo.) March 31.—Chicago White Sox No. 2 today defeated Grand Junction in a listless game, 8 to 6. Score:

White Sox, 8; hits, 12; errors, 5.
Grand Junction, 6; hits, 6; errors, 6.
Batteries — Lang, Schmirler and Payne; Young and Ryan.

Players See President.

WASHINGTON, March 31.—Baseball players had their innings at the White House today. By appointment, the President received the members of the Philadelphia National League team. Later in the day, the President also shook hands with the members of the Cornell baseball team.

AMATEURS WIN BY KNOCKOUTS

Young Pugs Do Well at Athletic Club Show.

Hayes and Dornley Furnish the Scientific Part.

Jim Barry in Town to Box Sam Langford.

Some slashing good young fighters were shown last night at the Los Angeles Athletic Club in the first contests for the amateur wrestling and boxing championships of Southern California, and if they desire to enter the fighting game as a business there will probably be opportunities for them. There were three knockouts during the evening.

The bright particular stars proved to be Bob Munroe and Dave Picato, both being entered in the 125-pound class, and they showed that they have more than ordinary class. Picato is a brother of Frank Picato, the local lightweight who is in New York. Munroe was put against G. Mackie and knocked him out in the first round, while Picato beat Climan in the second round, the latter's seconds throwing the sponge into the ring. Both winners have speed, cleverness and hitting power; really know a lot about the game, and were enthusiastically applauded on the showing made.

There were two bouts in the 105-pound class, Mathews being pitted against England and Snyder against Herman. Mathews got the decision over England after the third round and Snyder knocked out Herman in the third. This was the first of the three knockouts of the night. All of these boys showed speed and cleverness. In the 115-pound class, Downey easily beat R. A. Gooding, seconds of the latter throwing up the sponge in the third round.

Gordon Coleman finished J. Willis in the first round by a knockout. In the 125-pound class, and it will probably be interesting to see the knockout winners come together in the finals, if they last that long. The best bout of the night as regards scientific fight was when Jimmy Hayes met Willis Darnley in this same class. They were also as evenly matched as two men could be, and, after fighting three fast rounds, the judges could not pick a decision, ordered an extra round, and in this Hayes had a shade, and the decision. These boys may probably be heard from later, in a professional way, for they are good enough to go in the ring if they care to.

There was but one wrestling match on this was in the 125-pound class, George Retzer meeting C. Schmidt. Retzer proved an easy winner, as he threw his opponent in less than one minute after they got together. John Huenrich beat N. T. Crystal by default, the latter reaching the scene of action too late to be considered. Clark Jorkston acted as referee of the wrestling.

Artie Reynolds refereed a Snyder-Herman fight and Sam Miller the Mathews-England fight. The judges were C. Bowman, Dr. Ross and Charley Horton.

Paul Roman is to box Saturday morning for Oxnard, here he is matched to fight Jimmy Barry twenty rounds Saturday night. The fight is to be 145 pounds at 4 o'clock.

Jim Barry reached here yesterday morning from San Francisco and will go into training at once for his fight with Langford at Vernon arena this afternoon, April 14. Barry looks good and feels confident of beating Langford.

JEFF GOES SUNDAY.

TO START WORK TUESDAY.

Champion Jim Jeffries and his wife are scheduled to leave this city for San Francisco Sunday evening on the Owl, and will reach the metropolis about 10 o'clock Monday morning, barring accidents to the train. Jim said last night at his intention was to go to his mining quarters, ten miles from Santa Cruz, but would probably have to remain in San Francisco a short time.

At present Jeffries' personal party will be made up of himself and wife, his young twenty-year-old nephew, Carter Boyer, Boyer's boy friend, Hassler. The boys have been playing ball with Jim for a month, and will be taken to the camp to continue the baseball work. Jeffries has several errands Bob Armstrong, the big negro whom has been working with Sam Langford, and who will be in Jeff's group, is to leave here Saturday or Sunday.

Jim expects to begin active training at Tuesday or Wednesday, and will have a dozen men in camp to help him, including Berger, Armstrong, Hassler and Farmer Burns. Jeffries now weighs now between 225 and 230, and will leave here in good shape, as he has chopped wood, climbed mountains in the Tehachepi country, and done road work every day since arriving home from the theatrical tour of the country. He shows his fine spirit, and feels it, and will certainly be in good to the fight days in the ring.

Maloney Beats Goodman.

NEW YORK, March 31.—[Exclusive Dispatch.] Tommy Maloney tonight defeated Danny Goodman in a ten-round bout at the Longacre Athletic Association. Although Goodman led at the better of it in weight, reach and experience, Maloney had the natural fighting ability and pluck. He tore into Goodman with a rush, jabs and swings and had Danny fighting for dear life.

Results at Jacksonville.

JACKSONVILLE (Fla.) March 31.—Track Timer today announced he will not start Boca Grande in the Florida Derby, the head liner in the card at the meeting which is to be decided at Moncrief Saturday. This announcement came after the ignominious defeat of Boca Grande in today's race. Summary:

ERE'S A GOOD ONE.

LANGFORD AND TOMMY BURNS MATCHED FOR LONG BATTLE.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, March 30.—[Exclusive Dispatch.] Acting under instructions from T. O'Day, Sid Hester, matchmaker of the Mission Athletic Club, which promoted the Nelson-Wolgast fight at Richmond, has secured the consent of Tommy Burns, ex-heavyweight champion of the world, to fight Sam Langford, in or near San Francisco, September 5. The fight is to go twenty-five rounds.

Burns this afternoon cabled an acceptance of the guarantee that was offered him, has requested that the guarantee be deposited with an Oakland bank and that transportation be forwarded to him.

Joe Woodman, acting for Sam Langford, has accepted terms for the Boston middleweight, has announced that he will arrive in San Francisco next Tuesday or Wednesday prepared to sign the articles.

The fight is one of the most important that could be arranged, although the interest that is to attach will depend upon the outcome of the Langford-Ketchel match in Philadelphia and the Burns-Lang fight in Sydney, Australia. As Burns has knocked out Lang, it should be no trick for him to do so again, and the fans at large think that the negro can certainly hold Ketchel even if not better.

"Before this acceptance came," said McCarney, who is representing O'Day in these negotiations, "I had a talk with Joe Woodman over the telephone. As far as Langford is concerned, the match was practically arranged a week ago. Woodman told me that if Burns would accept it would be fine for him and that he would be here Monday or Tuesday to sign the articles."

Long Beach Defeats Redlands in Return Match by Twelve Games.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

LONG BEACH, March 31.—Long Beach quoit team defeated the Redlands Club team in a return match, by a total of twelve games. Long Beach won twenty-six games and Redlands fourteen. Elmore of the locals and Dewey of Redlands, were high-score men, each were given a cane. The scores were:

Long Beach—Elmore, 134; Bergen, 83; McDermott, 79; Sweeney, 100; Foor, 100; Weller, 81; McClung, 69; Schilling, 87; total, 773.

Redlands—Gilligan, 83; Goodloe, 75; Dewey, 103; Bird, 84; Lyon, 69; Newsom, 85; Dtt, 102; Lehman, 100; total, 651.

FRENCH FIGURE STRENGTH.

Compare Germany's Airship Equipment With Their Own for War Purposes.

[ASSOCIATED PRESS NIGHT REPORT.]

PARIS, March 31.—Gen. Brun, minister of war, replying in the Senate today to criticisms upon the inactivity of the department of aeronautics as compared with that department in Germany, said the statements regarding the aerial strength of the latter country had been exaggerated.

Germany, he said, had six units at the outside. France, while only three actually were in commission, had four others.

The respective merits of the dirigible balloons and aeroplanes was received with the most careful attention, and he proposed to ask Parliament for $4,000,000 in four installments to be used for aeronautics.

The Senate approved these statements and adopted a vote of confidence.

OCCIDENTAL BEATEN.

SAN BERNARDINO, March 31.—[Exclusive Dispatch.] The Occidental College baseball team was defeated for the first time on its spring trip by the San Bernardino High School team, 4 to 3, in an eleven-inning game here this afternoon.

The play was erratic and both teams were guilty of several bad errors. The Tigers slumped at the bat, getting only three hits off Phillips. Drury Wieman caught his first game well. Hancock made the winning hit, scoring Limber. The score:

Occidental 3; hits, 3; errors, 8.

San Bernardino, 4; hits, 6; errors, 11.

Batteries—Patterson and Wieman; Phillips and Daly.

KEENE AGAIN INJURED.

NEW YORK, March 31.—Foxhall Keene, the horseman, had a bad fall while competing in the Melton steeplechase in England yesterday, according to a cablegram received by his father, James R. Keene, today. The rider's collar bone was broken. Keene has a long record of painful accidents which have come to him in horseback and automobile riding in the last twenty years.

WESTON NEARS CHICAGO.

PEORIA (Ill.) March 31.—Edward Payson Weston is spending the night at Wilburn, 137 miles from Chicago. He walked thirty-six miles today.

Long Beach Baseball.

LONG BEACH, March 31.—The Class D baseball league is to open here Sunday. Games are to be played on Sunday and holidays and perhaps on Saturdays in the summer season. Long Beach opens with Redondo on the Belmont grounds. Manager Abrams has signed the following for his team: Encoe, right field; Wilkinson, captain and first base; Salyer, outfielder; Cornet, pitcher; Fulton, first base or field; H. Forney, second base; Briseno, shortstop; Harry Wilson, left field; Ernest Adams, third base; F. S. Curren, fielder; Leahy, catcher.

Buys French Farm.

NEW YORK, March 31.—It was announced here today that William K. Vanderbilt had bought a farm of about 625 acres at Tourgeville, France, on the Normandy coast. He will remove to his new estate most of his brood mares from his farm at Villebon, the lease of which will lapse in a few months.

Peoria Gets Schmirler.

CHICAGO, March 31.—Pitcher Schmirler of the White Sox was yesterday turned over to the Peoria club of the Three-I League, according to an announcement by President Comiskey. Schmirler is a southpaw, hailing from Wausau, Wis., and was secured from the Superior team of the Minnesota-Wisconsin League. Comiskey made a hurried departure last night for Dubuque when he heard that Tom Loftus, the former president of the Three-I League, was critically ill.

Paris Race Results.

PARIS, March 31.—The Prix Del Hetres selling hurdle, purse about $650, distance one mile and three quarters, was run at Auteuil today, and won by Mason Carnes el Briar. Eugene Fischof's Coque II finished third.

MRS. MORROW HURT.

SACRAMENTO, March 31.—[Exclusive Dispatch.] Mrs. H. S. Morrow, wife of the assistant State Engineer and candidate for Secretary of State, is suffering from severe injuries sustained in a runaway accident. Mrs. Morrow was driving when she turned to greet a friend and unintentionally tightened one rein, the horse swerving into the sidewalk and upsetting the vehicle. Mrs. Morrow was thrown out, and at first was believed to be seriously injured. Her back was wrenched, and it was feared that her spine had been hurt. But these fears proved unfounded. Mrs. Morrow's home is in San Diego.

UNDER the title "The Light of Asia," Sir Edwin Arnold has written a poem which has become famous throughout the world. It is the story of Buddha, and is told in a most beautiful manner. Sir Edwin has also written a prose work, "The Light of the World," which is the story of Christ. It is told in the same beautiful manner as "The Light of Asia."

BARS EX-NAVAL EMPLOYEE.

Former Foreman Boilermaker Is Denied Privilege of Entering Examinations at Mare Island.

[BY DIRECT WIRE TO THE TIMES.]

VALLEJO, March 31.—[Exclusive Dispatch.] Quite a sensation was caused and considerable indignation was aroused at Mare Island, this morning, when Edward J. Kavanaugh was refused permission by the officials to take the examination for foreman boilermaker, which was held today.

When Kavanaugh presented himself to undergo the test, he was advised by Commandant Hugo Osternaus that he could not enter unless he had a special permit from Secretary of the Navy Meyer, as a rule of the department provides that any employé discharged for cause cannot take an examination for reinstatement within a year.

Kavanaugh was for many years up to November last, the foreman boilermaker at the local station. At that time he incurred the displeasure of former Yard Manager Holden A. Evans, who succeeded in bringing about his discharge for poor workmanship.

Kavanaugh filed his application without objection on Tuesday last and the barring of this morning came as a big surprise.

Five applicants took the tests today, two being from here, while J. J. Cullen, M. J. Higgins and J. V. O'Donnell of San Francisco, were the other candidates. W. F. Diebler of San Francisco, who was entered, did not appear, as he sprained his ankle on Sunday last. The papers will be forwarded to Washington to be passed upon.

SEARCHING FOR SLAYER.

Miners Quit Work to Hunt Down Man Who Shot Three Comrades—May Use Bloodhounds.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA, March 31.—[Exclusive Dispatch.] With Paul Foisback, the miner shot Tuesday night at Pittsburgh by Paul Martina, fighting for his life at the hospital, a dragnet has been spread over the country in the vicinity of Pittsburgh by a posse under Deputy Sheriff Hunt, of Wilkeson. It is expected that by tomorrow some trace of Martina will be found.

In addition to Foisback, William Booth and Herman Pischel, miners, were shot by Martina at the time Foisback was riddled with buckshot in front of the Coast Coal Company's saloon. They were not as seriously injured as Foisback and are being cared for at Pittsburgh.

Martina's gun was found this morning under a log near Burnett. It is thought he is in hiding in some of the cabins near Burnett or South Prairie. He was seen yesterday morning near Burnett, but soon disappeared in the woods. It is believed by members of the posse that he is still heavily armed and will resist arrest. If not captured by tomorrow, bloodhounds will be placed on his trail.

Several coal mines have shut down because miners were determined to join in the man hunt and help exterminate their murderous comrade.

HANDICAPPED.

LENNOX SICK IN HOSPITAL.

California Easily Defeats U.S.C. Track Team.

Martin Beats Throop in the Hundred-Yard Dash.

Trotter Puts the Shot Over Southern Mark.

[BY DIRECT WIRE TO THE TIMES.]

BERKELEY, March 31.—[Exclusive Dispatch.] University of California, 90; University of Southern California, 32.

California had no trouble this afternoon in defeating the U.S.C. track team, which was without the services of Capt. Lennox and Wheelan. The Methodists found the warm weather to their liking and made a better showing against the blue and gold than they did against Stanford last Saturday, taking four first places, three seconds, and an equal number of thirds.

The track was fast and the day could not have been better. As was expected, Throop and Martin captured the first two places in both sprints, Martin taking the hundred and Throop the two-twenty. In the hundred, Martin beat the gun a good yard and held the lead to the tape. Trotter put the shot out 44 ft. 6 in., and Richardson cleared 11 ft. 8½in. In the pole vault, both marked improvements on those made by the same men in the Stanford meet.

Capt. Lennox is in the students' infirmary suffering from an attack of la grippe, contracted in the rain at Stanford last Saturday. His team missed him in the quarter, but his presence would have made little difference in the hurdles, since Christie held out Edwards in both races, while Grubb was, the only veteran that competed in the low.

ANKLE GIVES WAY.

Wheelan's ankle has gone back on him entirely and he attempted nothing more than a warm-up. Hall entered the two-mile run, but his exertions in the mile proved too much for him and he was taken out on the tenth lap.

Wallace ran a good second to Calkins in the quarter, while Gower took third place in the half from Walton in the stretch. Hall ran a steady mile, but Smith and Davidson sprinted away in the last hundred yards.

Stine took third place in the low hurdles after Redman of Whittier, the Blue and Gold freshman, fell when rounding the curve.

Trotter easily outclassed his opponents in the shotput and Richardson cleared vaulting after taking first. He was clearing the bar in good form and, had the lateness of the hour not prevented, would have gone after a record.

California shut out the Los Angeles men in the hammer throw and both jumps. The winners of the high stopped jumping after shutting out Walberg. The broad jump was productive of some excellent performances. Allen, who was declared the winner at 22 ft., 5 in., fouled his takeoff by the tone of one spoke when going out 22 ft., 9 in.

The relay was California's after the third lap, when Whitney gained a lead of fifteen yards over Walton. Newsom beat Martin to the tape by twenty yards after slowing his pace on a signal from Christie.

The results:

Mile run—Won by Smith (C.); Davidson (C.) second; Hall (U.S.C.) third; time, 4m., 42 1-5s.

The 100-yard dash—Won by Martin (U.S.C.); Throop (U.S.C.) second; Kant (C.) third; time, 10 1-5s.

The 120 high hurdles—Won by Cowles (C.); Wallace (C.) second; Donald (C.) third; time, 16s.

The 440-yard dash—Won by Calkins (C.); Wallace (U.S.C.) second; Chase (C.) third; time, 52 2-5s.

The 880-yard run—Won by Kelley (C.); Dozier (C.) second; Gower (U.S.C.) third; time, 2m., 2 1-5s.

The 220-yard dash—Won by Throop (U.S.C.); Martin (U.S.C.) second; Claudius (C.) third; time, 22 4-5s.

Two-mile run—Won by S. Brown (C.); Altman (C.) second; Clabaugh (C.) third; time, 10m., 26 2-5s.

The 220-yard hurdles—Won by Grubb (C.); Havens (C.) second; Stine (U.S.C.) third; time, 26 2-5s.

Broad jump—Won by Allen (C.) 22ft., 5in; Kretsinger (C.) 22ft., 2½in, second; Chapman (C.) 21ft., 9in., third.

Hammer throw—Won by Ready (C.) 136ft., 7¾in.; Gobbert (C.) second, 130ft., 1¾in.; Scott (C.) third, 120ft., 11in.

Shot put—Won by Trotter (U.S.C.) 44ft., 6in.; Scott (C.) second, 41ft., 6in.; Hale (C.) third, 40ft., 7¾in.

Pole vault—Won by Richardson (U.S.C.) 11ft., 8¾in.; Bull (C.) and Hill (C.) tied for second.

High jump—Bull (C.) Hill (C.) and Taylor (C.) tied for first; height, 5ft., 7in.

Mile relay won by California (Harlowe, Johns, Rathbone, Whitney and Newson;) time, 3m., 22 2-5s.

NOTED SEAL RAIDER DEAD.

Capt. Patterson Dies as He Was About to Head Bering Sea Hunt Under Japanese Flag.

[ASSOCIATED PRESS NIGHT REPORT.]

VICTORIA (B. C.) March 31.—Capt. Lorenz Patterson, a sea adventurer who had been engaged in many perilous exploits, is dead at Yokohama, according to mail advices. He was one of the first to organize an expedition to seek the reputed treasures of Cocos Island, in the early seventies. He raided the Russian rookeries of Copper Island in the old schooner Diana, and his two partners, Smith and Von Well, were wounded and several members of the crew were killed.

Capt. Patterson was arranging to take out a schooner under the Japanese flag to engage in sealing in Bering Sea when his death occurred.

Commenting on the result of Banker Jacob Schiff's recent speech in New York relative to Japan's warlike purposes, the Jiji Shimpo says it regrets that Mr. Schiff should harbor the feelings indicated in his speech, and considers his utterance due to the failure of the proposals for the neutralization of Manchurian railways.

TRAIL NARROWS.

ADDS DETAILS TO CONFESSION.

Ex-Councilman Brought from Prison to Testify.

Only One More Ringleader to Be Heard.

Fourteen Indicted Men Give Bail Bonds.

[ASSOCIATED PRESS NIGHT REPORT.]

PITTSBURGH, March 31.—William Brand, formerly president of the Common Council, who was brought from the penitentiary to testify before the grand jury, today contributed his full confession to help the graft probers in trailing the men "higher up."

Brand's confession and that of Charles Stewart leaves but one more important witness to be heard, it is said. This witness is Councilman Hugh Ferguson, who was at the Courthouse today seeking opportunity to tell his story.

More directors and employés of banks were before the jury today, as were also two young women, Bessie Curry and Nellie Sherlock, telephone operators at the Farmers' National Deposit Bank.

Three more Councilmen took the "immunity bath" by pleading no defense to charges of taking bribes. These were Samuel Foster, who admitted getting $400 from Stewart for his vote on the bank ordinance; T. O. Atkinson, who confessed to taking bribes of $100 from Dr. W. H. Webb, for his vote on a street ordinance, and $500 from Stewart to support the bank ordinance, and John McCartney, a former Selectman, who said he got $400 for his votes on both ordinances.

Under threats of commitment to jail, fourteen of the men recently indicted appeared today with bondsmen, who gave bail of $5000 for their appearance in court later.

PERSISTENT.

SAN DIEGO TRIES TO STEAL TEXAS.

GUMSHOES INTO NEW ORLEANS TERRITORY.

Californians Slip Into El Paso and Arrange Booster Meeting for the Panama Exposition—Louisianans Wire Asking Delay in Action—Indorsements Continue for Gulf City.

[BY DIRECT WIRE TO THE TIMES.]

NEW ORLEANS, March 31.—[Exclusive Dispatch.] Indorsements of the New Orleans Panama Exposition continue to pour in on the New Orleans Progressive Union, which organization is engineering the preliminary arrangements for the general city and State mass meeting, April 7.

Along with the steady line of enthusiastic indorsements, however, there came a disturbing note from Texas today, which declared that San Diego, Cal., was working a quiet gumshoe campaign in portions of Texas, securing indorsements and pledges of support, which the writer thought New Orleans should watch. Agents of San Diego are arranging to address commercial exchanges in leading Texas cities, according to advices received from H. A. Leche, a well-informed Orleanian, who is now in Texas. He writes the California city is making a quiet campaign among Texas Shriners, for one thing.

Mr. Leche declared: "The Chamber of Commerce of El Paso, Tex., is to be addressed by a gentleman from San Diego on the fair project. Quite an affair has been arranged in order that the city may present its claims.

"'El Paso is a great gateway of the Southwest, because of its peculiar geographical situation, but I understand its greater business comes from the eastward, which naturally places that city closer to New Orleans than with the West. I would suggest that the Progressive Union communicate with the Chamber of Commerce here, of which C. A. Kinne is secretary, and present New Orleans' claims. It might also be well to meet the San Diego campaign by some one from New Orleans presenting its plans to the commercial bodies in Texas."

The result of Mr. Leche's letter was a telegram from the Progressive Union to the El Paso Chamber of Commerce requesting that action be withheld until New Orleans could be heard from. A strong letter to Mr. Kinne followed, setting forth the reasons why Texas should back up New Orleans against all other sections of the United States.

Shreveport, the second largest city in Louisiana, held another big meeting today under the auspices of the Chamber of Commerce and named a strong delegation to come to New Orleans for the State-wide mass meeting, April 7.

Natchitoches, La., the seat of the Louisiana State Normal School, and one of the best commercial centers of the State, sent a strong indorsement today, with a list of mass meeting delegates.

Pollock, La., a great sawmill center, selected delegates for the New Orleans exposition meeting.

The New Orleans Stock Exchange today indorsed the exposition project, pledging financial assistance as follows:

"That the New Orleans Stock Exchange tenders to the Governor of Louisiana and the Mayor of New Orleans its earnest coöperation in the levy of a tax, in the issuance of bonds or whatever other method may be finally determined upon as the proper means of financing this great and beneficial undertaking."

TO IMPORT AFRICAN GAME.

Louisiana Game Commission to Ask Legislature for Money to Finance Scheme.

[ASSOCIATED PRESS DAY REPORT.]

NEW ORLEANS, March 31.—No trips to Africa for the chase of the hippopotamus and eland, dikdik, wart hog and other animals will be necessary ten years from now if the Louisiana State Legislature heeds the request of the State game commission.

The commission, after a conference with Congressman Broussard, decided to ask for an appropriation for the importation of big African game to Louisiana for breeding purposes.

DIES IN DANCE AT SEA.

Liner Adriatic Scene of Tragic Incident While Days Out of New York. Coincidence Involved.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 31.—[Exclusive Dispatch.] In the fourth waltz with Miss Eva N. Steinmets of Philadelphia around the promenade deck of the big White Star liner Adriatic, which got in today, Clarence McIlhenny, a Philadelphia woolen merchant, occupying quarters in the first cabin, was seized with a fatal attack either of heart disease or cerebral hemorrhage last evening, and died within a few minutes. The dance was stopped immediately and the steamer's surgeons, assisted by Dr. Martin, a Chicago specialist, who was a passenger, worked for an hour over Mr. McInhenny, but without any success.

The Adriatic was still far out at sea when the dance started. About an hour before the dance Mr. McInhenny had moved from his own seat at the dining table to that formerly occupied by Prof. Agassiz, a noted naturalist, whose death from heart disease occurred on the steamship March 28. He changed seats because that formerly occupied by Prof. Agassiz was more convenient.

GREECE AGAIN TRANQUIL.

Early Convocation of National Assembly to Revise Constitution Is Announced by King.

[BY DIRECT WIRE TO THE TIMES.]

ATHENS, March 31.—[Exclusive Dispatch.] Tranquility has returned to Greece, but how long it will last is highly uncertain. Apparently, everything depends on the view the military leaders take of the impending political developments.

An extraordinary session of Parliament was closed by the King yesterday. His Majesty announcing at the same time an early convocation of the National Assembly to revise the constitution. King George referred to the recent crisis as originating in a painful reverse—meaning by this the checking of the Cretan solution—and declared that the National Assembly was the only road to a return to normal constitutional government. His speech was received with prolonged cheers.

The council of the Military League has signed a protocol declaring that its mission is ended and that the league is dissolved. However, the league in a long communication to the press says: "The army will continue to be the guardian of the national honor and ideals."

Yesterday's historic scenes were enacted in brilliant weather. Great crowds gathered in the streets to witness the progress of the King and the Queen to the Chamber of Deputies and the house was packed with members, diplomats and spectators.

JURY AGAINST POOR MOTHER.

Sacramento Man on Trial for Failure to Provide for Parent Is Acquitted.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, March 31.—[Exclusive Dispatch.] After a trial, which has lasted two days, a jury in a justice court this evening acquitted Fred Y. Windrick, charged under a recently enacted statute with failing to provide for his dependent mother.

Windrick's half brother, J. C. Dillard, was convicted last week on the same charge, but released on probation, he having promised to pay his mother $10 a month. A third brother is wanted on the same charge, but has not been found. A fourth son was not accused, as he has had trouble in supporting himself.

The mother testified today that the son then on trial had given her only $1 in many months, and that under protest. Harry Windrick, a 14-year-old grandson, swore that he was compelled to leave school in order to make money for the support of Mrs. Windrick.

It is this boy's father who is being sought for on a similar warrant. The defendant, however, swore that he had offered assistance to his mother and that she had refused it from him.

The jury was divided and finally brought in a verdict of not guilty.

SKIPS WITH BROTHER'S WIFE.

Deserted Husband in New Jersey Writes to Coast to Find Whereabouts of Elopers.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, March 31.—[Exclusive Dispatch.] Writing from Newark, N. J., Albert B. C. Salmon, a court reporter, has requested District Attorney Wachhorst to seek J. R. Salmon, his brother, who is claimed to have eloped to California with his sister-in-law, leaving a wife and seven children in the eastern city.

J. R. Salmon left Newark with his brother's wife seven years ago, according to the letter. A year later, he was arrested in Los Angeles, but escaped a five-year sentence by a technicality. Since then he has been residing in Sacramento county, writes the deserted husband, who states his willingness to come to this city and prosecute.

NO INDIGESTION OR SICK STOMACH

HEARTBURN, GAS, HEADACHE AND DYSPEPSIA GO AND YOU WILL FEEL FINE IN FIVE MINUTES.

There is not a single reader of The Times who suffers from any form of stomach trouble who can afford to leave Diapepsin untried—There is no other preparation which gives such prompt and lasting relief.

Take your sour, out-of-order stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50c case of Pape's Diapepsin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is Food Fermentation—food souring; the Digestive organs become weak; there is lack of gastric juice; your food is only half digested and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, sick headache, nervousness, dizziness, or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any; that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

OYSTERS VERSUS LOGS.

State and Federal Laws Conflict as to Logging Company's Rights at Mud Bay.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) March 31.—[Exclusive Dispatch.] State and Federal laws are found to conflict by a peculiar situation arising at Mud Bay, near Olympia, where Mark Draham, a wealthy logger, desires to engage in logging.

The waters of Mud Bay are largely covered with oyster beds. Last month the State Supreme Court decided that persons cannot trespass upon the waters of any Puget Sound inlet above the oyster beds. This decision makes it impossible for Draham to log his timber into the sound and ship it out of Mud Bay.

Federal officers in charge of harbors have agreed to open a channel 300 feet wide to the head of Mud Bay by government authority, if necessary to protect Mr. Draham's rights under Federal laws. If the owners of the oyster beds endeavor to prevent his operations, Draham will offer an off-shore cargo of logs to a foreign bottom, thereby bringing the matter under the jurisdiction of the Federal courts.

Draham and his associates today incorporated the Mud Bay Logging Company, with a capital of $500,000, showing that he intends to operate on a large scale.

PREACHER ANGERS WHITES.

Negro Prophet's Vision of Social Equality Soon May Lead to Tar and Feathers.

[BY DIRECT WIRE TO THE TIMES.]

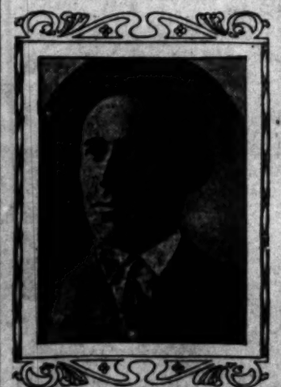
BILOXI (Miss.) March 31.—[Exclusive Dispatch.] By preaching equality of whites and blacks and predicting that it would be only a short time before white women would be seen promenading the fashionable walks, arm in arm with negroes, an evangelist has incensed the citizens of this place. A large committee of prominent white men today waited on Rev. Frances W. Williams, the evangelist, who is black, and at his big tent told him that unless he stopped his teachings and left town within twenty-four hours he would be stripped, tarred and feathered and sent out of town in a manner not very pleasant to him.

The black was defiant. He said he would remain in Biloxi and preach. He said that he would not deny that he had been advocating social equality of blacks and whites. He evaded the direct question, "I preach only what the Bible teaches," he said.

Several white women were found attending the meetings. Williams's tent is being watched and it is believed an outbreak will occur against the black.

Important additions to the faculty of the medical department of the University of Pennsylvania have been announced. Dr. Howard T. Ricketts, assistant professor at the University of Chicago, who made important discoveries regarding Rocky Mountain spotted fever in Montana, has been chosen to fill the chair of pathology. Dr. Alonzo E. Taylor of the University of California will occupy the new chair of physiological chemistry, and Dr. R. M. Pearce of New York will occupy the chair of research and medicine.

Saved Life of Omaha Theatrical Manager



Adam Bonoff, manager of the Krug Theater in Omaha, Neb., and living at 2410 Lake street, says:

"I have been a sufferer from stomach trouble for the past ten years, and had to avoid pastry, potatoes and all starchy food. I was nervous and restless, rarely ever getting a good night's sleep. I always awoke with a dull pain in my stomach, and belched gas frequently. I was constipated all the time.

"I traveled considerably in search of health, and treated with the best physicians in New York, Chicago and Hot Springs without relief, and finally was compelled to give up my business, as I thought, for good.

"A friend recommended Cooper's New Discovery to me. I was desperate, and decided to give it a trial. Am now feeling fine, eating and sleeping well, without any signs of stomach trouble, weighing more than at any other period of my life, having gained fifteen pounds in a few weeks' time. It is a duty with me to recommend Cooper's New Discovery, for I believe it saved my life."

We sell Cooper's New Discovery, the medicine recommended by Mr. Bonoff. It has a remarkable record, and has a tremendously [illegible]

Millions of Lives Lost

An Awful Toll Collected by Consumption. Many Unnecessary Deaths from this Disease

If people could only understand that systemic catarrh is an internal disease that external applications cannot cure, they would not need to be warned so often about this malady, which, when neglected, paves the way oftentimes for consumption, at the cost of millions of lives every year. Yet catarrh may be cured, if the right treatment is employed.

Catarrh is caused by a general diseased state of the system which leads commonly to annoying and perhaps serious local conditions, which may prove a fertile breeding ground for germs of consumption. External remedies give but temporary ease.

The only way to successfully treat catarrh is by employing a medicine which is absorbed and carried by the blood to all parts of the system, so that the mucous membrane or internal lining of the body is toned up and made capable of resisting the infection of consumption and other diseases.

We have a remedy prepared from the prescription of a physician who for thirty years studied and made catarrh a specialty, and whose record was a patient restored to health in every case where his treatment was followed as prescribed. That remedy is Rexall Mucu-Tone. We are so positive that it will completely overcome catarrh in all its various forms, whether acute or chronic, that we promise to return every penny paid us for the medicine in every case where it fails or for any reason does not satisfy the user.

We want you to try Rexall Mucu-Tone on our recommendation and guarantee. We are right here where you live, and you do not contract any obligation or risk when you try Rexall Mucu-Tone on our guarantee. We have Rexall Mucu-Tone in two sizes, 50c and $1. Very often the taking of one 50c bottle is sufficient to make a marked impression upon the case. Of course in chronic cases a longer treatment is necessary. The average in such instances is three $1 bottles. Remember you can obtain Rexall Remedies in Los Angeles only at our stores—The Rexall Stores. The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal.; Seattle, Wash., and Portland, Oregon.

GREAT PLANS OF LOCAL Y.M.C.A.

Addition to It's Tall Building, Then Some Branches.

Banquet Tendered to Contest Winners by Letts.

Prizes Awarded and Stirring Speeches Are Made.

The complimentary dinner given last night at the Los Angeles Young Men's Christian Association by Arthur Letts, president, was attended by about eighty guests, some of them leaders in local life. It was a most enjoyable informal function, tendered by the president in appreciation of the work done during the recent membership campaign, and was the occasion for the award of prizes offered by the Examiner.

It proved likewise to be the opportune time for announcing extension plans for the near future. Probably the first movement to be started will be the creation of a fund of $125,000 for adding tenth and eleventh stories to the new building on Hope street, as the dormitory demand has proven far beyond the capacity of the two floors devoted to that purpose to supply.

Then will follow movements to supply branch buildings demanded by the growing importance of Hollywood, San Pedro and East Los Angeles. General Secretary Luther predicted that within five years a million dollars will be added to the amount already invested in association buildings in this city.

President Letts, the host, presided at the post-prandial exercises feast, and expressed his appreciation and that of the entire board of directors for the splendid work done by the teams in the recent campaign, practically all of whom were among the guests of the evening. His enthusiasm upon the aims and accomplishments of the association was contagious.

Mr. Letts made a happy and patriotic speech, dwelling on the importance of character building, the folly of making money-making the sole object in life and the breadth of the Y.M.C.A. He declared that his recent trip through the countries of Europe had shown him that the hope of the manhood of the world was in America, as the views of life in the old world are not high or inspiring. He made several telling quotations from President Roosevelt's speeches, which were heartily applauded. He hinted at the grand purpose of the Los Angeles Y.M.C.A., and promised all its friends to come again and come often. He was repeatedly interrupted by applause.

CLOSE TO THE TOP.

The special guest of the evening was A. H. Whitford, general secretary of the association at Buffalo, N. Y., who at the outset of a thrilling, whirlwind speech, added to the enthusiasm by saying:

"I think, with the possible exception of the West Side Association in New York City, you have the largest association in the world," which was received with great applause, for the local association has set its mark to be the world leader."

He commended the spirit of the community that has made such progress possible, and said that it was like bringing coals to Newcastle to talk here of association life and spirit. Mr. Whitford presides over a ballwick that has a larger aggregate membership, having 6000 members in the city of Buffalo, but it is divided among a number of individual associations. He declared that the "getting together" of men in the Laymen's Missionary Movement, and other activities of the past few years, is the association's contribution to the churches of the country.

He has been spending some days in Los Angeles, and created amusement by saying that one of the things he has discovered is, that "a few drops of water on a few grains of sand, makes a mighty difference in the price of land."

PRIZES ALL DONATED.

Othman Stevens, representing the Examiner, made the following awards of the $325 in cash prizes offered by that paper to the several contestants in the recent campaign:

The Gibbon-Dyas team, with 274 new members, secured first prize, $100, which was immediately donated to the association by T. E. Gibbon, to be used for prizes in securing more members. L. B. Jones team, 184 members, second prize, $75, which was donated for the same purpose; Mattison B. Jones team, 108 members, third prize, $50, also donated for membership prize money; Arthur G. Baker team, seventy members, fourth prize $25, which was received by Andrew G. Clark, and turned over to the prize fund.

The individual prizes were awarded as follows: George Morrell of the Mattison B. Jones team, thirty-eight members, first prize, $30; M. H. Phillips of the L. B. Jones team, twenty-three members, second prize, $20; Frank Heron of the same team, nineteen members, third prize, $15; Mattison B. Jones, eighteen members, fourth prize, $10; Frank C. Cretcher of the Gibbon-Dyas team, fourteen members, fifth prize, $5. All of these prizes, except the last, were donated to the work in China, Mr. Cretcher donating his to pay for the membership of some boy to be added to the Boys' Department.

Clever little speeches were made by all of the winners. Mr. Gibbon, editor of the Herald, made an effective reference to the unity of the Los Angeles press, when it came to standing behind the Y.M.C.A., and told several good stories. The response of Mattison B. Jones was full of warm eloquence and good hits. Mr. Park made a graceful little talk, and the others stuck it right.

Brief speeches of congratulation and promises were made at the close by Burt Wadhorn, Harry E. Ambrose and General Secretary Luther, and the company adjourned with a rising vote of thanks to the host, Mr. Letts.

ARE ACQUITTED.

Jury Renders Verdict of "Not Guilty" in Case of Greene and Conner.

Not guilty, was the verdict rendered at 11:30 o'clock last night, in the case of Dolph M. Greene and Harry G. Conner, charged with conspiracy to defraud J. H. Guinn and given a trial in Justice Williams's court.

In the case that went to the jury shortly before 10 o'clock last night, Greene and Conner were charged with conspiracy to defraud Guinn out of $300.

Guinn, a young man, was a recent arrival from the East. He was attracted to the firm of Greene and Conner at their South Main street address through an advertisement. He went there and according to his allegations, was invited into the firm by Conner. He charges that Conner represented that his uncle in Arizona desired his presence there and for that reason was willing to sell out cheaply his share in a realty business. He bought in and found, according to his charges, that the business was worthless.

Conner and Greene were represented by Attorney Dominguez, and Deputy Dist.-Atty. Veitch conducted the prosecution. The case has been tried once before and the jury failed to agree.

FUNDS FOR COURTHOUSE.

Ventura Citizens Raise Large Sum. Woman Steps from Platform and Breaks Limb.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

VENTURA, March 31.—The fund for the purchase of a new Courthouse site in this city has reached nearly the $20,000 mark. Only a little more need be raised, and this, it is thought, will be done during the coming week. The proposition is that the citizens of the town subscribe a sufficient amount to buy a site and turn the amount over to the Board of Supervisors at their April meeting. It is estimated that $20,000 will cover the cost. Numerous sites are to be offered the Supervisors to choose from, but so far in the agitation the several sites offered on the hillside north of the city find the most favor, the idea being to build in connection with the Courthouse a serpentine roadway up the heights. This roadway will afford a fine view over the sea and valleys and will prove an attraction to automobilists and tourists.

Stella King of Oxnard is in the hospital with a broken leg, and A. Cosani, a fisherman of this place, is out on bonds with a charge against him of resisting an officer. The woman came over from Oxnard Tuesday and she and the man started out for a joy ride, winding up at the depot at night, where she was to take the train for Oxnard. In wandering about the depot the woman stepped off the platform and broke her right leg. Officers came up and the man got into an altercation with them. They tried to arrest him and he resisted. They put him in jail.

At a meeting of the Ventura County Clubhouse Association Tuesday night, at the City Hall, the following officers and directors were elected to serve for the coming term: Mrs. G. N. Mickle, president; E. P. Foster, first vice-president; Mrs. Charles Bartlett, second vice-president; Mrs. W. L. Lewis, treasurer; Mrs. E. P. Foster, Mrs. E. M. Elliott, Mrs. F. M. Cook, Mrs. G. I. Conklin, Miss May Henning, J. S. Blackstock and T. J. Donovan, trustees. It developed during the evening's discussion that shares had increased in value from $5 to $50. The association owns a fine lot on Chestnut street, near Main, and has several hundred dollars in the bank. This property, it is stated, will eventually be turned over to the Athens Association, which has perfected plans for the building of a clubhouse and rest room on California street. Work on the latter institution will be begun this month.

STARTS ON STATION.

Pacific Electric Railway Company Is Building Freight Depot at Sierra Madre.

SIERRA MADRE, March 31.—The Pacific Electric Railroad Company has started the erection of a freight station. It will occupy the triangular piece of property at the intersection of Baldwin boulevard and La Belle street. The building will be about 16x24 feet, with platform and storage space on the outside. A ticket office is also to be constructed in the Baldwin boulevard depot.

Owing to the snow on the mountains being reported as far down as the quarter-way house, a distance of only a few miles from the foot of the Wilson trail, thousands have availed themselves of the opportunity to view it.

The German given at the Woman's Club dance last night, through the efforts of G. H. Johnson, assisted by Miss Susie Davis and Miss Anna Davis of Chicago, proved the event of the season. It was an innovation to many here. The auditorium was well filled, the costumes rich and elaborate, and the figures carried out with considerable skill by the dancers. Many favors were distributed. The march was led by Mr. and Mrs. Johnson, and most of the figures by Claude Davis and Mrs. M. Goodfellow.

The controversy over the grading of Highland avenue has not subsided. The claims of the property owners regarding the unfinished condition have been practically acknowledged by the contractors, who sent teams and apparatus to go over the street again.

There will be a masquerade dance at the Woman's Clubhouse tomorrow evening. The auditorium has been decorated and arrangements made for an elaborate supper. One hundred and fifty invitations have been given out.

OCEAN PARK.

OCEAN PARK, March 31.—Announcements have been received here of the approaching marriage of George F. Stamps, who was until recently a resident of this beach. The bride-to-be is Miss Rosa Schmitt, daughter of Mr. and Mrs. J. F. Schmitt of Fresno. The marriage will take place in the Catholic church at Fresno April 6.

Property owners of South Second street are moving in the matter of widening that thoroughfare from Hill street as far south as Ashland avenue. It is deemed expedient to make the change at this time, before the street is built up with permanent structures.

TWO SIDES.

CEMETERY ON THE DEFENSIVE.

ATTEMPT TO CLOSE HOLLYWOOD GROUNDS PROTESTED.

Association Presents Arguments to City Council to Disprove Assertion of Certain Residents That Further Burials Should Be Prohibited. Case Once Before Supreme Court.

There are two sides to the question of closing the Hollywood Cemetery, an action proposed in a petition filed with the City Council on Wednesday. Yesterday a second petition was filed, setting forth strong arguments as to why the owners of lots in this cemetery should not be deprived of the right to bury their dead there.

The reasons offered by certain persons for prohibiting further burials were that the ground is nearly all occupied and that residences have been built about the location. The Council directed the Public Welfare Committee to investigate the situation. The petition of the Hollywood Cemetery Association filed yesterday is signed by David Evans, president; J. W. Willcox, vice-president, and S. R. Barry, H. F. Stuart, C. H. Toll and David Barry, directors. It is as follows:

To the Honorable Mayor and City Council of the city of Los Angeles, greeting:

The Hollywood Cemetery Association respectfully requests Your Honors to deny the petition presented to you March 30 by certain citizens living near Hollywood Cemetery, and we beg leave to submit the following reasons for not granting their request:

The Hollywood Cemetery was established on 100 acres of ground carefully selected as being particularly well adapted to the purpose, while the petition referred to describes the 100 acres as "level valley land." We respectfully refer to the contour map herewith of the district, recently completed by the City Engineer of the city of Los Angeles, which shows that the Hollywood Cemetery is crossed by the "ridge line," the highest ridge in that vicinity. This same contour map will show you that the cemetery grounds, instead of being level, are decidedly rolling, just to the proper degree to give perfect drainage, without any excess of roughness which might cause washing.

The said petition further represents that the interments in Hollywood Cemetery have been comparatively few, whereas the contrary is the case, the exact number of interments up to date being 950. The number of interments has increased yearly since the cemetery was started, the largest year having been the past year, with total interments of 166. It is in every respect one of the leading cemeteries of the city and county.

The grounds are beautifully improved, a great deal of money having been spent on them, and the new management will at once spend a large sum in further improvements. It is at the present time one of the most beautiful cemeteries in the West.

As to the contention in said petition that the value of all property will be impaired and rendered less available for taxation, we wish to point out that acreage, lots and houses bring as high prices near Hollywood Cemetery as in other sparsely settled communities at the same distance from the business centers of Los Angeles and Hollywood. Furthermore, the said petition asks the prohibition of interments outside the area now in use. We respectfully represent that the area now in use, if the cemetry affects values, would do so as much as a larger cemetery.

The Hollywood Cemetery Association begs leave to further represent that hundreds of the most prominent families of Los Angeles city and county own lots in Hollywood Cemetery and have made it the last resting place of their loved ones who have gone before. A partial list of these families is given you herewith. Their sacred rights are paramount to any considerations of a few dollars more or less on the value of the small amount of property within, say, one block of the cemetery.

The identical question was before the Supreme Court of this State in the case of Los Angeles County vs. the Hollywood Cemetery, and is reported in the 124th California Reports at page 344. The point involved in that case was the question of preventing the establishment of the Hollywood Cemetery in that locality. In discussing the right to establish the same, the court stated, "To provide for the repose of the dead is as lawful as to provide for the comfort of the living," and concluded its decision by denying the inunction against the Hollywood Cemetery, by which it was sought to prevent its establishment. Thus the question at issue has already been passed upon by the highest court in the State.

The Hollywood Cemetery Association further represents that those who have taken the lead in the preparation of the said petition are the same persons who tried in the courts to prevent the establishment of the cemetery in the beginning, that they have been all along enemies of the institution, that they have worked for about two weeks on their petition, but secured only 150 names, most of the names being those of persons who own real estate within a block or two of the Hollywood Cemetery.

With reference to the point as to whether a cemetery is inside or outside of the city limits, we wish to state that nearly all cemeteries throughout the country are inside the city limits, under the protection of the police and other departments of city government and conveniently located for the residents of the city in visiting the graves of their departed. As soon as the intention to consolidate the Los Angeles city and county governments is carried out, all the cemeteries now in suburban towns and villages within a considerable distance of Los Angeles, will be within the city limits.

If your Honorable Body desires a counter petition from the friends of the Hollywood Cemetery, we further show that we could present a petition signed by practically every man and woman in the city of Los Angeles, except the few signers of the said petition presented to you March 30.

We request a hearing as quickly as possible, secure in the certainty that your Honorable Body will emphatically reject the petition to interfere with the cemetery.

WHITTIER.

WHITTIER, March 31.—A fourth garage is now in process of erection, being that of William Volkmoor, who will put up a building 50x140 feet. It will be mission finish, though the walls will be of brick with cement facing. Work on the foundation has just commenced.

The Los Nietos school district will again attempt to vote bonds for the purpose of providing a new school house. At a recent election the proposition to issue $30,000 of bonds was defeated. The new proposition is for $12,000. An election for this purpose is called for April 25.

Classified Liners

Times Classified Rates: The rate for inserting Want ads in The Daily Times is 1c per word for each insertion; in the Sunday issue 1½c per word each insertion; minimum charge, 25c; except under following classifications, the rate for which is 2c per word, minimum charge 50 cents: "Society Meetings," "Personals," "Special Notices," "Church Notices," "Miscellaneous" and "Baths and Massage."

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11:30 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10:30 o'clock Saturday night. Rates 1½c per word.

The Sunday circulation of The Times exceeds 80,000 copies, and more "liners" are regularly printed in its columns than in the five other Los Angeles newspapers combined.

Telephone your want advertisements. Ring up "The Times" any time of day or night and secure prompt and careful attention.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

THE TIMES will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

Advertisers should retain receipts given by The Times in payment for "liners," as no mistakes can be rectified without them.

SPECIAL NOTICES—

Rate in this classification 2c per word Daily and Sunday, minimum charge 15 words.

NOTICE OF STOCKHOLDERS' MEETING—The annual meeting of the stockholders of the Precipice Canyon Water Company will be held in the office of the company at La Manda Park, California, on Wednesday, April 6, 1910, at 10 o'clock a.m., for the purpose of electing a board of directors to serve for the ensuing year, and for the transaction of such other business as may properly come before the meeting. PRECIPICE CANYON WATER COMPANY. By Geo. C. Haldeman, secretary. x6

TIMES COOK BOOK NO. 2, NEW EDITION, now on sale. Largest, most elaborate and complete cook book of the series issued by The Times.

The 825 recipes for hot Spanish and Mexican dishes and the hygienic department are big features of the publication. The recipes, brought out by The Times Prize Cooking Contest, are generally from Southern California housewives and noted chefs. Price 50c; by mail, 75c additional. Address Times Office, Los Angeles. x*

SUNDAY REAL ESTATE LINERS—Classified real estate advertisements for insertion in THE TIMES Sunday issue must be in the office not later than 10:30 o'clock Saturday nights. Other "want" advertisements for Sunday insertion will be taken over the counter until 11:30 p.m.

The great 2 volume of liners printed in The Sunday Times, handsomely regularly here in separate announcements, makes this regulation absolutely necessary in order to get the big display lists out on time.

FOR SALE—HOUSES.

The most beautifully appointed home in Los Angeles. Modern in every particular. A man-sion to look at. Woodwork, mahogany and oak. 10 large rooms, magnificent finish and decorations throughout. Lot 75x164. In fact, it's one of the most beautiful homes in the city and located on one of the show streets of Los Angeles.

—$11,500.—

Beautiful 5-room house in the Wilshire district. Exceptionally fine finish throughout. Two baths, large East front lot. Located on one of the highest points in the Wilshire district on street entirely built up with handsome homes.

—$7500.—

5 rooms, and it's a corker. Absolutely one of the best bargains ever offered in the city, and the owner has instructed us to sell it in ten days. It's worth $8500. Large rooms throughout, and by the way, the closets are large enough for dressing rooms. The house is attractive and complete in every detail.

BUNGALOWS.

—$5000.—

One of the prettiest and most up-to-date bungalows in the Wilshire district. Just put on the market and just completed. Living room, dining-room, den and breakfast room. Large bedrooms and large lot. Everything modern.

—$4000.—

Here is another. A dandy bungalow on a fine lot in the Wilshire district is seldom offered, but we have one and it's a corking good buy. Everything is completed and finished in apple-pie order. It's close to the car line and is a swell neighborhood. It's a bargain and is being offered at a very low figure. Please remember that if you are in the market for a home that we know everything in the Wilshire district and are prepared to show you houses ranging from $2500 to $50,000 in price. If these ads don't suit, let us know your wants and we will be glad to give you a list, and take you out in our machines and show you something good.

FOR SALE—WILSHIRE BUNGALOW.

A very beautiful bungalow of 7 rooms, including 2 bedrooms and sleeping porch. Designed and built by one of our best known architects, having individuality and delightful taste displayed throughout. Not the usual house built for sale. Everything perfect in the construction of this charming home is the absolutely best money can buy. The surroundings are all one could ask, near Wilshire boulevard, not another bungalow in the block, and a fine, east-front lot.

If you are looking for a house, do not fail to see this before buying. Price $5000; terms. We can positively convince you that you cannot possibly buy a lot and build this house at the price we ask.

Telephone until noon Sunday, any time week days.

A bungalow in the most attractive style of architecture, surrounded by beautiful flowers, trees and shrubs, and delightfully situated in the West Adams district. The price, naked is no indication of its real value, as the owner is making a large concession for the sake of a quick sale. In looking through the house you will be impressed by the care and good taste displayed in its arrangement and decoration; living-room extends across entire front of house; the large Gruby tile mantel is so fine as you will find in many more expensive homes; there are built-in seats, and bookcases, with leaded glass doors, hardwood floors and artistic lighting fixtures and wall decorations; the dining-room is sunny and pleasant, with many windows and a handsome built-in buffet; pass pantry; kitchen is complete in its arrangement and conveniences; large screen porch, with stationary tubs; the bedrooms are delightful in their lofty tints, and large windows and closets. An unusual bargain in a splendid little home.

MONETA AVENUE
SQUARE
LOTS,
$475 AND UP.
10 PER CENT. DOWN, $10 PER MONTH.

5-ROOM BUNGALOWS, $2350.
$100 DOWN, $15 PER MONTH.

By your own judgment compare Moneta Avenue Square with any other property on the market. Look at the present development, the rising values, the location, prices, terms, large lots, improvements, schools, electric lights, car service in the city, activity in building. Compare them; then you will understand why we are making the many sales. The fact is, the property is selling itself. Come down and see it. We do not even ask you to buy.

Think what it means to buy between two such thoroughfares as Moneta avenue and Main street boulevard, the principal streets extending from the city to the harbor.

See the 2 new bungalows we are now building.

For lots or houses come and see our proposition, which will be wonderfully appealing, because so straightforward, businesslike and fair. Take Moneta-avenue, Redondo car and get off at Florence avenue; 5c fare.

SAN JOAQUIN VALLEY.

FOR SALE—
EXCURSION
TO VISALIA, TULARE COUNTY.
ORANGE HEIGHTS TRACT.
Train will leave Los Angeles Wednesday evening, April 6, from the Arcade Station, Tulare county line just half way between San Francisco and Los Angeles and embraces 2,158,400 acres of fine orange, deciduous fruit, alfalfa, corn, vegetable, dairy and grazing lands. No section of any country in the world has more perfect climate. Come and see for yourself. Cyclones, blizzards, sunstrokes or heat prostrations are unknown.
Visalia is the county seat of Tulare county, with a population of about 7000. The city has both the Southern Pacific and the Santa Fe railroads, and is the terminal of the Visalia electric line.
Orange Heights is only four miles from the Southern Pacific, with an electric line under course of construction through the tract. We have nothing to offer at
GOVERNMENT LAND
prices, but this tract, which is in the midst of a thickly populated community, has all the advantages of higher civilization, and contains some of the finest land in the State.
Tulare county oranges ripen six weeks earlier than in Southern California. Smut and scale are unknown. This land is absolutely level, is a dark rich, sandy loam, with a red and black adobe subsoil. It is ideal for oranges, alfalfa, deciduous fruits or anything that grows in California. Water conditions are perfect, with either gravity or pumping plant and the supply is unlimited. We have other all-purpose lands that we can offer at prices that will at once appeal to all who are qualified to know lands when they see them. Call at our branch office and arrange to make this trip with us $10.50 for the round trip, with stop-over privileges good for ten days.

THE WISE YOUNG MAN OR WAGE EARNER OF TODAY INVESTS HIS MONEY IN REAL ESTATE (ANDREW CARNEGIE.)
Can YOU afford to ignore the ADVICE and STATEMENT of this successful business man?
The only question you need consider
IS THIS LAND RIGHT?
FIRST—Investigate THE WATER—you will find an abundance of pure soft water for both irrigation and domestic use.
SECOND—Investigate THE SOIL—You will find a rich loam soil that will grow anything grown in this climate.
THIRD—Investigate THE LOCATION—Only one hour's ride from Los Angeles on the main line of the Santa Fe, with the La Habra electric line now building through the land; transportation and shipping facilities unexcelled.
FOURTH—Investigate THE CLIMATE—You will find no more equable clime to be had in all of Southern California than at TORRA LINDA; the SUMMERS are pleasant, cooled by the gentle ocean breezes; being able to see Santa Catalina Islands any clear day. THE WINTERS are FREE FROM FROST, being protected from the cold air of the Sierra Madres by the Puente Hills on the north.
FIFTH—THE TERMS ARE EASY—You can make the land pay for itself.

FOR SALE—
ORANGE COVE
IS OVER HALF SOLD OUT, WHY?
Two elements give worth to any piece of property, first, its intrinsic value; second, external conditions that affect its worth. Both these elements affect the value of Orange Cove acreage. Both will affect it more and more. Those who realized this have bought, the property is more than half sold out. Only a few more people can get in at original prices. Will you be one of them?
Orange Cove lies North and West of the city, between Los Angeles and the San Fernando Valley. It's 35 minutes' out, on the Southern Pacific motor car service, suburban to the old Los Angeles and an integral part of the city. Its location, overlooking the foothills, overlooking the great valley, makes Orange Cove wonderfully desirable for a home. That home can be self-supporting, a source of great profit to the owner. For the soil is orange soil, absolutely frostless and sold with abundant water. No section so close to the city is so perfectly adapted for raising many fruits, berries and vegetables. And none is so sure to increase tremendously in value. Location ensures this and the fact that there is so little land that can be had at this period.
You can buy here today at $250 an acre up. You need only a little money, for my terms are $5 per acre cash and $5 per acre monthly. You need only understand that we are in the usual opportunity this is in to see Orange Cove. Excursions daily from my office.

Girl Skater's Wrist Shattered.

Ida Roberts of No. 1328½ South Main street sustained a Colles fracture of the right wrist in a fall while skating at Eighteenth and South Main streets last evening. She was treated in the Receiving Hospital.

"The White Lie."

The Sabbath services at Temple B'nai B'rith will be held this (Friday) evening at 8 o'clock, and tomorrow morning at 10:30 o'clock. The rabbi, Dr. S. Reet, will conduct the services, and will deliver a discourse this evening on the subject, "The White Lie."

Moves to His Own Building.

James P. Burns, the shoe man, now occupies more convenient and commodious quarters in his own building, at No. 525 South Broadway, which has been fitted up with an attractive entrance and model show windows.

Banquet for Employees.

The firm members of Mullen & Bluett entertained their seventy employes at a banquet at the Hayward yesterday evening. After the dinner the entire party enjoyed the evening's performance at the Burbank.

Coast Line Trip.

The Chamber of Commerce Excursion Committee is planning an attractive trip up the Coast Line, May 4, or thereabouts. The plan is to make brief visits at all the towns along the route as far as San Luis Obispo. The trip will take four days, and the round-trip fare will be $32.

Thief in Her Room.

Miss Bessie Wine of No. 1115 Wall street yesterday reported to the police the theft of numerous small articles of value from her room. During her absence a sneak thief gained entrance to the room by means of a pass key and stole her purse, containing $2.50, a gold watch and a pair of gloves.

For Surf Bathing.

Lieut. Leeds, Engineering Corps, U. S.A., has received an application from W. H. Reider of Long Beach for permission to erect a surf-bathing station at the foot of Golden avenue in that city. Objections based on the allegation that the proposed building might interfere with navigation will be received at the Engineer's office up to April 6.

Trolley Resumption.

The completion of the East Main-street bridge has made it possible for the Los Angeles Railway Company to resume the service of the West Eleventh-street and East Main-street car lines, and beginning tomorrow the line to Eastlake Park will be open. The new bridge will be crossed by a double track, and the service on the line will be facilitated accordingly.

Decision Affirmed.

The Second District Court of Appeals handed down a decision yesterday in the case of Kyethaber Lumber Company against the Consolidated Lumber Company. The decision of the Superior Court of San Bernardino county in favor of the plaintiff is affirmed. The original action was to recover on an alleged overcharge.

Wreck Window for Trifle.

In order to secure five 50-cent pieces, a sneak thief shattered a big plate glass window in front of the Queen Hand-made Lace Company at No. 403 West Eighth street, early yesterday morning. The damage was reported to the police by R. N. and J. N. Lago, the proprietors. According to their story, they had placed the half-dollar pieces in the window as an advertisement and some thief attracted by the display, threw a stone, shattering the glass, valued at $100.

For the Harbor Bonds.

George H. Stewart, head of the Campaign Committee, which has been organized to boost for the harbor and power-bond election, will soon get the members of the committee together. Associated with Chairman Stewart will be the presidents of the Chamber of Commerce, Merchants' and Manufacturers' Association, Municipal League, Jobbers' Association, the water and harbor commissioners, the members of the Board of Public Works, and John Anderson of San Pedro and F. S. Cary of Wilmington.

Records Show Prosperity.

The progress and prosperity of Los Angeles county is being daily illustrated by the business transacted in the office of County Recorder Logan. The increase in the number of instruments handled is astonishing. In March, 1908, 5746 documents were filed. In the same month a year ago there were 10,605 instruments spread on the records. During the past month the total was 12,936. This is an increase of 46 per cent. in two years and of 17 per cent. since last year. As an indication of the work being done, it was pointed out that 300 documents were filed in one hour yesterday. This was at the rate of one every twelve seconds. "No other county in the country can show a record like this nor such a remarkable increase in business," said

WOMEN IN ON BALLOT BATTLE

RALLY TO DEFENSE OF ANNANDALE SCHOOL TRUSTEES.

Fight on Miss Mary Foy "Because She Is a Woman," Starts Warfare in Suburbs—Members of Fair Sex Take Stump at Mass Meeting, and Argue in Her Behalf.

Women are on the warpath in the Annandale school district, which takes in a large slice of the territory about Garvanza, Eagle Rock, San Rafael Heights and adjacent country, and today they propose to take an active part in a battle of the ballots even if they cannot vote. The voters of the district are to elect two members of the district School Board, but the main fight is being waged against the election of Miss Mary Foy, who has just finished serving four months of an unexpired term to which she had been appointed.

There are two tickets in the field, one bearing the names of Miss Foy and W. F. White (incumbents) and the other the names of R. A. Throop and A. C. Davis. There is one remaining member of the board whose term does not expire, Rev. George M. Teel. The supporters of Miss Foy declare that the opposition to her is based upon the ground that she is a woman, and in consequence the women of the district have taken up the fight in her behalf. Last night there was a mass meeting called in her interest at Turner Hall, Avenue 64 and Eagle Rock avenue, and about one hundred members of the fair sex were on hand to cheer Miss Foy on to victory.

Mrs. Clara Shortridge Foltz, the woman attorney, was among those present, and she made a ringing address, appealing for the support of the men for Miss Foy at the polls today. The opposing candidates were also in the hall, and Mrs. Foltz took occasion to pay her respects to them in plain English. She pleaded for woman's representation on the School Board, and among other things said:

"If you men want the schools run properly, you must have women to do it. There are a few old fogies left who do not believe in women lawyers or women physicians, but they are simply back numbers. Women seem to be disqualified for holding any public office whenever there is a salary attached to it, but we are all right for appointment to positions that are complimentary. It is easier for some women to remain at home and wait for you men to bring home money to them, and a good many women know how to hold down that kind of a job." She made a strong plea for Miss Foy, who she announced was studying law, "and," said Mrs. Foltz, "when she gets admitted to practice, you watch and see some of the men lawyers hitting for the woods."

Considerable ill feeling has been engendered, as it is claimed that the opposition to Miss Foy kept secret their intention to place another ticket in the field. Circulars were distributed throughout the district yesterday asking for votes for Messrs. Throop and Davis, the appeal being signed by R. C. Daniels, Purley Wright, William Scheupper and Charles G. Weaver. Daniels is a teacher in the Los Angeles Polytechnic School. Candidate Davis drives a wagon for the Fifth Street store, and Candidate Throop is connected with the teaming department of the R. A. Baker Cement Company.

Miss Foy also addressed a meeting last night, setting forth her ideas in regard to the management of the schools, her interest in playgrounds for the children, and her opposition to corporal punishment. She declared that she stands for a progressive policy and an economical administration that will not impair the educational facilities of the district. The voting today will be at the Annandale school house. There are five schools in the district.

By the terms of a treaty just concluded between the Mexican Foreign Office and the British Foreign Office, England and Mexico have equal rights in the navigation of the rivers that form the boundary between Yucatan and British Honduras.

STUNG AGAIN
When you think that you're going to get something for nothing in this world you find that there is always a string tied to it, or a "come back" of some sort. But many cheap tailors will try to make you think that they're giving you something for nothing, but their product won't stand the test. Lincoln said, "You can fool some of the people all the time, and all the people some of the time, but you can't fool all the people all the time." Well, we've been established in this town long enough for all the people to know what kind of work we do. And the popularity of B. & K. system made-to-order suits shows plainly enough that they do know.

Sailor Fleeces His "Fellow Countryman."

Room at Angelus Hotel the Scene of Operations.

Borrowed Money of Friends Under Duress.

One of Uncle Sam's sailor men seems to have branched out on wrong lines as a financial worker, and his successful operations in this city, particularly among the Greeks, have paid him well. In three days, the sailor cleaned up several hundred dollars, and departed yesterday for other fields. Among his victims are John Scolinos, fruit dealer, No. 659 South Hill street, who contributed $100; John Krithares, florist, No. 407 West Seventh street, who was relieved of $95; a Greek carpet cleaner at the Angelus Hotel, $30; and David Daimos, whose purse yielded only 75 cents.

The sailor rolled into Scolinos's fruit store last Sunday, accompanied by two men, one of whom was a Filipino in sailor costume, and the other evidently a civilian. He mentioned the name of a mutual friend to Scolinos, and as he talked in Greek, the fruit dealer was delighted to meet a compatriot. In fact, the sailor, who gave a polysyllabic Greek name, was such an accomplished man, speaking seven languages that Scolinos invited him to have a drink at the soda fountain. As the beverage was drawn, the linguistic gentleman dismissed his friends, and Scolinos casually, as if it were an ordinary matter for a common sailor to stop at a first-class hotel, invited the fruit dealer to go to his room at the Angelus.

Scolinos went, and now he is sorry that he did so. After inspecting the room, and being entertained in the hotel parlor, where the sailor played the piano and sang songs in Greek, Turkish, and other languages, an invitation followed to dinner, which was arranged for Monday. This was served in the Angelus grill, and the friends adjourned to room No. 614, which the sailor occupied. There the real plot "hastened to its denouement." Scolinos was asked bluntly for a loan, and at the changed attitude of his host, drew out his pocketbook, intending to hand over $20. The money looked good to the sailor and he took all in sight, amounting to $100. Fearful of losing $200 in gold from his hip pocket, Scolinos sought to escape from the room, but discovered the door was locked.

The sailor assured the fruit dealer he would make prompt payment for the loan. He said he was from the cruiser New Orleans at San Pedro, and invited his compatriot to visit him on the ship and receive presents of Japanese goods. He was so friendly that Scolinos forgot to mention the trifling loan he had made, to his friend, John Krithares, the florist. On Monday, the sailor met Krithares at the fruit store and took him to the Greek Club, No. 414 North Main street. Later they went to rom No. 614 at the Angelus, where the florist, in fear of his life, delivered up $95.

Scolinos said the sailor was tall and heavily built, about 30 years of age, and evidently a Bulgarian. He wore six bars on his shirt, indicating twelve years' service in the navy. A steamer's propeller was worked on the sleeve of the right arm. On the right arm a Japanese girl was tattooed, and on the left was pictured a Greek girl and a Greek flag.

At the Angelus Hotel it was found that the sailor had registered last Saturday, in Greek letters, and was assigned to room No. 614. He was described by the clerk as "an ugly looking cuss, who could not talk English well." He paid in advance until yesterday.

Scolinos went on a quiet hunt, and found the sailor's coat in room No. 614, and this led to a name, J. K. Girk, affixed to the garment, evidently the cognomen under which the smooth tar enlisted on the New Orleans, and from which he is probably a deserter.

STANTON CLUB FORMED.

Candidate for Governor Tendered Reception and Will Start on First Campaign Trip Today.

Friends and neighbors of Philip A. Stanton in the Seventy-first Assembly District, which he has represented in the Legislature for four successive terms, tendered him a reception in Masonic Hall, Main and Thirty-third streets, last night. The speakers were D. J. B. Cook, chairman; George L. Saunders, Lieut.-Col. S. M. Saltmarsh, ex-Judge Charles J. Noyes, and Mr. Stanton, candidate for Governor.

After the speaking a Stanton Club for the Seventy-first Assembly District was organized, and Prof. William Reed elected its president.

A party of twenty-five Stanton boosters will accompany Mr. Stanton this morning to San Bernardino and other near-by cities. The start will be at 8:20 o'clock.

TWO HOLD-UPS; ONE DOLLAR.

Nelson Bro, of No. 1127 Le Grande street, reported to the police last night that, at about 11:30 o'clock, he was held up by two negroes at the corner of Le Grande street and Santa Fé avenue, and robbed of $1 and a pocket knife, all he had with him. One of the negroes covered him with a revolver while the other footpad searched him. The robbers are believed to be the same who held up John Wesley at the corner of Santa Fé avenue and Cheney street Wednesday night and found him penniless.

A PRODIGY OF ARCHITECTURE.

New Arlington Hotel to Be Magnificent One.

To Embody Principal Styles of Many Missions.

Work Starts on Hostelry at Santa Barbara.

On the site of the first tourist hotel in Southern California excavation will be commenced next week for one of the stateliest and most picturesque hostelries in the world. The great pile will be known as the New Arlington and will occupy the site of the older hotel of that name at Santa Barbara, which was destroyed by fire last August. The architect, Arthur B. Benton, of this city, won international fame as the designer of the beautiful Glenwood Mission Inn at Riverside. Mr. Benton's plans for the Santa Barbara hotell call for a monumental building, which, architecturally, will probably surpass anything in the Southwest.

The proposed hostelry will occupy an entire block, as does the famous Riverside inn. It will consist of three enormous wings radiating from a central building, the whole being adapted from the best in the mission architecture of the Southwest. The cost of the project will be something in excess of $300,000, which is largely represented by the subscriptions of local investors. The hotel will be ready for occupancy next winter.

At the time of the fire which destroyed the old Arlington, a part of the building known as the Annex was saved, and this will be utilized in the new structure. The construction of the new portion will be in reinforced concrete. The wings will each be three stories in height. The central part will be five stories, flanked by two mission towers.

The New Arlington will be reminiscent to a wonderful degree, embodying and preserving many of the characteristic features of the California Missions, as well as of the noted Missions of Arizona and Texas. San Gabriel, Pala, San Juan Capistrano, Carmel and San Luis Rey will all be perpetuated in some part of the huge structure. The preservation in permanent form of the best in early California architecture is aimed at.

The angles formed by the wings of the building will be ornately gardened and beautiful drives will be laid out. Over the main driveway a unique pergola arch will be extended. The site is a commanding one and the scenic attractions are unsurpassed.

The old Arlington was famous as the stopping place of many noted people, having been the first resort hotel of any consequence in Southern California. At the time of his trip around the world, Gen. Grant stayed at the hotel for some time. One of the traditions of the place is that Cornelius Vanderbilt once hired the entire hotel for the entertainment of a party of his friends. The New Arlington is to occupy historical grounds.

Among the stockholders in the enterprise are a number of wealthy winter residents, notable among whom is E. P. Ripley, president of the Santa Fé Railroad.

Man Near Death at Whittier Tells Curious Story.

Says Horse Thief Waylaid and Shot Him.

Mysterious Affray Occurs on Country Road.

Asserting that a mysterious horse-thief shot him, Frank Howard, aged 22, of Watts, was found with a bullet wound in the abdomen, which will probably prove fatal, two and a half miles west of Whittier, at 7:45 o'clock last night.

Before he lapsed into unconsciousness at the Whittier Hospital he told a very peculiar story. He said he was riding along the road when he over-

POOR POLICY.

FEARED BANKS; LOST HIS GOLD.

EL MONTE RANCHER ROBBED OF BURIED TREASURE.

John Guess Asks District Attorney to Assist Him in Recovery of $500 Which He Had Cached in One of His Fields—Thief Took But Half What He Had There.

The lack of faith in banks of John Guess, a wealthy rancher of El Monte, cost him just $500 in good gold coin. Now he is seeking the aid of the District Attorney's office in prosecuting the thief.

When Guess disposed of his crops last fall he placed $1000 in gold in an old tin can and buried it in a field near his house. He stored his treasure by night, without the light of even a candle. He thought that he was unobserved, and that his gold was much more safe than if it were in a United State depository.

The spring rain called him forth to the plow Tuesday, and he was joyous over the prospects of putting in his crops under favorable conditions, as he turned over the black furrows. But his joy was doomed to short life.

As he passed his cache his eyes traveled fondly toward the spot which he had marked off in his mind by metes and bounds and monuments. His heart took a leap, and he had a funny feeling in his pocket-book. The reins were cast on the plow handles.

One glimpse convinced him that some one had been tampering with his storehouse. In a few moments he uncovered the rusty can and saw the gold, which had been dulled by contact with the dirt and moisture. For a moment he thought that he was mistaken as to the signs of a visit. Then he counted the clinking coins. There were just twenty-five $20 gold pieces. The fact that the thief had been sufficiently generous to leave him with half a loaf was little consolation.

Guess did some guessing, and began a still hunt. What he found caused him to seek Deputy Dist.-Atty. McCartney and ask for a complaint against the offender. He alleged that he found $80 in gold buried near the house of a neighbor, who was at times employed by him to work on his ranch. He declared the coins showed that they had been buried about the same length of time as had those which remained in his private deposit.

McCartney issued a "John Doe" warrant for the neighbor, charging him with grand larceny. It is said that most of the evidence against him is of a circumstantial nature.

Guess is said to have declared that he would rather take a chance on a bank failure in the future than risk having his hiding places discovered.

GOOD SAVING ALL AROUND.

City Pays Its Laborers Cash, Cuts Out Loan Sharks, and Is Ahead.

In its first test of an evening "pay line" for the laborers of the city yesterday, two important facts were demonstrated.

One was that the men who were paid received $100.25 more than they would if Loan Shark Arnold had been their paymaster, as he has been for years.

Another was the saving in time on duty that otherwise would have been spent by the men in drawing their pay every week. This is estimated to be $260. These savings will continue every week.

The "pay line" was in charge of James Cowan, deputy Auditor, who delivered the warrants, and Nate Powell, deputy Treasurer, who paid out the city's cash for the warrants. The forces of both the Auditor's and Treasurer's office worked four hours extra to accommodate the laborers and free them from the loan shark's grip.

When the office closed 402 men had been paid. They received $11,233.54. This is about the number usually paid weekly by the Arnold system. If he had paid them, each would have been charged 25 cents for the accommodation. If the city had no evening "pay line" the men would have lost $260 worth of time going to the City Hall to draw their money.

At no time was there any great delay. The men came in steadily after 5 o'clock. This is their best evidence of appreciation of the system. All said the arrangement was satisfactory. The officials were able to give

EN ROUTE.

ESPEE CHIEF NEARING CITY.

RIPLEY CALLED NORTH BEFORE LOVETT'S ARRIVAL.

Union Station Conference Postponed to Later Date—Harriman's Successor Has no Fear of Gould Invasion of California—Visit to Mexico Stimulates West Coast.

There will be no meeting here at the present time between President Ripley of the Santa Fé and Ex-Judge Charles S. Lovett of the Harriman lines, to discuss the Union Station question, for President Ripley has been called to San Francisco to attend to personal matters and will leave Los Angeles by special train today.

Ex-Judge Lovett, however, will arrive in Los Angeles tomorrow from Arizona, and a later meeting will probably be arranged, either in San Francisco or at President Ripley's home in Santa Barbara.

Ex-Judge Lovett and party, consisting of Epes Randolph, Charles S. Fee, Robert Goelet and E. E. Calvin arrived at Phoenix, Ariz., at noon yesterday, and spent an hour at the capital. During the afternoon the party inspected the Phoenix and Eastern road. Judge Lovett was interviewed by a representative of The Times in Phoenix, and stated that the Phoenix and Eastern will be promptly completed as soon as the right of way through Box Cañon is approved by the Secretary of the Interior.

Box Cañon is the key to the situation, and upon this depends whether or not the Colorado-Arizona line will be finally completed. Two million dollars, already have been provided by the Harriman interests for the Arizona and Eastern extensions.

The attention of Judge Lovett was called to the statement that the Goulds are preparing to invade California, and the judge said: "I guess we can take care of ourselves in any case. Let them come."

In regard to the Pennsylvania lines acquiring the control of the Santa Fé, which report already has been declared absurd by Santa Fé officials, Lovett said: "This is just a stock market report, and is not worthy of credence. I cannot discuss the matter further."

The visit of President Lovett to Mexico is reported to have resulted in the immediate resumption of construction work on the West Coast line of the Southern Pacific from Mazatlan to Guadalajara.

Many hundred mules and a large quantity of equipment has been hurriedly shipped by Grant Brothers, and work on the Barranca division will be started at several points.

This division is the hardest on the entire line, as it includes the crest of the Mexico plateau, a rise of over a mile of elevation from the sea coast in a comparatively short distance.

J. C. Stubbs, traffic manager of the Southern Pacific system, left the party hurriedly at Mazatlan, to attend the funeral in San Francisco of his daughter, Mrs. John Sutherland.

The Chamber of Commerce will not prepare a reception for the railroad magnates, until the wishes of the guests can be ascertained. "We have telegraphed to Judge Lovett," said

took a man whose name he does not know, but from whom he bought a horse day before yesterday. As he got alongside the stranger the latter fired at him, he says. Howard retaliated with two shots, and then was hit in the left side. The bullet went through his abdomen and lodged in his clothing.

People living in the neighborhood where the duel took place says a regular fusillade was fired by the combatants.

Howard recently worked for a rancher man near Santa Ana. He says a horse was stolen from the farmer on Tuesday. Yesterday, he declares, a stranger, the man who later shot him, offered him a horse for sale. He did not recognize the animal as the one that had been stolen, and bought it.

He was riding it near Santa Ana when the Sheriff of Orange county recognized the horse and told him that it was the one which had been taken from the ranchman.

Howard gave up the horse and last night was riding another animal en route to his parents' home at Watts. While near Whittier he saw ahead of him the man from whom he had secured the stolen beast.

He thinks the latter recognized him, although it was dark, and decided to kill him, having learned that the Sheriff was on his trail.

Sheriff Hammel and a deputy took up the search for the mysterious assailant last night.

FIRE LOSS HEAVY.

Flames Attack Broadway Store and Threaten Apartment House. Inmates All Escape.

Fire, presumably caused by crossed electric wires, entailed a loss of $12,500, at about midnight, in the store of C. H. Baker, No. 451 South Broadway, and in the Normandie apartments, over the shoe store, with an entrance at No. 455 Broadway.

The fire originated in the rear of the shoe store, and before it could be discovered, the flames had run with rapidity up and along the long rows of boxed shoes. The cardboard boxes burned like so much tinder, and for a little while it seemed that the fire would gain proportions that would make its control extremely difficult, if not impossible, before much of the most valuable property in the retail district had been destroyed.

From the shoe store, the flames, burning their way through the ceiling, gained the Normandie apartments overhead, where a number of persons were sleeping. The alarm from the fire downstairs, however, had awakened all of them in ample time to make their escape, and the loss in that part of the building was estimated last night at no more than $2500.

J. Wiesenberger, the jeweler at No. 453 Broadway, also suffered some loss through water and smoke, but the heaviest loser was Baker, whose loss is estimated by Manager Ernest G. Osborn at $10,000.

SUMMARY OF THE DAY.

The Council committee investigating the garbage collection system denied the request of the Board of Public Works for the restoration of the Vernon disposal point yesterday.

Charged with violating the laws governing the manner in which corporation dividends may be declared, the directors of the Hamilton Mining and Milling Company were called to trial before a jury in Justice Chambers's Police Court yesterday.

J. P. Durbin and several hotel companies filed an action in the Superior Court yesterday, requiring the city of Los Angeles to come into court and show cause why it should not be enjoined from interfering in the carrying out of a garbage contract held by Durbin.

Sam and Simon Pearlin, brothers convicted of embezzlement, were allowed probation yesterday by Judge Willis.

A jury found Frank H. Robinson, editor of the Antelope Valley Gazette of Lancaster, not guilty of slandering his rival, C. E. Jones, of the Ledger, in Judge Davis's court.

W. J. Danford, the disbarred attorney, was sentenced to three years in San Quentin, on a charge of forging a telegram. The prisoner appeared a broken man.

The jury in the case of the People against H. Leslie Harris, charged with grand larceny, was secured in Judge Willis's court yesterday, and the taking of evidence began.

AT THE CITY HALL.

NO CHANGE IN GARBAGE PLAN.

CONTRACTOR MUST DO WORK UNDER FIVE-MILE LIMIT.

Council Committee Denies Request of Board of Public Works to Restore Vernon System, But Warns Contractor He Must Live Up to the Specifications.

A score of women whose husbands couldn't leave their work and a score of husbands who could leave, represented the Sixth Ward before the joint session of the Council committees on Legislation and Streets and Boulevards yesterday afternoon. They came to protest against the effort of W. M. Humphreys and the Board of Public Works to restore Vernon and its hog-raising district as the disposal point for city garbage.

The delegation had N. L. Blabon for its spokesman and he declared the people of the southeast portion of the ward were tired of being disturbed by the efforts to continue the Vernon nuisance and he blamed Humphreys for the present situation.

A long discussion was held, in which much feeling was displayed by all the speakers. Herbert J. Goudge spoke for Charles Alexander and declared the board was condemning Alexander as an inefficient contractor without citing specific cases, and that the seeming purpose was to abrogate the contract and show "solicitude for the welfare of the hogs at Vernon."

Humphreys stated that Alexander had failed to comply with his contract in failing to enter premises to collect garbage, in not providing wagons that would not leak and in loading the contents of the wagons at Anderson and Aliso streets in an unsanitary manner.

The committee asked Alexander if he would correct the cause of complaint if given time, and he said he would. Chairman Gregory then told the Sixth Warders that they need not worry about the restoration of the Vernon system and told Alexander that he would receive sufficient time, and no more, to comply with his contract.

Alexander said he was preparing to move his loading station to a point on the Pasadena line, near the Covina junction, and would have the change made in two or three weeks.

This announcement was later opposed before the Board of Public Works by C. T. Paul, chairman of the Sanitation Committee of the Federated Improvement Association, who told the board the Ninth Ward would revolt. He suggested loading it at the City Incinerator.

Chairman Gregory told the Sixth Warders that it would be only six months or a year until the city has a new system and a new incinerator. This statement was surprising, and Gregory afterward said a man named Faust was talking to members of the Council with a view of establishing an incinerator or reduction plant.

Gregory also told Alexander that he (Gregory) did not believe Alexander could fulfill the contract and that he would eventually, in a year or so, give it up.

As a result of the hearing, the committee decided to report to the Council denying the request of the Board of Public Works to hire teams during April to collect garbage and take it to Vernon.

HARBOR FIRE BOAT.

CHIEF TO INVESTIGATE.

The need of a fire boat at San Pedro, where there are large lumber interests and exposed sea craft, was discussed by the Fire Commission yesterday, with the result that acting Chief Todd was authorized to confer with the steamship and lumber interests there in an effort to revive an offer of a tug for fireboat purposes, or to hire one. This offer, it is understood, was that the steamer owners would give the tug if the lumbermen would provide for engineers to man it.

The commission authorized the Board of Public Works to award the contract for the new engine-house at Stephenson and Euclid avenues to the F. O. Engstrum Company at a cost of $14,406. The plumbing contract amounting to $941 went to Charles Strock.

An oxygen helmet for use of the fire department was authorized. It is to be the same pattern as was used successfully at the Cherry Valley mine disaster. A recent test here showed that a fireman could remain twenty-five minutes in dense smoke without danger.

G. P. Dunn, a hoseman dismissed five years ago, asked reinstatement. He alleges that former Chief Lips dismissed him without a trial and because of personal differences.

The Selig Polyscope Company was granted a permission to make moving pictures of the Los Angeles fire department.

The commission again denied the annual request of firemen that they be permitted to go in their shirt sleeves during the summer months.

Must Move Oil Plant.

Another phase of the quarrel over the city garbage contract appeared in the Superior Court yesterday, when an action was filed to restrain the city of Los Angeles from interfering in the business of P. J. Durbin and others from collecting the garbage from the plaintiffs in the action, and commanding that the municipality appear before the court and show cause why an injunction should not issue against it, and compelling it to desist from attempting to carry out the terms of the pretended contract existing between the city and Charles A. Alexander.

The suit of the action instituted to force the fighting on the garbage proposition is Boos Brothers, P. J. Durbin, Jonathan Club, Hart Brothers, the Angelus Hotel Company, Hayward Hotel Company and the Alexandria Hotel Company, against the city of Los Angeles, Leslie A. Hewitt, City Attorney; A. Galloway, Chief of Police; Charles A. Alexander and others.

It is alleged that six months ago all of the defendants, with the exception of Chief of Police Galloway, who was not then in office, sought to unlawfully and by force take away the property of the plaintiffs, consisting of wagons, horses and closed cans utilized in the hauling of garbage and vegetable matter, and to destroy the same, or turn them over to Alexander, who had a pretended contract with the city for the removal of garbage.

It is also set out that Alexander has notified the plaintiffs that they cannot longer haul garbage through the streets of the city, but that the same must be turned over to him. It is further alleged that the by-products of the garbage are very valuable, and that if the plaintiffs are estopped from taking the same away and utilizing the stuff, they will be damaged in a sum not less than $10,000.

It is also made a part of the complaint that Alexander, under the terms of his pretended contract with the city, has established a loading station at Company, a subsidiary of the Union Oil Company, to remove its oil pumping plant at Second and Beaudry streets. The committee also decided that it would report on the opening of West Eighth street next Tuesday, though the nature of the report is not determined. It will be either a redistribution of damages or the abandonment of the proceedings.

Pico Street Assessments.

Assessments for the lighting of Pico street are now being collected by the Tax and License Collector and must be paid before April 21, or become delinquent. In case of delinquency the property affected will be sold May 20. The law requires the collection of the money before the contract is begun and the collector is anxious that all property owners, who are probably not familiar with the legal requirements, shall pay promptly and avoid delinquency penalties.

Vermont Avenue Bridge.

A new bridge over the tracks of the Los Angeles Pacific, at the expense of the company, is what the Streets and Boulevards Committee will recommend to the Council for the intersection of Vermont avenue and Temple street. Complaint has been made of the present wooden bridge, which is only twenty feet wide. Vermont avenue is seventy feet wide at this point and is to be made 100, and the committee believes the bridge should be of concrete and consistent with the street width.

to the health of the persons residing in that vicinity.

The trouble concerning the removal of the city garbage was heard in Judge Monroe's court some weeks ago, where the court decided that the contract with Alexander was a legal one; that under the police powers granted municipalities the city had the right to make such an agreement, and that the plaintiffs had no right to haul the garbage to the Durbin farm, where much of it is fed to hogs by Durbin, no permit having been issued.

The contract covers the entire city as far south as the Manchester avenue line, and under its terms Alexander receives $4000 a month during a term of five years, beginning with March 1.

ALLEGED SLANDER.

CITIZENS OF WATTS INVOLVED.

Judge Hervey's courtroom was crowded with residents of Watts yesterday to hear testimony in the suit brought by J. C. Kean, a painter, against William Diller, for $10,000 damages on account of alleged slanderous language, indulged in by Diller June 10, last. Kean was employed in varnishing the interior woodwork of the Diller home on that day, when $100 belonging to Diller mysteriously disappeared.

When Diller discovered that he had lost the money, according to the complaint and testimony, he let out an "awful roar" and, going down to the Crawford barber shop, where all of the village "cut-ups" were congregated, he is alleged to have used language indicating that he had not only lost the cash, but that he knew the name of the thief, and it was Kean.

There are other counts in the indictment against Diller, it being set out that he employed similar language in the presence of a number of the good people of Watts, all to the effect that Kean had taken the money.

The dispute between Kean and Diller became so acute in the town that everybody took sides in the contention, and among those mixed up in the fracas, and who is quoted as being one of the many citizens of Watts to whom Diller complained in regard to Kean, is ex-Recorder C. E. Street, who is not on the best of terms with Diller on account of some friction that developed when Diller was a member of the Watts City Council and Street was in power.

A motion to order a non-suit was denied by the court, and at the conclusion of the testimony for the defense, Judge Hervey decided the case in favor of the defendant.

ALLEGED NUISANCE.

CHICKEN COOP BUTTS OVER.

The question whether a chicken house that is partly built on the ground of another is a nuisance, and whether the fact that a part of a house extends over the boundary line, is worth an order of the court to abate the condition, is the issue involved in an action filed yesterday by Margaret B. Adams against Bertha and Joachim Nicolai, in the Superior Court. The plaintiffs reside at No. 2200 Maple avenue, and the defendants at No. 2206, on the same thoroughfare, being adjoining neighbors.

It is alleged by the plaintiff that part of the defendant's house extends over the line of Mrs. Adams, and that a chicken coop is maintained there by the Nicolai family. The situation is declared a nuisance, in the language of the complaint, and the court is asked to interfere and put an end to the same.

BIG BALDWIN SALE.

CONTRACT REPORTED IN COURT.

H. A. Unruh, administrator of the estate of E. J. ("Lucky") Baldwin, filed in the Probate Court, yesterday, a contract to dispose of 180 lots belonging to the "Lucky Baldwin Tract," to F. W. Rointhwaite, for the aggregate sum of $82,450.

This is the largest single sale of Baldwin lands reported since the estate has been in the hands of the administrator. The confirmation of the sale will be considered in Judge Rives's court, April 11. From the instrument it appears that W. P. Boland is entitled to a commission amounting to $2414.85, for making the sale of the acreage.

SISTER SEEKS ESTATE.

MONEY LET TO FRIEND.

For a second time the action brought

who died in Los Angeles in December, 1907, and that he account to the plaintiff for the moneys belonging to Rogers, is before the Superior Court in Judge Hutton's department. About six months ago the case was heard by Judge Conrey and the finding was in favor of the defendant, but a new trial was granted the plaintiff by that court and the matter was then transferred to Department Four.

The plaintiff is an aged lady, and, according to the wording of the complaint, makes her living by washing. Rogers and Hayward were great friends, and some time before the former's death he loaned Hayward $400, for which a note was given.

It is charged that, taking advantage of the confidence that Rogers had in his friend, Hayward induced the decedent to draw from the Security Savings Bank $166.32 and from the Southern California Savings Bank $1030.13, all of which was deposited in the name of Hayward in the Security Savings Bank, and to his credit in that institution.

This act, it is alleged, indicated the influence Hayward had over Rogers, to the detriment of the sister of the decedent, who, however, under the terms of an agreement made between Rogers and Hayward, was to receive a regular monthly allowance for her maintenance and support.

It is not asserted that Hayward has defaulted in making any of the payments, but the amount is deemed insufficient, and, in any event, it is the opinion of the only relative left by Rogers that his entire estate should go for her benefit.

She therefore asks that Hayward be declared trustee for the use of the estate and that he be required by the court to render an accounting of money and property that has come into his hands, with the further proviso that if it should appear that he has invested any of the trust funds in real estate, that such property be turned over to the sister as sole survivor of Rogers. The case will continue the balance of the week.

RICHES AT EIGHTEEN.

HALF MILLION ON BIRTHDAY.

According to a report filed in the Probate Court yesterday, Dorothy Elizabeth Vandevort of Pasadena came into possession of a fortune of $680,000 on March 9. On that date Miss Dorothy reached the age of 18, and the money and securities were turned over to her by her mother and guardian, Mrs. Florence Vandevort Cruickshank.

The fortune consists of $637,100.59 in real and personal property, and $43,-794.89, on deposit in Pasadena banks. Much of the estate is in United States Steel Corporation bonds, and in Pasadena realty, the Vandevort block being one of the items. Since November, 1909, the estate has increased by $42,-277.15, and in the last four years it has increased $216,000, according to the report. The mother was married to a Pasadena attorney some months ago.

LESLIE HARRIS ON TRIAL.

MOTHER AT HIS SIDE.

An aged lady, veiled in black, sat by the side of H. Leslie Harris all during his trial in Judge Willis's court yesterday. It was his mother, who has recently been twice bereaved by the death of a husband and a son.

The charge against young Harris is that on December 19, last, he stole $587.75, the property of the MacFarland Shirt Company. He was captured after a hot chase, and several hundred dollars of the money disappeared through a second party, who was never apprehended.

The defense of Harris, as outlined in the opening statement of his attorney, is that he, for a long time previous to the alleged robbery, had been a partner in the business and that, therefore, he had a right to be in the place when he was surprised by the sudden appearance of Don MacFarland that Sunday afternoon, when Harris grabbed the money and tried to make his escape. If, therefore, Harris had an interest in the enterprise, he could not be charged with grand larceny, for he could not steal from a corporation of which he was a member and in which he had an interest.

The theory of the State is that Harris effected an entrance into the store by means of a key that he had retained possession of after he left the employment of the MacFarland Shirt Company, and that he opened the safe through a combination which had never been changed after he left for the North. Why Harris should be al-

important features that may be explained by the testimony.

Late in the afternoon the following jury was empaneled to try the issues in the case: J. H. Baker, Bertram Fish, John H. McNell, Rudolph Brunner, J. A. Hubinger, E. W. Pettis, William J. Cox, Jesse Knight, R. H. Scudder, A. Edmunds, W. T. Moulton and Henry Selmer.

The first witness in behalf of the prosecution was John H. ("Don") MacFarland, president of the MacFarland Shirt Company. The books of the corporation were produced, with a view to showing that at one time H. Leslie Harris was an officer of the company. A great many of the important questions along that line were ruled out by the court. The trial will begin in earnest this morning.

SAN QUENTIN FOR DANFORD.

ATTORNEY IS SENTENCED.

It was not the same defiant, bitter and brazen William J. Danford, who stood before Judge Davis for sentence yesterday, but a broken, miserable man, who realized at last that he had come to the end of the crooked trail.

The once proud man was compelled to steady himself as he stood at the bar, his face an ashen hue, with the look of one who has played his last card. The sentence of the court, three years in San Quentin, was the only bright spot that Danford recognized in the proceedings of the afternoon. It might have been five—the limit of the law. He smiled sarcastically as the term was pronounced.

When the case was called, Judge Davis promptly overruled the motion for a new trial and an arrest of judgment, but after pronouncing judgment an order of probable cause was filed in behalf of Danford, and that was signed by the court. This will have the effect of a stay until the case is finally disposed of in the Supreme Court. Danford will lose all of the time he spends in the County Jail pending the final hearing. Some of his friends tried to dissuade him from taking this last step, thinking it better for him to go immediately to prison and begin serving the sentence of the court.

In passing sentence, Judge Davis said:

"The jury has found you guilty of this felony, and the court has heard all of the testimony, and must deal with you from the standpoint of guilt. The offense of which you have been convicted is a flagrant one; it is a serious charge, and would be against an individual in any walk of life. If you committed the offense charged here, and you are now being dealt with from that standpoint, it involves a degree of moral turpitude and a degree of perfidy that very greatly reflects upon you, particularly under the circumstance of your being a member of the bar.

"The statute provides the duties of an attorney at law, and the first duty which is prescribed, and a duty which you took an oath to perform, was to support the Constitution and laws of the United States and of this State. You have violated the law of this State and committed a crime, and have been unfaithful to your duty as a member of the bar. This circumstance of your professional relation to society is, in your case, an aggravated circumstance. There would be no excuse for a layman, there would be no excuse for an ignorant person, committing this crime—no legal excuse, and certainly there could not be any justification for an attorney at law doing the act which you have done, and which constitutes this crime."

Danford was convicted of forging a telegram purported to have been signed by I. F. Brown, cashier of the First National Bank of Telluride, Colo., guaranteeing the payment of a $5000 bond, alleged to have been issued by the San Miguel Land and Water Company, of that city. Cashier Brown testified that he had never sent such a message, and that no such corporation existed in Colorado. C. J. O'Keefe was the complaining witness. Danford tried to get him to loan $1000 on the instrument.

PRIMARILY--STABILITY

—It is a fact well known throughout the United States that the strongest financial institutions in existence are the Massachusetts Savings Societies.

—The Equitable Savings Bank is conducted *exclusively as a savings bank* upon the same principles as the Massachusetts Societies—principles that many years of actual practice have proved to afford the greatest protection to depositors.

—In addition to this unusual stability, this Bank computes interest on all savings accounts on a *monthly basis*—the basis which is absolutely fair to every depositor and saves losses from interest forfeitures.

4% —*Computed Monthly* on savings accounts which require presentation of pass books for withdrawals.

3% —*Computed Monthly* on special ordinary savings accounts which are subject to check.

ASK MILITARY DEFENSES.

Chamber of Commerce to Indorse the Movement to Secure Fortifications for Pacific Coast.

Without doubt the Los Angeles organization will indorse the action of the Associated Chambers of Commerce of the Pacific Coast in instituting a concerted movement for additional defenses on the Coast. The question is now in the hands of the Committee on Military Affairs and it will report at next week's directorate meeting. The movement began with the Portland Chamber, which asked all the affiliated bodies to join hands.

Believing that the Pacific Coast is lacking adequate defenses in the way of fortifications, battleships, submarines and other means of protection in case of war, the leading commercial organizations of the Coast are to start a campaign in that direction. The San Francisco, Oakland, San Diego, Portland, Los Angeles, Seattle, Tacoma and Spokane Chambers of Commerce make up the organization.

Working through the various delegations in Congress, the affiliated organization wields an immense influence. Hitherto every campaign begun by it has been successful.

It is urged that heretofore the Atlantic Coast has had the greater share of the appropriations for defenses. Some military authorities do not hesitate to say that they believe the next seat of war, if there is one, will be on the Pacific Coast.

It has been declared that a hostile fleet could ravage the entire Coast and destroy hundreds of millions of dollars worth of property without any serious resistance. As soon as all the members of the Associated Chambers of Commerce have agreed upon concerted action, the campaign will be started.

TREMENDOUS.

BIG MONTH IN CITY BUILDING.

MARCH HOLDS RECORD FOR NUMBER OF PERMITS.

Alexandria Hotel Annex, Held Over, Would Have Made Highest Valuation, a Mark Which Will Probably Be Reached in April—Million Dollars in Homes.

Without a single unusually large building item to pad the total, the report of the Chief Inspector of Buildings for March shows that during the month closed yesterday the city departments issued 1053 permits for structures to cost an aggregate of $1,719,921. In one respect, namely in the number of permits taken out, the month is the banner March of the city's history and only one other March, that of 1906, exceeded the month just closed in point of valuation.

The permit for the $1,000,000 addition to the Alexandria Hotel, which, until the last moment the building department expected to be able to add to the month's business, but which cannot be completely passed upon for two or three days, would, if included in the big total recorded, have placed March, 1910, far in the lead of any other month. That proud place in the city's history will, beyond any doubt, be claimed by the month beginning today.

Permits, applications for which have already been filed, call for building to cost over $1,250,000 which will be credited to the April business. This big "starter" includes the application for the Alexandria Annex permit, but does not include the $500,000 building for the Los Angeles Trust & Savings Company, which is also slated for the month. The officials of the Building Department yesterday predicted that the April record would be nearer $3,000,000 than $2,000,000.

To date for the year the building permits total 2800 and represent a valuation of $5,010,821. This average if persisted in will give 1910 over 10,000 permits and the record valuation total of $20,000,000. The gain over the first quarter of 1909 is 834 permits and $2,-625,42? valuation.

The amazing feature about the big March report is the fact that over $1,-000,000 of the great total is represented by the activity of the home builders of the city. No other month can boast anything near such a record of residence construction, even the past three or four busy months falling behind. In all, 527 permits were issued for houses to cost $1,040,929. In fact, the March record for ordinary building is the best in the city's history.

Following is the classified report of the March permits:

	Permits.	Valuation.
Class A, reinforced concrete	2	$ 45,000
Class C	40	281,227
Class D, 1-story, frame	403	578,354
Class D, 1½-story, frame	56	129,700
Class D, 2-story frame	68	332,875
Class D, 3-story frame	4	68,000
Churches (all classes)	1	1,000
Public buildings (city)	2	$4,628
Sheds, barns (frame)	147	21,727
Foundations only	2	2,250
Brick alterations	33	$4,858
Frame alterations	378	79,297
Demolitions	12	1,135
Total	1053	$1,719,921

Comparisons with last year, for the month of March, 788 permits; $1,-154,726 valuation.

General rains of Monday night, Tuesday night and Wednesday in Texas and Oklahoma probably will insure a fair corn crop, but a continuance of the present cold wave possibly will cause much cotton to be replanted. In Southwestern Texas the heaviest rainfall in twenty years occurred Wednesday afternoon. All streams have risen from 10 to 15 feet, and in places have overflowed. Ranchmen suffered heavily.

GIVES UP YUMA FARM.

One Successful Applicant Decides to Abandon Claim and Second Drawing Will Follow.

Though the drawings for the Yuma farms were supposed to be over day before yesterday, the Register and Receiver received word yesterday that one of the successful applicants had become dissatisfied with his apportionment. Emil Shostrom, the favored one, informed Receiver Robinson that he had concluded to give up his chance. He had been to see the land and concluded, he said, that it would take too much money to reclaim it.

Both the Register and Receiver praised the voluntary admission of the applicant that he did not want the land. His action will make it easy to hold another drawing for that particular farm unit-E 35, for which there are about four applications.

"The act of the man is to be commended," said Buren. "Many would have said nothing about it and let the preference lapse, thus throwing the land open to the public once more to the detriment of the other applicants. I wish you would make it plain that if any other successful applicant decides he doesn't want his farm, he should at once notify this office.

"This will make it possible for the others who filed on the same farm unit to participate in another drawing. We intend to stay with this land opening until every one is satisfied."

Many persons who failed to get farms stood about in the hallway leading to the Land Office yesterday. They were discussing the plan of going to Yuma and seeing what they could do in the way of private purchase. The publicity given the opening, has proved a bonanza for dealers in real estate in that section, it is said.

Within the next few days, all the 173 successful applicants will have to make initial payments of approximately $300. Other payments must be made annually until the land is finally paid for. The total price of $65 an acre includes a water right. The government Reclamation Service has dug canals close to the land so that water can be turned on as soon as the acreage is cleared of weeds and brush.

It is possible that there will be more relinquishments of filings, but the general opinion is that most of the successful ones are determined to see what they can do with their forty acres.

PRISONER IS PROBLEM.

Authorities Consider Deportation of Heyndriks, Alleged White Slave Trader.

Federal authorities are considering what is best to be done in the case of Charles J. Heyndriks, who is being held in the County Jail upon a charge of issuing a fraudulent naturalization certificate. This charge is merely to hold the man, who is asserted to be a procurer of girls and a former notorious white slave trader in Alaska and British Columbia.

Heyndriks is evidently in failing health. While not insane, his mind has become somewhat affected. He offers to return to Belgium—his native country—if the immigration authorities will let up on the prosecution. It is possible that this will be done in view of all the attendant circumstances. It is not expected that the prisoner will live long at best, and his removal from the country will be a good thing in the eyes of the officers.

Heyndriks was permitted yesterday to transact some business which needed attention. He was in charge of Deputy United States Marshal Franklin during his absence from the jail.

Don't pick it up; don't kick it!

As usual, Pasadena is gathering in the big ones.

Col. Roosevelt has passed out to the insurgents the best one of all.

"Lord, what fools we mortals be!"—Francis Bacon or Ignatius Donnelly?

The more men like ex-Senator Edmunds we can get to settle down among us, the better.

Plain enough! The way to keep Senator Flint in office is to nominate and elect him—that's all.

"We love ex-Judge Lovett—but oh, you union station!" The song of the Chamber of Commerce.

Was anything covered up in the case of Chief Lips? What about it? The people would like to know.

Gosh! Doesn't the new Chief look as though he could put down a riot alone and unaided, in that new uniform?

If the craze for "Chantecler" hats continues there is bound to be a shortage of roosters, which is likely to increase the cost of spring chicken.

There is nothing small about the Los Angeles Y.M.C.A. or its ambitions. Its broad, metropolitan projects certainly stir one's imagination and enthusiasm.

If there are so durned many microbes in a kiss, how does it happen that Richmond P. Hobson is still living? Scientists are surely barking up the wrong tree.

The wife of the man who wrote "My Wife's Gone to the Country, Hooray" is reported to have left him. That was no way to spite him, judging from the song.

Santa Barbara is having a great wake-up. Won't the new Arlington be a beauty? That is the way to build them—with regard to the color and romance of the land we live in.

Truth seems to be a dangerous thing for votaries of the Goo-Goo machine. Immaculate Editor Gibbon has had his reporters instructed to quit writing facts about Capt. Dixon and his "purity squad."

Those exquisitely kept Pasadena streets and homes are an irresistible lure to the men who have earned a right to enjoy such things. The rich men and the big men will continue to invest there.

Is it any worse to profit from the increase in the value of stocks in railroad or telephone corporations than to get rich out of the rise in real estate on Broadway, or to grow fat on the swollen rentals of these properties?

Los Angeles is, in a way, independent of the coal strikes and coal strikers; they can't stop the turning of her wheels or the belching of her chimneys. But she must feel indirectly, at least, any interruption of the business of the East.

A writer in a monthly magazine deplores the fact that modern vaudeville performances are more vulgar than those of fifteen years ago. There's where he is showing his ignorance. He thinks Moody and Sankey were a vaudeville team.

The suffragettes of this country will mourn the death of Justice Brewer, for he was one of the few members of the United States Supreme Court of the opinion that there are a number of women who don't object to being old enough to vote.

A tourist from Denver arrived here yesterday dressed a la Dr. Cook. He was greeted by his brother, who was attired in a light outfit of clothes suitable for tropical exploration. Which points one of the differences between Denver and Los Angeles.

The dragnet of investigation started by Gov. Harmon of Ohio, to assist his boom for the Democratic Presidential nomination, has caught a number of little Democrats in its meshes. It was ever thus. And one of the victims is State Treasurer Creamer, the only Democrat, with the exception of Harmon, to pull through in 1908.

Lady and gent, we herewith present
Councilman Martin Betkouski—
Whysky?
Because Martin is no salamander—
He discovered Alexander!
April fool!

Once, in playing the political game,
It cost thirty thousand for a Councilman's name.
He jumped and chortled in childish glee;
He pointed at himself and said "See me!
Richmond Plant! Ain't I great? Oh, gee!"
April fool!

When they got him in the Council he bothered them a bit,
For he soon began to demonstrate that he intended to be IT;
So they are going to send him to the Senate—they are, NIT!
April fool!

Uncle George Alexander, we confess to great surprise;
We suspected you were naughty; we knew that you were wise.
Risky tales we'd heard about you, but we stamped them quick as lies;

COAL-MINERS' STRIKE.

Leaders on both sides at the East seem to differ as to whether the usual spring contention between the managers of coal mines and operators in them will result in a protracted strike or the difficulties will be settled in a few days. Mr. Lewis, the president of the Coal Miners' Unions, is of the opinion that the difficulties are not very great and that an understanding will be reached in a very few days.

It is to be hoped that Mr. Lewis is right and the other prophets are false. The strikers, if they come out, will lose $1,500,000 a day in wages. If, as some of those interested think, the strike may last as long as sixty days, the loss to the wage-earners will be $90,000,000. This would be distributed among about 2,000,000 people, counting not only the workers, but their families. It would take considerable advance in wages to make this up during the year.

You sometimes hear American citizens of average intelligence discussing affairs state that wages are not much better in the United States than in Europe. This allegation is often made by those who insist that the tariff has nothing to do with maintaining a higher scale of wages for American workmen and enabling them to live on a higher plane. Now, if there is one industry on earth wherein the protective tariff acts with least force, it is in the case of these rough miners, most of them of foreign birth, and who get only, as a general rule, an indirect benefit from tariff protection. The direct influence of the protective tariff on miners is almost nothing; but if the general wage scale is maintained upon a higher level in steel, cotton, woolen and other industries, then naturally the miners get an indirect benefit from this influence.

The press dispatch informing us about the threatened strike of the miners contains the information that the hours of work among the coal miners of the United States are eight hours a day and that their earnings are from $3.50 to $4 a day. They are asking an increase of 10 cents a ton, and if that is granted they will then make from $4 to $4.50 a day. Now, the best-paid miners in Europe are the coal miners of Great Britain, whose average wage is $1.10 a day. That is about one-fourth of what the coal miners in the bituminous fields of America get. On the continent of Europe, in France, Belgium, Germany and Austria, coal miners are paid about 60 to 75 cents a day.

There is too much loose talk, too much bigoted fixed opinion about these matters on the part of the public having no information on which to ground conclusions; and the sad thing is that perhaps a majority of the editors and writers upon newspapers in this country are about as ill-informed on these subjects as their readers. You can scarcely blame the public when their sources of information are so inadequate. There is scarcely a free-trader in 10,000 among the editors and writers on newspapers who could stand an examination for five minutes on the comparative wages in America and Europe.

HE HITS THE BULLSEYE.

Former President Roosevelt's frank, courageous way of discussing public affairs, as illustrated in his last speech in Egypt, certainly seems to have hit the bullseye—to wit, John Bull's eye. It was certainly an eye-opener for our British cousins to hear a man get up in public and talk so plainly on such delicate matters as those discussed by Mr. Roosevelt at Cairo.

The British diplomat is conservative to an extreme degree. He approaches a matter obliquely. He is tactical as the most cautious general in a siege who hates above all things to have to make a direct assault upon the citadel. He makes all kinds of detours and flank movements. If he can only take the enemy with a charge in the rear he thinks then his diplomacy is of the right kind.

Of course British diplomacy is straightforward compared with that of the Orient. The oriental diplomat travels in the most circuitous paths of any human being bent upon any purpose. The Egyptians are oriental rather than occidental, and, accustomed as they are to the semi-reserve of the Britishers, and imbued with their own very reserved methods, it is no wonder that all Egypt is wider awake this morning than has been the case since the Children of Israel rose up and started across the Red Sea.

The British diplomats, although astonished to their wits' ends by the attack of Mr. Roosevelt upon the extreme Nationalists of Egypt, are exceedingly gratified that he has treated the matter as he did. He has rendered a service of the highest importance to the British, and one they dared not undertake in their own behalf.

Of course there will be difference of opinion. The most timid and reserved diplomats and statesmen in Great Britain will perhaps be a little bit perturbed as to the effect of such an open discussion of delicate affairs. In the oriental mind this doubt will be still more profound and difficult to remove. To us on this side of the Atlantic, where we are accustomed to have our public men speak with considerable frankness and where the press is so utterly unmuzzled, we look at the case from a different angle of view.

The Japanese, with their oriental reserve, were able to mobilize their army and have it on the way to the continent of Asia before even their enemies knew they were moving. We could not do that in America. There was scarcely a movement made in preparation for the invasion of Cuba that every reader of every newspaper in America was not acquainted with even before the movement was made. The unlimited freedom of the press among us makes for awkwardness in instances like this, but when it comes to the discussion of public matters the Roosevelt method is the American method.

It remains to be seen what general effect this speech of the former President will have on the British. Whether they will see the general superiority of an open discussion of affairs and will change their tactics or cling obstinately to their own way may be in doubt; but, judging from the historical movement of the English mind, grateful as they may be to the American doing what they were not aggressive enough to do for themselves, when they want a similar performance they will probably come to this side of the Atlantic for the leading actor.

SIMS MUST BE A "REGULAR."

When, after the great hubbub in the House of Representatives the other day, a new Committee on Rules was chosen, it was done in caucus by a secret ballot. Mr. Sims, we are informed, is a Democrat and hails from Tennessee.

He does not like this way of choosing the Committee on Rules or of electing the House committees that are expected to be chosen following the adoption of the new rules to be made by this new committee.

Mr. Sims kindly says he "intended no criticism whatever of the action of the recent party caucuses in choosing the new rules committee. That action was above suspicion in itself, but it is the principle of electing members of the committee by means of secret ballot that I am opposed to. The election should be in such form that the vote of every member of the caucus could be reported in black and white." We confess to be puzzled for a motive for this criticism unless it is that Mr. Sims is the Democratic whip in the House, or hopes to be, and that his intention is to come up from Tennessee, armed with a big blacksnake, and crack it around the ears of every Democrat who does not vote

vote. There are exceptions, of course. For example, in voting appropriations of money or giving away any public property in any manner to any individual or corporation we can see good reason for making men get up on their hind feet and let the world see just where they are. It has been regarded as the part of political wisdom in the action of our statesmen that in casting ballots in all elections the vote shall be in secret in order that men may not be subject to coercion or undue influence. If Mr. Sims is in accord with the "insurgent" Republicans who acted as his allies in getting the rules of the House reconstructed, we should think that he would be in favor of the secret ballot. To be sure, the "insurgent" allies proved cowardly disloyal when it came to the scratch of pitching Uncle Joe out of the chair. Perhaps that is where the political shoe pinches Mr. Sims. He may want to be able to line up all the Democrats in the House and all their "insurgent" allies with them and make every man vote "straight."

Voting "straight" is a thing easy to Democrats because of early education and lifelong practice. Of course voting "straight" with "insurgents" is the contrary. They have been brought up on a crooked-ballot bottle in their infancy and they have kept their hand in practice by voting "crooked" as often as an election came their way. It is supposed to be of the very essence of "insurgent"-ism that a man shall never vote twice the same way. To do that would be to become "regular."

To go to the Scriptures for an illustration, is it a case of yoking the ox and the ass in the same team, and, if so, which is the ox?

WORTHY OF THEIR SIRES.

To the reader of daily newspapers who is in the habit of following all the paragraphs relating to the doings of the Daughters of the American Revolution there can be no doubt as to why our ancestors wiped "the mother country" off of the face of the western continent.

These estimable ladies are belligerents worthy of such warlike sires. They are as persistently in a scrap as Francis Marion, otherwise known as "the Swamp Fox," was in his attacks upon the British regulars along the country ranging from the Everglades of Florida up into the mountains of Virginia.

When these ladies meet, as they do often, and immediately get into a quarrel, we can see the spirits of Lexington, Bunker Hill, Cowpens and Brandywine all looking down from the skies with vigorous hand-clapping and vociferous cheers for the scrappers in the wordy war.

May the spirit of '76 never be wanting among the American people, and it never will be so long as the Daughters of the Revolution are to the fore. We hope there are no old maids among the members of this organization. It would be a pity to lose such good material as the sons must be of women always as ready to fight as the proverbial fellow who was in the conflict at the dropping of the handkerchief, whoever he was.

LIBERAL PAYMASTERS.

And so the managers of the Pennsylvania Railroad system have granted a 6 per cent. advance of wages to the permanent employés who receive now less than $300 a month. This increase affects 195,000 wage-earners and will add $10,000,000 a year to the pay rolls of the company.

A 6 per cent. advance in wages is not bad. A railroad man who is receiving $300 a month is pretty well paid. It means an income to him of $3600 a year. That is equal to 6 per cent. on $60,000. If a man's service to the railroad has resulted in the accumulation of as much capital as that it would seem as if he had done pretty well. His railroad skill is his capital, and it would seem to amount to about $60,000. Then the number of men who are to be benefited by this increase and the total increment to the pay roll rise to pretty high figures.

On the same day come the managers of the Reading system, another Pennsylvania institution, with a similar advance, including all the employés whose wages had not been recently adjusted beforehand. The Reading's increased pay list affects 37,000 employés.

And it is particularly gratifying to notice that there is no mealy-mouthed pretense of charity or liberality about this. The managers of these railroad companies state plainly that prosperous conditions enable them to consider the advanced cost

THE OLD MAID CROP.

BY JANIE B. JONES.

"They with the rock's reverberant roar
Chafe blustering round their prison door;
She, throned on high, the scepter sways,
Controls their moods, their wrath allays."

According to the latest propaganda, the college girl is to pledge herself to stave off the vast horde of suitors clamoring for her fair hand and tender heart until she has won from 500 men their signed promises to support the equal franchise cause.

Nimrod was a mighty hunter, but it is Diana who announces her stern determination not to be captured by any rabbit until 500 of the critters have pledged themselves to help her buy her ammunition. Yes, and one can see them with one impulse coming meekly up to the scratch and affixing their paws and whiskers to the pledge demanded, under fear of the awful reprisals threatened.

Truly this, the latest movement to secure converts for the cause is a corker—a sort of double-headed variety. It would settle a momentous question if mankind were to be informed at once whether the 500 are to be choice selections from the young lady's prospective army of suitors or are to include mere culls from those outside the pale. For, mind you, it is stipulated in the bond that no shilly-shallying, maybe-so converts will be accepted. The president of equal suffrage has to be shown, and the pledges shown her must be in indelible black and white, glory be!

Five hundred men to swear away their political independence at the behest of one immature girl! It would make the ward politicians turn green from envy. Given plenty of time, a girl with the personal charms of a Helen, reinforced by the check-book of a rich and doting father, might sway the opinions of a good many men. For, as the poet sings:

"'Tis sweet to love;
But oh, how bitter
To love a gal
And then can't git her!"

This is probably especially true in the case of a very lovely and very rich girl. But if she was like most of her sex it wouldn't be the man who was ready to change his honest convictions at her sweet will who would be the one to "git her." Some men there are who can be induced to change their vote for love of a girl or at her behest—but many more—it is to be hoped for the honor of mankind and for the good of womankind—cannot. In fact, it is doubtful if the man whose honest political convictions can be tampered with by a confessedly partisan opponent should have any right to vote at all.

One thing evidently has been overlooked by the talented president of the Equal Suffrage party: It is the cold statistics of our beloved country which she is so bent upon improving. These statistics show that there is even now quite a number of "unappropriated blessings." It requires no specially inspired prophet to foretell a bumper crop of college-trained old maids if every college girl binds herself not to get married until she has induced 500 men to change their political or any other sort of opinions.

UNCLE WALT, WARBLER.

BY UNCLE WALT MASON OF EMPORIA.
Where Grows the Sunflower.

Now my weary heart is breaking, for my left-hand tooth is aching, with a harsh, persistent rumble that is keeping folks awake; hollowed out by long erosion, it, with spasm and explosion, seems resolved to show the public how a dog-gone tooth can ache. Now it's quivering or quaking; now it's doing fancy aching, then it shoots some Roman candles which go whizzing through my brain; now it does some lofty tumbling, then again it's merely grumbling; and anon it's showing samples of spring novelties in pain. All the time my woe increases; I have kicked a chair to pieces, but it didn't seem to soothe me or to bring my soul relief; I have stormed around the shanty till my wife and maiden auntie said they'd pull their freight and leave me full enjoyment of my grief. I have made myself so pleasant that I'm quarantined at present, and the neighbors say they'll shoot me if I venture from my door. Now a voice cries: "If thou'd wentest in the first place to a dentist"—it is strange that inspiration never came to me before!

Allee Same.

Admiral Hichborn once had a Chinese servant, named Chow, whom he brought with him from the East. One day Chow asked permission to go to a funeral.

"All right," said the admiral. Then he added: "I suppose you will put a lot of food and sweetmeats on his grave as they do in China?"

"Allee same China," Chow replied.

"Now, Chow," continued the admiral, "when do you think the dead Chinaman will come up to eat the food you leave on his grave?"

MUSIC AND THE STAGE.

Considerable gratification has been expressed that George Dameral, the clever Danilo of last season's "Merry Widow" company, will return with that organization in its next week's visit to the Mason Operahouse.

Mr. Dameral's parents are and have been residents of Los Angeles, and he has many friends here, who will doubtless pleasantly recall his unusually clever impersonation.

The bonis this time is Mabel Wil- , said to be the cleverest dancer all who have played the part in country.

enry Woodruff, who comes to the estic Theater next week as the of "The Prince of Tonight," is to be the only matinée favorite the American stage who is not amed of his age. Woodruff is 42, he's proud of it. Likewise, he is d that he doesn't look to be a over 30. He began his stage er at the old Fourteenth-street ater, New York, in 1879, appear- first in the chorus of Haverly's enile Pinafore company. In that rse with him were Julia Mar- Minnie Maddern—now Minnie dern Fiske—and Jennie and Ar- Dubn. The youngsters received a week and thought themselves paid.

Mrs. W. A. Banks of Hollywood returned from the East early this week and will be heard as soloist with the Orpheus Club April 14. Mrs. Banks is the mother of Marguerite Banks, until recently youngest prima donna of the Boston Opera, and now a Shubert star in "Mlle. Troubadour."

George Webb, formerly leading man of the Grand Operahouse stock company, sailed from San Francisco early in the week for Honolulu, where he will be leading man in the Henry McRae company, a new stock organization in the Hawaiian metropolis.

Nat Goodwin has set his figure for vaudeville at $3000 a week, and if it is accepted he will put on "Lend Me Five Shillings."

Ollie Mack, who jumped from the burlesque business at the Grand here into vaudeville with Charlie Murray, without success, is going back into burlesque, but on the other coast—at Portland, Me.

Clayton White and Marie Stuart, after ten years together in vaudeville, mostly spent in that classic playlet, "Cherie," have separated.

Jimmy Britt is anxious to break into vaudeville and has asked Sir Conan Doyle to write him a sketch. Thus does physical prowess have to come to mental worth.

FREAK INSANITY VICTIM DIES.

Was One of Four Members of Illinois Family Strangely Afflicted.

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS, March 31.—[Exclusive Dispatch.] Mrs. John Goetz, one of four members of the Goetz family of Belleville, Ill., who went insane within twenty-four hours, died at St. Vincent's asylum in St. Louis county today. John Goetz, her husband, another victim of the malady which so strangely attacked the family, is reported dying.

The case of the Goetz family is regarded as almost unprecedented in medical annals. No explanation of the fact that all four persons went insane almost at the same time has been made. Fred Goetz, although apparently as well as ever, cannot understand or give a reason for his sudden affliction.

Diarrhoea should be cured without loss of time and by a medicine which, like Chamberlain's Colic, Cholera and Diarrhoea Remedy, not only cures promptly, but produces no unpleasant after effects. It never fails, and is

"Princess" wash dresses

For girls and small women

An inspection of these garments, and a chance to show how perfectly they fit the little women, will disillusionize those who think they must continue home dressmaking in order to get style of a high order.

Misses' wash dresses—14, 16 and 18-year sizes— in madras, percales, chambrays and galateas—just the thing for house, garden or beach wear—many of them will fit adult women who are not above the average stature—$2.50 to $5.

Lingerie dresses of fine Persian lawns, India linon and organdies, beautifully trimmed, $7.50 to $35; 14, 16 and 18-year sizes—many of them ideal for adult women of slight stature.

Lingerie dresses for girls of 8 to 14 years. Many in the jaunty Trotteur effects with dainty lace insertions and embroidery beading. Some of fine lawns, and others of barred muslins —$5 to $20.

2 to 6-year sizes, made of fine madras, chambrays, percales, linens, galateas and the real Anderson ginghams, whose colors will stand an all-day boiling—many of them in sizes up to 5 years have bloomers—50c to $7.50.

The same materials in the 8 to 14-year sizes—and plenty of the generally neglected "Junior" size for 14-year-old girls—$1.25 to $8.50. All button clear down, allowing for variation of two sizes at neck and waistband.

In addition to the above lines, we've a splendid assortment of white and colored linen and repp dresses—some strictly tailored, some hand-embroidered in self and contrasting colors—$10 to $25 each; 6 to 18-year sizes.

Splendid selection of graduation, confirmation and communion dresses for girls of 8 to 14.

Top Coats, Suits and Gowns in Shepherd Checks

Unquestionably, checks are ultra-fashionable this spring—that point doesn't admit of discussion. Yet the very fact of their popularity is likely to suggest to some women, the idea of commonness. We have jealously guarded that point, here—every garment has touches of individuality which immediately distinguish it from the commonplace. You will be particularly pleased with:

TOP COATS IN CHECKS—Reproductions of famous Paris designers' best models, finished off with long rolling collars and fastening with three big buttons. No, not lined, or at most, only a yoke lining, for the material gives body enough to hold the graceful lines as long as the coat lasts.

AFTERNOON GOWNS IN CHECKS—Some in the tiniest pin checks, so small as to be invisible a few feet away; others in more pronounced effects—yokes in colors, or of good laces or nets, set off each garment—and very few alike.

TAILORED SUITS IN CHECKS—From the severely plain mannish models, to the pretty Russian blouses and belted-in styles—with broad patent leather belts and smart tailored buckles that lend distinction to any suit.

N. B.—One of the "of courses" here—no charge for alterations.

EVENTS IN LOCAL SOCIETY.

At the conclusion of a few months' visit in this city, Miss Florence Bush of Denver, returned to her home with at least a half dozen young eligibles eager to have her change her name. The climax has been watched with great interest by society in both cities. Miss Bush gave the same answer to each and every one, until Eugene Briggs of New York, visited Denver recently, and returned to his home with the promise that in June he could return and claim his bride. The bride-elect made her début several years ago in Denver and has spent much time in travel. She visited Mrs. Phillip Willson last winter and functions, large and small, were given in her honor. She is the daughter of Harry C. Bush, a wealthy railroad magnate. She is a talented musician and possesses a charming personality. Many Los Angeles guests will go to Denver for the wedding, which will be a large and pretentious affair.

Miss Florence Bush,

who has been keeping her many friends in the fashionable world guessing who the lucky man would be, and will become the bride in June of Eugene Briggs of New York.

Farewell Courtesy.

Mr. and Mrs. Albert J. Sherer of No. 956 Arapahoe street, entertained last evening with a five hundred party as a farewell courtesy to Mr. and Mrs. H. Jevne, Mr. and Mrs. T. B. Marshall, Niles Pease and the Misses Grace and Jessie Pease, who will leave soon for an extended European tour. The decorations were daintily carried out in Easter lilies and lilacs. Quantities of potted ferns and palms were also grouped in every available spot. Scores were hand-decorated with trains and ships. The guests were Mr. and Mrs. Frank A. Vickrey, Mr. and Mrs. H. K. Breeden, Mr. and Mrs. Stanley Setnan, Dr. and Mrs. Charles B. Nichols, Dr. and Mrs. Updegraff, Mr. and Mrs. Carl Doran, Mrs. J. C. Brown, Miss Maude Marshall and Leo MacGowan.

Pleasant Outing.

Mrs. James B. Lankershim and Miss Lankershim are visiting for a few days at the Arrowhead Springs, preparatory to leaving for Paris. Mr. and Mrs. T. J. Fleming and the Misses Margaret and Louise Fleming are also guests at Arrowhead.

At Home.

Mrs. S. O. Houghton, formerly Miss Lillie Kerckhoff, will give her first at home this afternoon at the residence of her mother, on Westlake avenue. Mrs. Houghton will be at home all the other Friday afternoons in April also.

To Receive.

Mrs. Lewis Clark Carlisle will be at home to friends informally this afternoon at her new home on Ardmore street.

At Coronado.

Mr. and Mrs. Milo M. Potter and Miss Nina Jones, accompanied by Miss Emily Hamesley of Pittsburgh, are guests at Hotel Coronado.

At Seashore.

Among recent guests at Hotel Virginia were Dr. W. E. Waddell, Dr. W. P. Patten, W. P. Eaton, Mrs. W. L. Leland, Mrs. McCraig, Mr. and Mrs. S. Severson and Mr. and Mrs. Babcock of this city.

To Entertain.

Dr. and Mrs. W. E. Mabie will entertain at their home, No. 1918 South Union avenue, members of the Knox College Glee Club this evening. The club is touring the Pacific Coast.

Engagement Announcement.

Mr. and Mrs. John Sorenson announce the engagement of their daughter, Miss Ruby Orlean to Freeman M. Hallett of Los Angeles.

Another Angagement.

Mr. and Mrs. Sam Cohn of No. 1637 West Adams street, announce the engagement of their daughter, Miss Evelyn, to Leo E. Laventhal, a prominent young business man of this city.

To Receive.

Mrs. J. Sidle Lawrence of Council street will be at home to friends informally Sunday afternoon.

Notable Event.

More than three hundred guests were present at the reception given by Mrs. Helm, Mrs. John R. Haynes, Mrs. Charles Monroe, Mrs. George E. Little, Miss Sue Carpenter, Miss Emilie Hadley of Whittier, Miss Mildred Hadley of Whittier, Miss Jane Rollins, Miss Annis Van Nuys, Miss Clara Vickers, Miss Fannie Rowan, Miss Elizabeth Helm, Miss Edith Maurise, Miss Marjorie Little and Mis Naomi Little. In the evening a supper dance was enjoyed by forty of the younger set. Music was furnished during the afternoon and evening by Arend's orchestra.

At Beach Home.

Mrs. Elizabeth Carroll Tufts entertained the Irving Club at her pretty beach home at Hermosa. The affair was given on the birthday anniversary of the hostesses's mother, Mrs. S. S. Tufts. The guests were Mrs. Berkeley, Mrs. Hloeser, Miss Mary Baldwin, Mr. Baxter, Miss Louise Carr, Miss Katherine Carr, Mrs. A. B. Cass, Mrs. James, Mrs. A. Fleming, Mrs. George Fleming, Mrs. McClure, Mrs. Murphy, Mrs. T. A. Samson and Miss Kathleen Tufts.

Recent Event.

The home of Mr. and Mrs. John Parker of Whittier was the scene this week of a pretty wedding when their daughter, Miss Gladys Gertrude, became the bride of Claude Le Grand of Pasadena. Miss Parker was attired in a gown of ivory satin, embroidered in gold. She wore a long tulle veil fastened with a pearl and diamond ornament and carried a shower of orange blossoms. Her sister, Miss Ethel, assisted as maid of honor and wore a becoming creation of pale pink meteor satin. Following the ceremony supper was served and Mr. and Mrs. Le Grand left for a wedding trip. The home was bright with roses and ferns and the bride's table was gay with the same blossoms arranged in a low bowl.

Mrs. Mosher Hostess.

Mrs. George Mosher had as guests Thursday afternoon, members of the art and travel section of the Ebell Club, at her home on Rampart street. An enjoyable programme of harp music was rendered by Mrs. J. M. Jones.

Mrs. Lothrop Hostess.

Mrs. Cornelia Lothrop entertained at luncheon at the Mt. Washington on Wednesday. The glass dining-room was used for the occasion, and wild flowers, gathered in near-by cañons, made dainty and beautiful decorations, the delicate lavender of the Mariposa lily suggesting the color which was carried out in place cards, bon-bons, etc. Music was furnished by harp and violins. Those present, besides Mrs. Lothrop, were Mrs. Gail B. Johnson, Mrs. Hill, Mrs. Lemore, Mrs. Isaac Milbank, Miss Carrie Milbank, Mrs. Graham, Mrs. Welsh, Mrs. Noble, and Mrs. McVeigle. Among others who entertained during the week were Mrs. W. C. Patterson, who gave a small luncheon on Wednesday, and Mrs. Viola Kenedy, who entertained in honor of her sister, Mrs. Gage of Phoenix, who is visiting in Los Angeles.

BATTLE FOR LIFE.

INJURED GIRL MAY RECOVER.

HELEN HOWARD, RUNAWAY VICTIM, MAKES PLUCKY FIGHT.

With Skull Fractured and Leg Amputated, Young Woman Regains Consciousness and Is Reported to Be Resting Fairly Well—Companions on Ride Are Recovering.

The gallant battle for life of Miss Helen Howard at the Santa Fé Hospital amazes the attending surgeons and affords hope to her friends. Miss Howard, her half sister and Lester Edwards, a boy friend, were hurled from a runabout by the Chicago Limited on the Santa Fé Railroad, at Lincoln Park crossing, Wednesday afternoon. It was reported at the hospital last night that the girl had recovered consciousness and was resting fairly well. There were periods yesterday when Miss Howard was delirious, and again her mind would clear and she would ask for water or a cup of coffee. After amputating her left leg Wednesday evening and trephining and elevating her skull, the surgeons were in grave doubt whether she would survive until morning.

Although slightly built, Miss Howard seems to possess wonderful vitality. She is considered one of the prettiest girls in Eagle Rock, and it is no secret there that she is Lester Edwards's sweetheart. Lester was removed to his home on Fairmount avenue, Eagle Rock, Wednesday night, and yesterday morning was confined to bed, but in the afternoon insisted on getting up and seeing friends who called. He tried to be cheerful, but was in mental agony over the condition of Miss Howard.

Miss Bessie Rogers, the half-sister of Miss Howard, complains of a pain in her shoulder and is suffering from the shock. She was taken to her parents' home on Stanley avenue, Eagle Rock, yesterday morning, and a trained nurse is in attendance.

Her version of the runaway which led to the accident, was that she was driving the horses, and that, while descending the hill, about a mile from Lincoln Park crossing, they broke into a trot. She then gave the reins to Lester. A little later the off horse shied at an automobile, and Lester pulled sharply on the reins. The animal kicked the near horse. This crazed the animal and both broke into a run, beyond control.

"I was sitting on my sister's lap," Miss Bessie said, "and tried to help Lester by pulling back on the reins, but it was of no use. The horses simply tore down Pasadena avenue, and I did not see the train until we were almost on the crossing. When the crash came, I found myself rolling in the gravel of the avenue, a frightful roaring in my ears."

She was sure that Helen did not know what had happened, or how terribly she had been injured. The picture of the train drawing down upon the carriage dominates the girl's mind, but she is trying to be brave and to cheer her step-mother, Mrs. Howard.

CAROL M'COMAS LUCKY.

Buys Lots Near New York City, Which Make a Big Jump in Value.

Fortune has again smiled for Carol McComas, the famous whistler, the leading lady of a Richmond, Va., stock company, and a daughter of Assistant Dist.-Atty. McComas. By one turn of the wheel of chance, property in New York City, which she purchased several years ago, has become very valuable.

While she was in the eastern metropolis with her mother she became attracted by advertisements of a new tract which had been subdivided and put on the market. It lay far out from the center of the city, within a short distance of Jamaica Bay. She considered it a good investment and purchased several lots.

At that time it was not dreamed that the bay would ever be utilized for any particular commercial purpose. Now it is proposed to make it a world's harbor. The city of New York has already appropriated $1,000,000 for interior improvements and the government has promised to give assistance in carrying out the gigantic project.

As soon as the public knew of the project, the value of land went soaring. Being so close to the bay, Miss McComas's lots enjoyed the benefit in the increase of the price of the surrounding land. It is now difficult to estimate their true worth.

According to her father, she would not part with it for a small fortune, as there seems to be no question but that it will be in great demand as the immense harbor nears completion.

FOR A PLAYGROUND.

Invitations to School Children and Property Owners for Picnic in Sunset Hills Park.

With the view of enlisting the support of the property owners who may be called upon to pay for the improvement, the Executive Committee of the Sunset Hills Park and Playground, has arranged for a picnic to be held on the ground, bounded by Hoover street, Sunset boulevard, Belvidere and Mansinito streets, tomorrow afternoon at 2 o'clock. It is proposed to have a park for the public at this point, and in a few days a petition will be circulated for signatures to condemn the ground under the Erdman Act. This petition will be presented to the Council, and if approved, abutting property owners will be assessed to pay for the property.

G. C. Beaman, who is president of the Sunset Hills Improvement Association and chairman of the Executive Committee, having the picnic in hand, stated today that the pupils from Ramona, Michel, Toreno, Lockwood, Dayton Heights, Ivanhoe and Los Feliz schools have been invited, together with their parents and owners of property surrounding the proposed site. Speeches will be made by Dr. W. A. Lamb, Miss Bessie Stoddard and M. Radford, and there will be a band and refreshments.

The Executive Committee includes three members from the following named improvement associations: Sunset Hills Park and Playground, West Ivanhoe, Melrose, East Hollywood and Cahuenga. From indications it is expected that the picnic will be attended by more than 1000 persons.

Cottolene is Not a Packing House Product

We are not packers — we do no slaughtering. *Cottolene* is of cleanly origin. It is made from cotton seed oil, refined by our exclusive process, and produced in a sanitary, wholesome manner.

Cottolene is packed in patent, air-tight, tin pails—never in bulk — preserving its freshness and preventing it from becoming contaminated.

We "money-back" *Cottolene!* If it is not found as fresh as the day it leaves our factory, and perfectly satisfactory, your retail grocer will cheerfully refund the purchase price. We ask him to do this. Could we back up our faith in the purity and freshness of *Cottolene* in a more convincing way?

For these reasons, and the fact that *Cottolene* will go ⅓ farther, it is always a little higher in price than its substitutes, but it is worth twice as much, and is really the most economical cooking fat in the end.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

Cheerfulness and a bright disposition during the months before baby comes, are among the greatest blessings a mother can bestow upon the little life about to begin. Her happiness and physical comfort will largely govern the proper development of the health and nature of the child. Mother's Friend contributes much to the mother's happiness and health by the relief and mental comfort it affords. It is a liniment composed of penetrating oils and medicines which lubricate the muscles and tendons of the body, soothe the swollen mammary glands, cause a gradual expansion of the skin and tissues, and aid in the relief of nausea. The regular use of Mother's Friend greatly lessens the pain and danger when baby comes, and assures a quick and natural recovery for the mother. Mother's Friend is sold at drug stores. Write for our free book, containing valuable information for expectant Mothers.

FACTS, FEATURES AND FANCIES FOR WOMEN

BY OLIVE GRAY.

American woman has recently
elected to perfect plans for the
tion of a heating system in the
of the Sultan of Turkey.
Anna Barber, formerly of Col-

I have wondered why women
not give more attention to in-

to the home. Women are, or
d be, best versed in the needs
requirements of the home, and

Pajamas are easily made, as nearly all pattern companies put out patterns or they may be purchsed ready-to-wear, at a reasonable price.

They protect the person fully, and in case of having to appear at a door in an emergency, the kimono may be easily thrown on over them.

Pajamas let it be, for working clothes about the house.

• •

In the Household.

There is a liquid cleaner for bath tubs, at last, which cleans quickly and with little effort, little "elbow grease." It cleans all enamel ware, and metals, is non-explosive, has but little odor, and that little soon evaporates. It is, in fact, a real boon to housekeepers, and moreover, it is inexpensive.

A friend of mine, whose bungalow has highly polished floors, has devised a way of taking up the dust, which is ingenious and labor saving. She took several dustless dusters, placed them in the mop stick, after carefully winding the metal holder with twine, so that it would not mar the woodwork, and by quickly brushing over the exposed surfaces of the floor she dusts it, and leaves it as clean and clear as though freshly waxed.

To be "up to the latest," your living-room must have some old copper piece, upon mantel or bookcase or table. The older and more discolored the piece, the better, if it really looks "to the manner born."

I saw such a pretty tea set in a place where they paint and fire such articles. This was in dull gold, with pompadour wreaths etched into the surface, in festoons all around the quaint shaped tea pot, sugar and cream pitcher. It sat upon an oval tray, which was decorated to match.

A treasure which I coveted, even though summer is coming on, was a set of and irons in dull steel, with hooded faces in rough brass, upon the fire dogs, and also upon the set of shovel, tongs and poker resting in their tall stand. I could imagine the fire-light playing upon the faces and causing them to grimace, or to smile, as one looked.

What ever you do, or do not have, in your flat or apartment, be sure to include a box couch. It is worth more than a good-sized closet, for storing away clothes, and it keeps the dresses and skirts clean and smooth. Moreover, it is easy to get at, without sorting everything over. I have seen some of these convenient articles of furniture as low as $6, and they were well made, and durable, too, although not, of course, covered in fancy material.

BISBEE FIRE CHIEF FIRED.

City Council Also Bans Street Peddling.

Miner Killed Trying to "Jump" Train.

Bad Negro Narrowly Escapes Lynching.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

BISBEE (Ariz.) March 30.—The Bisbee City Council has dropped Richard Davis as chief of the paid fire department and in his place has appointed B. W. Norton, now a deputy sheriff. The City Council also, on request of merchants, agreed to abolish all peddling, push-carts and street stands within the city.

Mark Lamb, who murdered Mike Schultz of Douglas on March 21, has been committed to the County Jail at Tombstone, and awaits the action of the grand jury.

Arthur McManus was killed under the wheels of a freight train which he was attempting to board at Bisbee, as he was starting to "beat his way" to Los Angeles. He had been employed around the mines here about a year.

By striking a "missed hole" in the Czar shaft Monday, Frank Campbell and T. H. Hocking were dreadfully injured from flying pieces of rock. Their faces were terribly lacerated and it is believed that Hocking's sight will be completely lost.

James Clark, a former brakeman on the Southern Pacific, who sued the company at Tombstone for $25,000 damages, has compromised the case for $7500 and for employment by the company. He was injured last June by being thrown from the roof of a car.

BAD NEGRO ESCAPES LYNCHERS

An 18-year-old negro, Verman Stewart, was rescued by the authorities Sunday night from the hands of a score of citizens, who, with a rope in readiness, were looking for a suitable place to hang him. The fellow had been guilty of an assault upon a small boy. It is probable that the officers would not have gained possession of the prisoner had not the boy's father pleaded with the mob for mercy. Stewart is a vicious negro, who has given trouble to the authorities before. He is now in the City Jail, much the worse for the rough treatment received from the indignant Bisbee citizenship.

Thomas Higgins, a Los Angeles capitalist, formerly a citizen of Bisbee, has given the Woman's Club of this city the use of a tract of land for a children's playground, something that is much needed in this congested mountain city. The Woman's Club proposes to improve the grounds by furnishing it with swings and beautifying it with flowers and trees.

A new Congregational church was dedicated last week at Pearce.

Dr. Frederick T. Wright has been nominated by the Republicans for the office of Mayor of Douglas.

REPUBLICAN TO RUN.

Bisbee Republicans have nominated Dr. C. L. Edmundson for Mayor. Thirty-eight petitions have been presented under the present primary law, representing candidates for city offices.

Harry C. Wheeler, captain of the late Arizona Rangers, has announced his candidacy as Sheriff of Cochise county on the Democratic ticket. He is now in the customs service at Douglas.

At least ten years ago W. C. Greene made preparations for building a large meat packing-house at Cananea. According to E. A. Tovres, a practical packer, who has the management of the enterprise, the plant will be in operation this summer. A three-story concrete building has been erected and modern machinery is being installed.

The Cananea Consolidated Copper Company has built a new telephone line for its private use between Cananea and Naco, on the north side of the international line.

By action of the Bisbee City Council, all the saloons in the lower parts of the city will be closed April 1, their licenses having been withdrawn. This action is expected to cut down by least one-half the criminal offenses of the city.

ITALIANS WED IN COURT.

Justice Ling Officiates at Ceremony of Wealthy Merchant and Youthful Bride.

The elite of the Italian colony crowded Justice Ling's chambers at 1 o'clock yesterday afternoon to witness the marriage of two of the most prominent members.

The principals were Ignacio Longo of No. 1343 South Union avenue, a wealthy merchant, and Miss Maria Rosa Zucca, No. 1339 West Twenty-third street. The fact that the groom was nineteen years older than his bride did not detract from the joy of the occasion.

The magistrate has been a friend of the merchant for nearly a score of years. This accounted for the wedding being held in the court chamber instead of in a more pretentious place.

Luigi Dell Orto, the Italian consular agent, was accorded the honor of being the best man. The privilege of being bridesmaid was divided among several of the witnesses.

APPLIES MAXIMUM RATE.

San Francisco Collector's Ruling Causes Importers of Chinese Goods Much Uneasiness.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, March 31.—The announcement that Collector of the Port Stratton will assess the maximum tariff on all goods imported from China on and after April 1, and collect the highest duty on all merchandise in bonded warehouses, on which the tax has not been paid, stirred commercial circles yesterday and importers, it is said, are preparing to enter protests.

Oriental merchandise valued at almost $2,000,000 is stored in bonded warehouses here, and the steamship Siberia is due Friday morning immediately after the maximum tariff goes into effect.

It may mean, it is estimated, an increased duty of $500,000 on the Siberia's cargo.

The maximum duty, which will be levied on imports from China is 25 per cent. higher than the minimum, which forms the basis of the schedule fixed by the Payne tariff law. Should the action taken on the merchandise in warehouses by Collector Stratton be sustained by the Treasury Department, it will make a difference to Pacific Coast importers of about $250,000.

STRICKEN WITH SUDDEN DEATH

A WELL-KNOWN CONTRACTOR PASSES IN HIS OFFICE.

Edward W. Gilmore, of the Fairchild-Gilmore-Wilton Company, Is Seized With Heart Attack on Car and Expires in His Office Before Doctor Comes.

Death came with unexpected summons yesterday morning for Edward W. Gilmore, the most active member of the Fairchild-Gilmore-Wilton Company. He was stricken with neuralgia of the heart while riding from his home at No. 2007 Ocean View avenue, and died ten minutes after reaching his office on the seventh floor of the Huntington building. His death came as a shock to a large circle of friends and business acquaintances.

Mr. Gilmore had been complaining recently of slight attacks of rheumatism, and on Wednesday afternoon he suffered considerably from neuralgic pains in the region of the heart. Late in the afternoon, however, the pains had ceased and when he went home to his dinner he was apparently in his usual good health and spirits. After dinner, accompanied by Mrs. Gilmore and his son-in-law and daughter, Mr. and Mrs. Howard Squires, he attended the show at the Orpheum. He commented upon feeling so much better than he had during the afternoon, and seemed to enjoy the performance.

After a night of sound slumber, Mr. Gilmore partook of a hearty breakfast, and shortly after 8 o'clock took a car for his office. Just before the car reached Sixth and Spring streets he was again seized with pains near his heart which caused him excruciating suffering. He pluckily made his way to the Huntington building and succeeded in reaching his office, where he asked that a doctor be sent for.

While the firm's book-keeper was on this errand, George R. Wilton, vice-president of the paving company and Mr. Gilmore's business associate, entered the office and made his friend as comfortable as possible under the circumstances. The dying man complained of the terrible pains that were racking his body, but by the time Dr. Henry Prigge arrived from his offices on the sixth floor of the same building Mr. Gilmore had lapsed into unconsciousness, and in a few minutes life had departed.

Edward W. Gilmore was born in the town of Abelman, Wis., sixty-one years ago. Most of his active business life had been devoted to general contracting and street paving work. He came to Southern California about twenty-five years ago, locating at that time in San Diego. About 1890 he went to Tacoma, Wash., where he was a partner and general manager in the Tacoma Bituminous Paving Company. About three years later he entered into partnership with J. A. Fairchild and engaged in modern street paving work in Los Angeles. About ten years ago the Fairchild-Gilmore-Wilton Company was incorporated, with Mr. Gilmore as secretary, Mr. Wilton vice-president and Mr. Fairchild president. The firm became known all over the Pacific Coast for its great undertakings.

The deceased leaves a widow and three children, two of the latter being married. Edward Saxon Gilmore is the oldest son, who, with his wife and two children, makes his home at Fruitvale; a daughter is the wife of Howard Squires, a mining engineer of this city, and Charles Adams Gilmore is an eighteen-year-old son, who is at college. The funeral services will be held at the family residence tomorrow morning at 10 o'clock, Rev. Baker P. Lee, rector of Christ Episcopal Church, officiating. Interment will be at Hollywood.

Mr. Gilmore was a member of the Masonic fraternity and was a Shriner and Knight Templar. He also was a member of the Elks and A.O.U.W., and also of the Jonathan Club. He was a man of extensive acquaintanceship, and had a wide circle of warm friends. He was of a philanthropic disposition, and was always helping somebody in a quiet, unassuming way.

"He never made any professions of doing anything for anybody, but he was all the time doing something," said Mr. Wilton last evening. "Mr. Gilmore today leaves as many sorrowing friends as any man in Southern California would leave."

A few years ago Mr. Gilmore figured prominently in connection with his application for what has since become generally known in local political circles as the river-bed franchise.

YOUTH TAKES HIS LIFE.

Jack Wade, the 18-year-old son of Mrs. Martha Knapp of No. 2321 Trinity street, committed suicide at his home, late Wednesday night by drinking a quantity of cyanide of potassium. Young Wade was a plumber and made a good living. His relatives know of no love affair that might have marred his life. He was apparently in good health and good spirits. He left nothing that might have given a hint as to his reasons for ending his life. He retired late Wednesday night and some time later his mother heard groans from his room. She investigated and found her son in the agonies of death. A physician was summoned but the boy was dead before his arrival. The Coroner made a thorough investigation yesterday and stated that he was sure Wade had committed suicide, but that he had been unable to find any reason for the rash act.

"NORTHWARD THROUGH SPAIN" is the title of a travel article that everybody will want to read in The Times Magazine the coming Sunday.

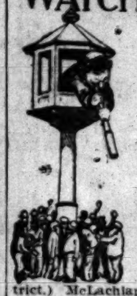
THE POLITICAL WATCH TOWER



So general is the belief that Congressman McLachlan has served his last term in Congress, that almost every day reports are current in political circles naming some new probable successor to the useless representative from Los Angeles county (the Seventh Congressional District.) McLachlan's ludicrous attempts to fool his long-suffering constituents into a belief that he is devoting his life to having the government establish a line of steamships for the upbuilding of the commerce of the Pacific Coast, is not likely to win him the favor he hopes for. The "four-flush" is too plainly evident. It is on a par with his sudden activity in trying to get a Federal building in his home city—Pasadena. "Now," says Useless James, "if I am not returned to Congress for another term. Pasadena will not get the new postoffice building that I promised, and the government's steamship line on the Pacific will never appear." Well, good-bye Jim, take keer o' yerself.

Among the probable candidates mentioned is Will D. Stephens, whose popularity locally was uneclipsed until he began leaving the house of his friends and trimming and training with the Goo-Goo disorganizers.

Then there is Frank F. Pratt, who is associated in the practice of law with Grove Walter and Mr. Ball. Pratt is an energetic fellow and had always been a straight Republican until Oscar Farish became a candidate for Mayor last fall. Pratt championed the cause of Farish and took the stump in his interest. So did his partner in law, Grove Walter, but after the primaries Walter returned to his old political faith and supported George A. Smith, while Pratt cast his lot with Alexander. It now remains to be seen if Alexander and the Goo-Goos will reciprocate.

Of course Marshall Stimson is holding up his little lightning rods in the hope of getting struck with the nomination bolt.

The Democrats, too, are paying quite a bit of attention to the Congressional nomination this time, for their party leaders are sanguine that if McLachlan is again nominated a Democrat can beat him. They are basing their hope largely upon the alleged "insurgency" movement together with McLachlan's recognized unpopularity. During the past few days I have heard the name of John S. McGroarty, suggested a dozen times or more. Certainly his Democratic friends are urging him for the Democratic nomination, although I have not the remotest idea whether he would accept it or not.

Another Democrat mentioned in this connection is Richard T. Blow, a former resident of Pasadena, who is now engaged in the jobbing business in this city with headquarters in the W. P. Jeffries building. Blow has the distinction of being the only Missouri Democrat who gave Congressman Barthold a real run for his money in the St. Louis Congressional District which is so overwhelmingly Republican. Blow ran against Barthold in 1896 and cut the Republican majority from 14,000 to 6000.

While there is no mistaking the enthusiasm with which Southern California is supporting the candidacy of Phil Stanton for the nomination for Governor, it is gratifying to his friends to daily receive reports from northern parts of the State to the effect that he has many earnest workers north of the Tehachepi who are equally confident that he will be successful. The Stanton boom has penetrated every county and has met with a cordial reception on all sides. Northern newspapers that have not been included in the list of those friendly to the Speaker, have been treating his candidacy with the greatest consideration. Stanton has one great advantage over all the other aspirants for the Governorship. He is not beset with personal and political jealousies—all his opponents have a good word for him. He has not aroused antagonisms, so that other candidates will prefer to see him win the nomination, if they cannot do so themselves, rather than see it go to any other aspirant. In localities where the contest is growing bitter between Curry, Johnson and Anderson there is a manifest disposition among Republicans who want to see harmony prevailing in the party, to get behind Stanton.

The candidacy of Nat Ellery may be taken as a joke, as I look at it. That Ellery should be misled into imagining that he is Gubernatorial timber in this year of Our Lord, is beyond comprehension. I am advised by a man who ought to know, that what Gov. Gillett had to say about Ellery's candidacy was warmer than what Roosevelt had to say to the Egyptians.

From Washington I am in receipt of a letter to the effect that Robert T. Devlin, United States District Attorney for Northern California, has not altogether lost out in the fight waged against his reappointment. It is the current opinion at the national capital, so my correspondent says, that Devlin is opposed for reasons that do not appear upon the surface, and that Senator Perkins has taken up the gage of battle in real earnest in behalf of the Sacramentan. One of the funny features in this case—which broke out as a result of convictions in United States land fraud cases—is that the officials of the Department of Justice gave Devlin a clean bill of health on the very charges which the Senate committee recently decided were sufficient to warrant reporting against his confirmation for reappointment.

If any member of the fair sex contemplates becoming a candidate for public office in Los Angeles county at the coming election, let her proceed forthwith to get on the primary election ballot, for State Attorney-General Webb has decided that although the law reads masculine it in spirit includes the feminine. Webb's decision was due to the aspirations of Mrs. Minnie R. O'Neil, Superintendent of Schools of Sacramento county. Mrs. O'Neil wishes to succeed herself, and she wanted to get on the primary ballot as a Democrat, this being her particularly preferred brand of politics. The best legal advice she could get on the subject was to the effect that she was eligible, but that it was up to the Attorney-General to take action. Mr. Webb found that the law provides that the name of no candidate will be printed upon the primary ballot until affidavit is made that "HE is a qualified elector in the election precinct in which HE resided." The Attorney-General holds that the law contemplates both men and women when it refers to "he" in this case, and so Mrs. O'Neil and her aspiring sisters may aspire to any office in the gift of the people of California. There are, I am informed, sixteen women holding positions as school superintendents in this State, positions to which they [illegible]

COUGHED ALL NIGHT

Till This Recipe Was Tried. Cure Followed in 5 Hours.

A prominent medical man, who suffered with a severe cough and cold on the lungs, often being kept awake all night, and weakened by loss of sleep, finally discovered a simple formula which will cure any cough in five hours by the clock. It is a laxative tonic cough syrup which can be made at home by anyone and the formula is here given for the benefit of those who pass sleepless nights in painful paroxysms. Those who have tried it say it is magical, and beats any high-priced, slow-acting cough medicine ever sold.

Mix in a bottle one-half ounce fluid wild cherry bark, one ounce compound essence cardiol and three ounces syrup white pine compound. Take twenty drops every half hour for four hours. Then take one-half to one teaspoonful three or four times a day. Give children less according to age. This will tone up and rid the system of deep-seated coughs every time.

So, ladies, get out your petitions and get a hustle on.

Chairman Albert M. Norton of the Democratic County Committee has called a conference of the 110 delegates to the State conference from Los Angeles county, which is to be held here on April 12 and 13. The conference of the local delegates will be held in this city April 9.

After all is said and done, the Democrats must hand it to S. P. (Patsy) Clark of the Original Jefferson Club. For the benefit of the unwise, be it understood that the initials S. P. do not necessarily stand for Southern Pacific. In Clark's case they stand for Stanislaus Philip—Democratic Leaguers, please copy. Since the day that T'dore Bell came forth seeking a second trial at the Democratic gubernatorial bubble, Clark has been fighting T'dore's battle. Most of the time he has been fighting alone, with the odds heavily against him, but Patsy has stood loyally by the man from Napa. Now his friends are wondering if Bell will appreciate this loyalty or not.

The real reason that Richmond Plant is not a candidate to succeed himself in the City Council is interesting. Plant and the Goo-Goo bosses had decided that Plant should run again, and they planned the postponement of the election till late in June, so that he would be eligible. Plant at once announced that he would be a candidate for reelection. He was also confident that he would be a winner. Then came the second knockout blow. The information was imparted to him that his residence in Santa Monica extended up to and including the time that the Democratic State Convention met at Stockton, to which important gathering Plant had been chosen a delegate from the seaside town. This convention was held the latter part of August. To delay the election until that time in the present year would have been so palpably a piece of political jobbery that the Goo-Goo bosses did not have the nerve to attempt it, and so Plant is not to be a candidate this time. However, he is not an old man yet, and the itch for public office may keep him scratching a little longer.

"Doc" Houghton put a real good one over on Plant a day or two ago. "Doc" and a pro-vice newspaper reporter were dallying among the grass and flowers in the court on the north side of the City Hall, engaged in a search for some plant species, the Doc being somewhat of a botanist. Plant, the ex-Councilman, was dozing in an auto that was standing on the driveway, but the approach of the two men aroused him. Peering through his half-closed eyes, he inquired: "What are you fellows hunting for?"

"A $20,000 Plant," hissed Houghton, vigorously.

The reporter fainted.

CHEWED UP BY DOG.

Street Car Conductor Suffers Severe Injuries from Bite of Stray Canine.

Through the carelessness and cowardice of men, who alleged they were officers employed as dog catchers, Charles A. Gorton, a conductor for the Los Angeles Railway Company, was terribly bitten by a vicious bulldog yesterday morning.

Gorton's injuries are the most serious of the kind yet treated at the Receiving Hospital. The enraged animal sunk its teeth clear through the man's hands in several places, and nine ugly lacerations were cauterized.

"I was sitting on the front porch of my home at No. 1402 East Fifteenth street, when a stray bulldog, pursued by two men, ran into the yard," said Gorton.

"'Your dog ain't got no muzzle on, and we want it,' demanded one of the men.

"'My dog has got a muzzle on,' I retorted.

"'No, he hasn't, and we are officers,' said one of the men.

"'Officers or not, you can't call me a liar in my own yard,' I said, and started toward them, and they ran.

"I then saw that they wanted the stray bulldog, which had attacked my pet. My dog was muzzled, and could not fight back. I grabbed the stray by the neck and the scruff of the back and handed it to the pound men. They reached out for it, and as I let go the dog snarled, and they dropped it and ran. One man said to the other, 'Run down to the corner and get the net.' The other failed to get the net. I saw that the men were afraid to touch the dog, so I captured him again by the neck and back and held him out. This time one of the officers became bold enough to take hold of the animal, but he did it in a gingerly manner, and when the dog twisted in his grasp he let go and ran out of the yard.

"The dog then turned upon me and attacked me. To protect my face and throat I put out my hands, and the enraged bulldog literally chewed them to pieces before I managed to beat him off. The pound men in the meantime had reached a place of safety."

Gorton's wounds were attended by Dr. Wright. It was necessary to take several stitches, after cauterizing them, and a patrolman was ordered to hunt down the dog and kill it.

HOLD UP PENNILESS MAN.

Two negro highwaymen were disappointed early yesterday morning, when, after holding up John Wesley of No. 2554 Edwin street, they did not get even a penny for their trouble. Wesley was walking home from his night's labors without a cent in his pockets. At Santa Fé and Cheney streets, the negroes sprang from the shadows and one leveled a revolver at him. The other searched him twice to be sure that he had not overlooked any pockets and then gave him up as a bad job.

The MIDWAY 5 OIL COMPANY has already received an offer from the Standard Oil Co. to take all of our production for a period of three years, paying us 65c a barrel.

A Share, Cash

Every oil man tells us that we are as certain to strike oil as we are to bore a well. It only remains to be demonstrated whether we shall bring in a gusher as big or bigger than our neighbors. If we strike a 1000-barrel well our property should be worth at least a million dollars.

We are Capitalized for only Half a Million, in 500,000 shares, par value $1.00 each.

We shall be drilling our Well No. 1 early this month. Our rig material, our drilling equipment, are all on the ground and work is being pushed with all haste. Sixty days hence ought to see our drill-points perforating the oil-sands. The same formation underlies our property as our neighbors. We are right between the Santa Fe gusher on one side and the St. Lawrence on the other. The United wells 1, 2 and 3, are just beyond the Santa Fe, and the La Belle has just been brought in on the St. Lawrence side.

This Is Proven Territory for Gushers

The very moment that it became noised about that we had secured a lease on 20 acres of this absolutely PROVEN GUSHER territory, we were overwhelmed with applications to get in on the ground floor. Our organization was quickly perfected, and our company financed in a jiffy.

We closed out our first block of stock and had no intention of offering more for sale, when we became aware that we could increase our holdings by securing a lease on THE ADJOINING TEN ACRES. This has been effected. This calls for a second string of tools to be working within 90 days.

Accordingly we are offering another block of stock at TWENTY-FIVE CENTS A SHARE, CASH. This offer is today without exception the best Midway offering in sight. If you want to get in on a good thing, get in on this. Don't hesitate. Delay may count you out. We will not accept installment payments. We allow no discounts. CASH TALKS.

Ours is a perfected organization. An active, go[ing] Oil company. Strongly financed and efficiently managed. We have some of the best people behind this proposition. We shall not only succeed, but we shall succeed quickly. You who buy our stock will not only be made richer, but you will be suddenly enriched. Our prospects of striking one Gusher must now be multiplied by two. We shall carry through our plans TO DRILL ONE WELL AFTER ANOTHER ON OUR TWO LEASES UP TO THEIR CAPACITY IN FULL.

We have the two fundamental elements for success—BEST GROUND; BEST PEOPLE—Management counts for much. Hard work is a factor in fertilizing. Having started RIGHT we mean to go FAR. If you come with us? If you hesitated about making an investment in oil, hesitate no longer. We have added 50 per cent. to our holdings, but have added a penny to the price of our stock. Buy to-day. Better be Soon than Sorry.

OLD IN DEEDS.

The rest was not undeserved for although he is but twenty-seven years old, the Santa Ana boy has done much for his country. He was one of the most gallant figures in the Pulajan campaign, was with Gen. Lawton on the advance north, and was in the fight at Mt. Budajo, Mindanao, where he was under the command of Capt., now Lieut.-Col. John R. White, Capt. McCloud was in many other skirmishes and combats but he has managed to escape unscathed.

He is now assistant senior inspector of Samar Province and is under the Command of Gen. H. H. Bandholtz, who has 5000 men of the constabulary under his charge.

Capt. McCloud is now visiting his aunt, Mrs. E. W. Richardson, or Tropico. The two captains expect to pass several weeks together enjoying the beauties of Southern California.

ACCUSED OF RAPE.

Glendora Youth, Aged Nineteen, Is Charged With Assaulting Girl of Thirteen Years.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

AZUSA, March 31.—Frank Reed of Glendora, aged 19, is charged with rape. It is asserted that last evening Reed drove his little sister and Dora Vaughn, just past 13, to Azusa. Stopping at Thomas's drug-store, young Reed gave his sister a quarter, and told her to go in and buy some candy. He then drove rapidly away with Dora Vaughn to Old Ball Park west of town. She says he assaulted her there. The child escaped, and ran back to Azusa, crying. She was met on the street by Marshal Hamilton, who telephoned to her parents in Glendora, and put all his deputies on the search for Reed. After the escape of Dora, Reed drove back to Glendora and persuaded his mother to return with him to Azusa, in the hope of finding the girl, and getting her to quietly return with them. Failing in this, he hid himself. Marshal Hamblin called on the mother, compelled her to telephone to her son, and thus the young man walked into the trap set for him, and was arrested.

At a caucus held in the City Hall last evening, J. H. Anderson and W. R. Powell were unanimously nominated as trustees of the Citrus Union High School, and Edwin Mace as trustee of the grammar school. The nominations of George Mathewson and R. B. Bidwell of Glendora as High School trustees, and of T. F. Hute of Azusa as trustee of the Lower Azusa grammar school were indorsed.

Mrs. R. J. Waters, president of the Federation of Woman's Clubs of Los Angeles district, entertained twenty ladies, members of the board, and officers of the district federation, at her foothill home just north of Azusa, yesterday. The party came on the Pacific Electric line in a special car. A buffet luncheon was served out of doors.

Martin J. Jackson, a New York artist, with a studio in Los Angeles, gave an art exhibit under the auspices of the Woman's Club, yesterday. He also delivered a short talk on "How to Appreciate Art."

GLENDALE.

GLENDALE, March 31.—Glen Eyrie Chapter of the Eastern Stars celebrated the fourth anniversary of its organization with a banquet at the Country Clubhouse last evening. Seventy covers were laid. A programme of music and readings was enjoyed in the club rooms, which were beautifully decorated with ferns, plumosus and white lilacs. Benjamin Cartwright, who organized the chapter four years ago, and his wife, were the guests of the evening. Mrs. Cora Hickman was toastmistress. Toasts were given by Mr. and Mrs. David Imler, Mr. and Mrs. Dan Campbell, Dr. A. L. Bryant, Col. Tom Thornton, Prof. George Moyse, E. M. Emory, A. W. Tower and Benjamin Cartwright.

During the month of March twenty-one permits were issued by Building Inspector Banker for a total valuation of $20,000.

SANTA MONICA.

SANTA MONICA, March 31.—P. Cass has come to the beach from Los Angeles to become local manager for the Home Telephone Company, succeeding A. Skalowsky, who recently departed for Atlanta, Ga.

M. Blassingame, who propagates eucalyptus trees, has just completed the packing and shipping of a carload to Imperial Valley. He raised the trees from the seed.

Miss Helen Woodruff of this city was married in Los Angeles last night to Harry W. Harrison of Toronto, Can. After a brief wedding tour in the southern part of the State, the couple will go to Seattle to make their home.

H. W. Croft has been selected as a delegate to represent the local camp of the Woodmen of the World in the annual convention, which is to be held at Ventura in May.

PRESIDENT POINTS OUT WHY EASTERNERS RULE IN CONGRESS.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, March 31.—President Taft, in an address before the Ohio Association of Washington, tonight pointed out that the dominating power of Eastern States in Congress lies in the fact that they keep men in office when they place them there.

He contrasted the influence of the East in legislative affairs with that of the West.

"Why is it," asked the President, "that the small States of the East exercise so much power in Congress? It is not because an eastern man has any more capacity in the matter of legislation than a western man. It is because when the Eastern States get a good representative they keep him as long as he lives, and then he has an influence that vastly exceeds the mere numerical representation of population.

"I don't know whether this is quite germane to the subject of this occasion, but it occurs to me to say this because I feel as though we are all interested in having Ohio well represented, and in having Ohio make herself felt in the legislation of this country by adopting a system that will certainly bring about the weight she is entitled to."

When the President had concluded, Senator Dick, who was on the platform, grasped his hand and shook it enthusiastically. The Senator, whose term expires with this Congress, and who has a hard fight ahead for re-election, said something to Mr. Taft, who laughed aloud, and said to the assemblage of men and women from his native State:

"Senator Dick has just told me that he heartily indorses everything I had said on this subject."

The President was the guest of honor at a meeting called to organize an Ohio society in Washington. Justice William R. Day presided, and subsequently was elected president of the society.

"There is only one thing I want to say about Ohio that has a political tinge," he said, "and that is I think a mistake has been made of recent years in Ohio in failing to continue as our representatives the same people term after term. I am for continuing the representation as we have it, so the representatives shall be the foremost in both of the halls of legislation."

CLAIMS SELF DEFENSE.

COWBOY CONFESSES TO KILLING SANTA CLARA NIGHT WATCHMAN.

[ASSOCIATED PRESS DAY REPORT.]

SAN JOSE, March 31.—Charles Chiften this forenoon confessed that he shot Night Watchman Whybark of Santa Clara.

About 10:30 o'clock Chefton stated that he was prepared to make a complete confession. He said that on the night of March 13 he started from his room in this city to visit a girl on Magnolia avenue, but that after getting on the car he concluded it was too late, being 10 o'clock, so he proceeded on to Santa Clara. There, he said, he took some drinks and knocked around town until after the cars had stopped running, when he started home. He walked as far as the Pacific mill, when he concluded it was too far back to San José, so he returned to town, and entering the rear yard of the Royal saloon, lay down in the summer house and went to sleep.

He was aroused, he said, some hours later, by a flash of light, which he thought was lightning. He looked at his watch and it was a quarter to five. He lay down again, when there came another flash, and looking up, he saw a man with a lantern and a pistol in his hand.

"Come out," called the man to him, and he started to get up, but stumbled over a chair. Then, he continued, the man fired at him, and he returned the fire and then ran away. He claimed that he shot Whyback in self defense.

He added that he was born in Monterey, Mex., is 22 years of age, and had spent most of his life as a cowboy on the Arizona and Mexican ranges. He denied that he had anything to do with the San Francisco drug store robberies.

Chiften was taken to Santa Clara immediately after his confession for arraignment.

Before Justice Thompson of Santa Clara, Chiften was arraigned and he waiving time, his preliminary examination was begun. He went on the stand and testified substantially as he had stated in his confession as to the shooting. The examination was then continued one week, to enable the prosecution to procure two witnesses whom he said he had met on the night of the murder.

NOTHING WRONG.

BRINGS WITNESSES TO PROVE DOCTOR ONLY EXAMINED ANKLE.

[BY DIRECT WIRE TO THE TIMES.]

CAMDEN (N. J.) March 31.—[Exclusive Dispatch.] Sensation followed sensation in today's session of the divorce suit brought by Dr. Wilson C. Bailey. Miss Anna Miller, 22 years old, stately and pretty, who is named by Mrs. Bailey as one of the co-respondents in her cross bill, solemnly avowed that she had never been guilty of wrong-doing with Dr. Bailey, directly contradicting Miss Mary Fleck, a trained nurse, who, earlier in the day, declared that she saw Dr. Bailey and Miss Miller in a compromising position on the floor of the home of Clarence Kirby, No. 625 Grant street.

Asserting that Miss Miller, clad only in a night robe and dancing pumps, was alone with Dr. Bailey in the parlor for nearly three hours after Kirby had retired, Miss Flick testified that Dr. Bailey did not go home until nearly 4 o'clock, and then only at her suggestion.

ONLY EXAMINED ANKLE.

Claiming that during the entire time she was with Dr. Bailey in the parlor, Kirby was with her, in which she is substantiated by Kirby and his wife, Miss Miller testified that she submitted to examination by the doctor of one of her ankles, which had been broken and which was paining her after dancing. She denied having removed any of her clothing except her dress, but said that before the doctor knelt down to feel her ankle she lowered her stocking.

"Did you turn your back, or did the doctor turn his back while you were lowering your stocking?" asked Attorney Westcott of counsel for Mrs. Bailey.

"I don't think either of us," sweetly replied Miss Miller.

Miss Flick also told of spiritualistic seances at No. 205 Federal street, where she said on one occasion Dr. Bailey and Mrs. Johnston, another co-respondent named by Mrs. Bailey, went into a room for a "seance" and remained there two hours.

WIFE EAVESDROPS.

Mrs. Bailey told a story of a visit she says Mrs. Johnston made to her husband's office one afternoon last August.

"I saw her come in and I went to the cellar and crept up to the top step of the stairs leading to the trap door in the doctor's laboratory," said Mrs. Bailey. "When Mrs. Johnston entered the office she started to talk to the doctor about her husband. The doctor said to her, "Girl, never mind, we'll go out West, I'll start a practice there and sacrifice everything."

"Then the doctor showed her his check book and said, 'don't give her a cent.'"

And then Mrs. Bailey added: "She had no need to worry about that. I wasn't getting anything anyhow."

Mrs. Johnston, named by Mrs. Bailey, also is suing her husband for divorce, and he has filed a cross bill naming Dr. Bailey.

Two Hundred and Fifty Tons of Bonded Goods from Japan on Santa Rosa Will Pass Through Customs. City Officials Get Raise in Salary. Church Officers Elected.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

REDONDO BEACH, March 31.—When the Santa Rosa arrives tomorrow from San Francisco with 250 tons of bonded goods from Japan for Los Angeles merchants a new record will be made for United States customs offices of Southern California. This is the largest cargo that has ever passed through a customs office south of San Francisco.

The steamship President sailed from here today for Seattle via San Francisco with a record-breaking cargo from Los Angeles shippers. The freight going north amounted to 250 tons, making a new record for northbound freight from Southern California, the usual amount from Los Angeles shippers being about sixty or seventy tons.

At the meeting of the City Council last night an ordinance passed its first reading raising the salaries of the city officials. The salary of City Clerk was raised to $150 a month from $50, that of the City Treasurer was raised to $70 from $50, and that of City Marshal to $90 from $75. The first two officials will pay all assistants out of the salary according to the new ordinance. This, one of the last acts that can be passed by the present board, will stand according to law for the next two years, the next board being powerless to change it. The jump in the clerk's salary to three times the present compensation is regarded by some as out of proportion to the work of the office independently, is tacitly understood to be aligned with the administration. W. A. Anderson and Fred Crew are his opponents. On the other hand the incumbent of the treasurer's office, George Cate, also running independently for reelection, is generally understood to be supported by the Citizens' party.

The warrants amounting to $206 issued to Garnsey & Pitzer, payment of which was refused by Treasurer Cate on the ground that they were illegal, were canceled last night by the Council. Two new warrants for the amount with court costs attached for which the court gave judgment against the city, were ordered paid by the board. Treasurer Cate says he will refuse to honor these also until the matter is settled in the Superior Court, as he and the Council have been served with notices to appear April 4 in Judge Wilbur's court and show cause why an injunction against the city officials to prevent them from paying the bills should not be made as petitioned by A. M. Harter et al.

The annual church banquet and meeting of the First Congregational Church was held last night and these officers were elected: Clerk, George Hibbard; treasurer, George Cate; deacon, two years, B. A. Furlong; deacon, three years, Robert Wilson; deaconess, Mrs. George Cate; trustees, G. A. Mitts, C. A. Hibbard, W. M. Browning; Music Committee, Mrs. G. A. Mitts, Mrs. W. M. Browning, Miss Tyler; ushers, Charles Malby, George Shaker, Gordon Grassel, H. D. Meacham, B. A. Furlong; Sunday-school superintendent, Mrs. W. A. Galentine; assistant superintendent, Miss Tyler; secretary, Gordon Grassel; treasurer, Mrs. W. A. Galentine; Soliciting Committee, W. M. Browning, M. M. Waddell, Mrs. B. A. Oil Oil

California's GREATEST Money-Maker

Weekly the wires are bringing the news of a new gusher being struck. Hundreds are being made rich over night. Oil is truly proving to be California's greatest money-maker. HAVE YOU THOUGHT ABOUT OIL AS A SAFE AND EXTREMLY PROFITABLE INVESTMENT? There is big money in oil. The millions made by the Standard and by capitalists in our own state are matters of general knowledge. California is recognized as the the best field for oil operations, oil discoveries and oil production today. The money coming from this oil production is being distributed among hundreds of stockholders and is not all going into the pockets of a few men. Dividends exceeding FIFTY MILLION DOLLARS have been paid by oil corporations in this state and the amount is going to steadily increase every day from now on.

Next to having a good oil property, the most important consideration is a competent and intelligent management.

The Los Angeles-McKittrick Oil Co. Has Both

THE LOS ANGELES McKITTRICK OIL COMPANY is composed of business men of Los Angeles, Pasadena and Riverside. Gentlemen who are well known and who are careful and conservative investors—bankers among the number. A company with such management and one which has a lease in that part of the oil belt now uppermost in public attention, is one in which to place your money.

Our Officers

B. B. Bush,
Capitalist of Riverside, President.

Lee W. Butler,
Formerly of New York, secretary and general manager.

F. N. Thomas
Formerly with Pasadena Savings and Trust Company, director.

J. V. Hoffman
Of Los Angeles, oil operator, director.

Silas Masters,
Capitalist of Riverside, director.

THE LOS ANGELES McKITTRICK OIL COMPANY owns a lease upon eighty acres in the Maricopa-Midway field. This portion of the oil belt is attracting the attention of the investing world because of the big "Gushers" recently brought in. By looking at a map of the "Sunset" field in Kern county, you will find the Lakeview property at the very top of the map, on section 25-12-24. Now, our property lies off a little to the southeast in section 32-12-23. In a straight line with our property and the Lakeview, and just beyond the latter, is the Monte Cristo property, which recently sold for a million. Also in line and just beyond the latter, is the Standard Oil gusher. We have secured a lease on favorable terms of long time and low royalty, and being in direct line with some of the biggest producers in the California Oil fields, we hope within a short time to bring in a gusher of our own.

THE LOS ANGELES McKITTRICK OIL COMPANY owns and controls in addition to the Maricopa holdings, an enormous tract of gilt-edged land in the North McKittrick field, where we have one well drilled almost to completion and a magnificent showing of oil with heavy gas pressure. Adjoining us is a new well with oil running over the casing. The territory is proven by the Templer district just beyond us.

We have here a lease on 160 acres in section 29-29-21. This lease is on most favorable terms—50 years time, for one-tenth royalty. This lease covers the eighty acres which are the north half of the southeast quarter section, and the 20 acres adjoining on the west.

Here, also, we own 200 acres outright and we have a quarter ownership in another 500 acres. Thus, we have in whole or part ownership and control by leasehold, an interest in over 800 acres of land.

First Public Offer 30 Cents a Share

Our Board of Directors has authorized the offer of a limited amount of stock to the public at the price of THIRTY CENTS A SHARE. This is treasury stock and not promotion stock. It is common stock. We have no preferred. We have no bonds. We have no debts. Our treasury is in good condition, our assets being highly in excess of our liabilities. We are operating on our properties, NOW. More funds at our disposal means that we can make more rapid progress.

Pay a visit to our offices and we will be pleased to talk our properties over with you, to tell you further of the opportunities we offer. We assure you that any capital invested will be used to the best possible advantage of all concerned. If you wish to become one of the stockholders in a company just before it enters the dividend paying class, this is your opportunity.

Our stock is one priced—30 CENTS—whether your order is large or small.

EASTERNERS SECURE HOMES.

Three Important Sales of Residence Property.

Ex-Senator Edmunds Buys the Sinclair Place.

Stimson Estate Acquired by a Chicago Man.

Office of The Times, No 74 E. Raymond Ave.

PASADENA, April 1.—Three of the most important sales of the year in Pasadena residence property were completed yesterday, and sums beyond the $100,000 mark changed hands.

The David Blankenhorn company sold the George W. Stimson place and the H. H. Sinclair residence to eastern capitalists who desire Pasadena homes, while the William R. Staats Company and John McDonald transferred the Carrie M. Townsend place in South Pasadena to Frank C. Belt of the San Gabriel Valley Bank.

The Stimson and Sinclair places are among the show spots of Orange Grove avenue.

The Sinclair home, situated on the southwest corner of Orange Grove avenue and Belfontaine will become the winter residence of ex-Senator George F. Edmunds of Vermont, who, as a contemporary of Senator Hoar, was for years one of the great figures of the United States Senate.

Ex-Senator Edmunds has long been interested in Southern California, and on his retirement from the Senate, set out on a still hunt for a California home in which to spend his last days.

In the purchase of the Sinclair place he has fulfilled his wish. The lot is 200x250 feet and is one of the most attractive places in the city. The house contains fourteen large rooms. The downstairs is finished in hardwoods throughout and the entire building is modern in every particular.

The Stimson place is not quite so expensive as the Sinclair home, but sold to William H. Jones of Chicago, vice-president of the International Harvester Company, for about $45,000. This also is one of the show places of the city.

The house contains twelve rooms, and down stairs is finished in mahogany, with hardwood floors throughout. The roofing is of tile, and the outside finish is done in art brick. The gardens are extensive and well kept, the lot facing 135 feet on Orange Grove and 137 feet on Belleview drive.

Both places will be occupied by the purchasers in the fall, and the addition of the families of ex-Senator Edmunds and of Mr. Jones to the Pasadena social colony will be of decided value.

The sale of the Carrie M. Townsend place adjoining the home of ex-President Garfield's widow is understood to be in consideration of $17,000. The lot is 126 feet by 385 feet.

Mrs. Townsend purchased the place about a year ago, intending to make it her home, but the death of Mr. Townsend in the East changed her plans

and caused the place to be put upon the market.

CARMELITA PLAN.

At last night's joint meeting of the directors of the Board of Trade and a number of business men, including the Mayor and members of the Council, every one agreed that the city should own Carmelita playgrounds and amply improve them. Some of those present urged that the city should also build a large convention hall and casino forthwith and should be bonded for at least $250,000 for that purpose.

After two hours of oratory and sharp tilts, J. B. Coulston carried his motion to again refer the proposition to a committee of five to devise tentative plans for acquiring the ground and building a casino. The committee is composed of C. D. Daggatt, chairman; J. B. Coulston, J. C. Brainard, George F. Kernaghan and J. Edward Kent.

A statement prepared by President Off and Secretary Bertronneau gave the actual cost of the playgrounds, taxes and interest included, at $63,276. A $35,000 mortgage stands against the property. Bertonneau stated that he has received donations of $12,340 from the stockholders, with the proviso that the city acquire the grounds, build a convention hall and acquire the ten lots on Kensington. Only one has agreed to contribute his stock without the city building the hall.

Off stated that the lots on Kensington place have been offered for $26,911. The African M. E. Church is asking

the ground for $4800. No one present offered any objection to the city acquiring the Kensington lots providing they can be secured for a reasonable figure, say $30,000, which would make the entire cost of land $83,000.

Mayor Earley stated that he is in favor of the city first buying the Carmelita playgrounds and the Kensington lots, if they can be gotten cheap enough; and then, if the people want to have another bond election for building a convention hall, let that come as a separate matter. This view was acquiesced in by a large number present.

Col. Hogan, D. M. Linnard and C. J. Brainard urged that the city should be bonded for $250,000 to $300,000 for buying the grounds and putting up a large and beautiful building.

WILL ADVANCE WAGES.

"On April 1 we will advance the wages of all our employés at our great factory at Canton, Ill., 10 per cent., which will mean the increase in our pay roll of several thousand dollars per day. We will do this chiefly in the interest of our old employés, many of whom have been with us for years." Thus said U. G. Orendorff, secretary and treasurer of the Parlin and Orendorff Company, the largest plow manufacturers in the world, with factories at Canton, Ill., and branch houses at all the large agricultural centers in the United States and Canada, who is at his winter home, No. 325 Bellfontaine street.

"On July 1 we hope to introduce a profit sharing plan with our employés. We will give all employés who so desire an opportunity to purchase stock.

"During the present year we will increase the capacity of our factory at Canton. These improvements contemplate the expenditure of a large sum of money. We have not yet completed plans, but will do so shortly. However, we have definitely decided on building a large branch house at Minneapolis which will cost $250,000.

"We will have the largest business this year we have ever had. Reports from the various farming districts all over the country indicate an enormous increase in all kinds of agricultural business. Farmers are making more money than ever before, and the country in general is in excellent condition. The increase in our business is such that we are justified in making the advance in wages and the great improvements we have in contemplation."

Y.M.C.A. CAMPAIGN.

The Y.M.C.A. campaign for the $100,000 building fund is bearing fruit. At the noon-day luncheon yesterday the division captains reported an additional amount of $12,000, and last night reports were received which bring the total up to $60,000. This is the result of three days' work. The committees have three days more for active endeavor not counting Sunday.

All the preachers have promised to give the cause a boost from their pulpits on Sunday. With 60 per cent. of the required amount raised in three days, Chairman F. S. Wallace and State Secretary Wilcox feel greatly encouraged. They are confident the full amount will be forthcoming.

At the noon-day meeting yesterday Wallace said: "I am greatly pleased with the progress made. Every worker is doing splendid work, but, of course, we need more helpers. This is an opportunity for the people of Pasadena to come forth and help us put up a grand building. I feel perfectly sure we will get the money by next Monday night, but we will have to hustle."

AUTO CATCHES FIRE.

The auto delivery wagon of the Berlin Dye Works took fire while racing mond avenue a few days ago. Yesterday morning it leaked gasoline badly and the driver, Glen Van Meter, was instructed to take the machine to Los Angeles as quickly as possible and have it repaired. He loaded up clothing and rugs to be dyed and repaired and made a hurried start. He was making fast time in an effort to reach Los Angeles, when the vehicle caught fire. He leaped out. The machine ran a short distance and then was totally consumed. A crowd gathered quickly, but fearing an explosion of the gasoline, no one made an attempt to extinguish the flames.

WILL ACCEPT SITE.

The Board of Education has decided to accept the Villa Street Tract for the proposed new High School building. This decision was reached on receipt of an option from the B. O. Kendall Company for $95,000. The board will meet again Monday night, when the bond election will be called. The amount of the issue will be approximately $300,000.

LARGE RECEPTION.

Notable among the many functions of Easter week was the reception and recital given yesterday afternoon by Mmes. Daniel M. Linnard and William Douglas Turner at Hotel Maryland.

Three hundred society matrons and maids gathered in the baronial hall and listened to the reading of "Madame Butterfly" by Mrs. Turner, after which a formal reception was held. All the decorations were arranged to produce a Japanese effect and to create a Japanese atmosphere which was charming. Cherry blossoms and wistaria, played their part, bamboo and butterflies and festoons of Lady Banksia roses completed the picture.

At the close of the recital, which was greatly enjoyed, the hostesses greeted their guests in the north bay window and were assisted in entertaining by Mmes. Maynard Force Thayer, Frank W. Hawks, Revel Lindsay English, Arturio Bandini, Leroy Plummer, Norman Bridge, Thomas Earley and George M. Barker. Refreshments were served in the grill, and music was furnished during the recital and later by Tappe's orchestra.

Mrs. Daniel Craig, formerly of St. Louis, entertained yesterday at her home on St. John avenue with a musicale and tea, given in honor of her guest, Mrs. C. E. Stone, of St. Louis.

Unbonneted women assisting were Mmes. John Dewing Holmes, Benjamin Whitmore, E. W. Leslie, E. A. Marshall and C. G. Titcomb. Presiding over the tea cups were Mmes. L. H. Pontius of Seattle and C. E. Vandenbark of Illinois. The programme was furnished by Mrs. Mayne-Windsor, soprano; Mr. and Mrs. E. A. Marshall and Charles G. Titcomb. There were sixty of the younger society matrons and maids present.

JUNIOR PARTY.

Miss Barbara Blankenhorn, daughter of Mr. and Mrs. Louis Blankenhorn, entertained last evening with a five hundred party at the home of her parents, Markham street. Supper followed the games. Those present were Misses Dorothy Maclintock, Marjorie Fleming, Elizabeth Sherk, Elizabeth and Katheryn Wotkyns, Florence and Dorothy Bailey, Dorothy Vandevort, Theodora Robbins, Margaret Hibbard, Gaylord, Isabel Watson, Beatrice Bush, Janie Stimson, Elsa Morse; Messrs. Charles Hibbard, Joe Wadsworth, Chester Allcutt, Stephen Clark, Henry Stehman, Herbert Childs, Justine Barker, Bryan Welch, Clarence Gamble, Otto Baer, Robert Smith, High Lowthers and Brackett.

bitts, Highland Park; Miss E. Walker, Buffalo; J. Campbell Besley, Hermosillo, Mex.; Cecil E. Day, Duluth; Mr. and Mrs. W. D. Lummis, Miss Jessie Lummis, Toronto; Mrs. E. A. SOUTH PASADENA.

SOUTH PASADENA, March 31.—John Iseli, No. 212 Pasadena avenue, was awarded $75 damages by the Salt Lake Railroad for the loss of a valuable cow, killed on the tracks some time ago.

A conference between the members of the Lighting Committee of the Chamber of Commerce and Messrs. Burns and Beck of the Pacific Light and Power Company, was held recently, but the latter were not prepared to make any definite proposition looking to important changes.

The men of the Baptist Church gave a banquet Tuesday evening in the interest of the layman's missionary movement. Norman F. Marsh was toastmaster. Rev. Mr. Tucker of the Calvary Baptist Church of Los Angeles and Attorney Bebelof spoke.

Under the auspices of the Ladies' Aid Society of the Methodist Church, Rev. John Oliver will lecture tomorrow evening on "The Human Mind, Conscious and Subconscious."

City Attorney Carson has presented an ordinance making it a misdemeanor to distribute medicines and drugs promiscuously, without a written permit from the health officer. The penalty is a maximum fine of $100 or a jail sentence of fifty days.

POMONA.

POMONA, March 31.—A Masonic social club was formed last evening at a smoker held at the new temple. The Managing Committee is composed of Messrs. Vandegrift, Spicer, Graham, Jackson and Nichols.

Philip A. Stanton, candidate for Governor, will be here tomorrow afternoon.

Second Lieutenant H. C. Ludden has been elected first lieutenant of Co. D, N.G.C., to fill the vacancy caused by the resignation of Lieut. Ralph Clark. Quartermaster Sergeant A. B. Cleveland has been elected second lieutenant to succeed Lieut. Ludden. The annual meeting of the company will be held Tuesday evening. In a short time, shooting at 600 yards for those who will try for the State rifle team, will be taken up. The work of recruiting will soon be commenced as there is now room on the muster rolls for about twenty.

Capt. Homer Duffy of Co. D, has received information concerning the annual military encampment which will [illegible] decision in the Northern Securities case. What he wanted, he said, was a [illegible] ability to fulfill [illegible]

LONG BEACH.

TWO MEN ARE SEVERELY HURT.

WORKERS ON CONCRETE VICTIMS OF ACCIDENTS.

Each Will Have a Leg Amputated. Reciprocity Gathering of California Congress of Mothers and Parent Teachers' Associations—Civic Improvements.

LONG BEACH, March 31.—W. E. Raynor, living at No. 744½ San Julian street, Los Angeles, and employed by the Fairchild, Gilmore, Wilton Company as engineer of the concrete mixer, was frightfully injured this morning while at work on East First street near Bixby Park. His leg became twisted around the clutch and was broken above and below the knee, and so frightfully mangled that Drs. Bishop and Bryant, the latter the company surgeon, decided that amputation was necessary. The injured man was hurried to Los Angeles on a special car. Raynor is 52 years of age and has a wife and family.

While unloading cement, José Guirado, an employé of the Edison company, had both bones of the left leg broken and crushed so badly that amputation will be necessary. Three heavy sacks of cement fell upon him from a car.

Eugene Savage, aëronaut, who, two weeks ago fell eighty feet from a collapsed balloon, is so far recovered as to be about the streets. He says he has not abandoned ballooning and has under consideration a five weeks' contract at San Bernardino. He thinks, however, that this will be his last year making air flights.

BRAVO FREED.

Trinidad Bravo, the Mexican, who two weeks ago carved up Pete Lavadette of Los Alamitos, and in turn was badly beaten by the winery man, was discharged from custody this morning after a preliminary hearing which developed that Lavadette was the aggressor from the beginning of the bloody affray. Lavadette and a companion, have been arrested and their trial will be held next Tuesday.

Ex-City Marshal Young today sent a check to Auditor Hatch for $75, being the amount due the city for errors in the tax-books while Young was collector. The city held a judgment against Young.

MOTHERS' CONGRESS.

The annual reciprocity gathering of the California Congress of Mothers and Parent-Teachers' Association was held at the First Congregational Church today. The meeting was presided over by Mrs. Catherine Pierce Wheat of Los Angeles, who announced the various numbers of a long programme covering morning, afternoon and evening. Greetings were extended the Congress by Mrs. Myra Miller and Mayor Windham. Response was made by Mrs. D. G. Trask, first vice-president of the Congress, in the absence of the president, Mrs. Chalmers Smith. Five-minute talks were made by Mmes George Barndollar, J. A. Rominger, J. D. Graham, F. E. Young, E. N. Strong and Will Schilling, and Miss Clara Smith. At noon an elaborate luncheon was served the visitors and several toasts responded to. The afternoon programme was a mixture of vocal and instrumental music and five-minute talks by Mmes. C. E. Hatcher, O. Shepard, H. C. Terrell, A. M. Lord, E. B. Maple, O. T. Helping, L. F. Sconfield, and an address by Dr. Kate Warring Barrett on the "Boy and the Girl." Mrs. Hester Griffith spoke. The afternoon programme closed with a reception to the delegates in the art gallery of Hotel Virginia. Rev. C. C. Pierce of Temple Baptist Church, Los Angeles, spoke on "Give and Take," tonight.

CIVIC IMPROVEMENTS.

At a meeting of the Civic Campaign Committee this morning, Messrs. J. H. Munholland, Earnest Hayne, Charles B. Mullally, A. M. Goodhue, Clarence Higgins, J. A. Rominger, J. G. Drake, W. H. Reider, L. Bixby and C. J. Walker, citizens at large, were added, making its membership twenty-five. The object is to inaugurate a five years' campaign of civic improvements.

The petition of Harry Barndollar to be placed on the Republican ticket for Assemblyman is the first to be forwarded to the Secretary of State. He received notice today from County Clerk Keyes that the names had been checked and numbered twice as many as the percentage required by law.

J. W. Davison was today awarded the contract for the three-story brick block on West Second near Pine. The building, which is to be 50x140, will be of pressed brick and will cost $37,900.

The police today were asked by Adjt. Davis of the Salvation Army to look up two people who are soliciting funds for the American Salvation Army and using Davis's name for reference. He says they are imposters and have recently operated in Los Angeles. Salvation Army solicitors have regular credentials.

WILL CHECK CENSUS.

The Chamber of Commerce today sent a communication to the City Council advising that body to lend aid to Census Supervisor Farmer by appointing two or more inspectors to check up the work of the government enumerators.

Several "dead men" are being buried in the city's water front property on the inner harbor. The "dead men" are big timbers, buried in the ground to serve as anchors for the tie rods which are to hold the bulkhead and piling along slips four and five, in perfect line.

A bombardment of cannon and rifles which awoke scores of residents after midnight was due to the exuberance of the militia boys of Co. H, who met their captain, A. D. Borden, and his bride of a few hours as they alighted from a Pacific Electric car at midnight, returning from San Bernardino, where they were married in the afternoon. Headed by a bugler, playing Mendelssohn's wedding march, the young married people were escorted to their home on Atlantic avenue, which is most elaborately placarded.

BUYS VENICE PROPERTY.

VENICE, March 31.—H. W. Jeffries, a recent arrival at the beach, coming from Vancouver, B. C., has purchased a residence lot on Clubhouse avenue. The property has a frontage of thirty-five feet and a depth of ninety feet. The stated consideration was $4000. The new owner is having plans drawn for the erection of a two-story residence, which is to be built at a cost of $5000.

LUNATIC AT LARGE.

SENSATIONAL ESCAPE.

Madman Takes a Woman's Horse and Dashes Away.

Mounted Officers Outwitted in Hot Pursuit.

Crazy Leaves Patton Asylum on Gallop.

[SPECIAL DIRECT WIRE TO THE TIMES.]

HIGHLAND, March 31.—[Exclusive Dispatch.] A madman named Antonio [illegible] made a sensational escape from the asylum for the insane this morning and is still at large late tonight. He got away in a peculiar manner. Dr. Scott Blair, Mrs. Edwin Waite and Mrs. Fanning had been out for a ride and returned to the hospital grounds where one of them dismounted. Her horse broke away. Several attendants and trusties who have the run of the grounds attempted to catch the animal.

While watching them Mrs. Waite remounted and stood holding her horse by the reins. Torres reached over, snatched the bridle from her hands, leaped on the horse and galloped away.

The alarm was immediately sounded and in a few minutes there was a hot pursuit by mounted attendants, but they failed to overhaul Torres.

Sheriff's officers of neighboring towns and cities were at once notified, but the madman is sufficiently sane to avoid the [illegible] places where he would be [illegible] taken up.

SAN DIEGO.

WITTINGS PREY ON HIS MIND.

VICTIM OF PRACTICAL JOKERS HAS DISAPPEARED.

Employes of Consolidated Gas and Electric Company Is Missing and Friends Have Notes in Which He Is Presented as Saying He Means to Kill Himself.

SAN DIEGO, March 31.—Is Albert Youngberg a victim of practical jokers? Since Tuesday he has not been seen. He was a good workman, and was liked by the officials of the San Diego Consolidated Gas and Electric Company. They have caused a thorough search to run down rumors concerning Youngberg's disappearance.

Notes were mailed to officials of the company saying that Youngberg had decided to kill himself. He has not been in his room since Monday night. It is said to have been seen at Tia Juana. Superintendent Clark of the company today made a trip there but was unable to find a trace of the missing man. There is a report that he was so constantly joked that the things preyed on his mind until it became so upset he may have killed himself.

Capt. Collins, of fire station No. 1, this city, is a personal friend of Youngberg and of his sister, Mrs. Nelson of No. 215 South Olive street, Los Angeles. The latter has written to Capt. Collins seeking information concerning her brother's disappearance.

SEIFERT GIRL SENT EAST.

Gertrude Seifert, whose sensational [illegible] with Thomas Foreman, aged [illegible] years, Tuesday, startled San Diego, removed from the custody of the matron at 3 o'clock this morning by her father and mother, placed on the "Owl" train, without being given a chance to communicate with her boy friend, and today is speeding eastward toward New York en route to Germany, for an indefinite stay.

Thomas Foreman was kept in ignorance of the move till late today.

NEW COMMANDER.

According to a telegram from Washington, D. C., Capt. George H. McManus, Coast Artillery, is ordered to Fort Rosecrans, to relieve the present commander, Maj. G. W. Gatchell. It is presumed Capt. McManus is to be promoted to major soon.

ISSUES MYTHICAL BURGLAR.

Pursuing a mythical burglar over and through garret windows and among the tiles of the scenery of the Spreckels Theater was the experience of Policeman Holcomb late last night. A burglar was found loitering in one of the hallways of the Sefton building [illegible] the theater. While the janitor was at the nearest telephone notifying the police the stranger disappeared. Officer Holcomb searched the [illegible] hallways of the building, followed a loose trail through an open skylight to the roof of the building, [illegible] there through a trap door of the Spreckels Theater which led him among the [illegible] and stage workings. The officer did not come upon the object of his search, the mythical burglar always [illegible] the lead until Holcomb finally gave up in disgust. A large crowd of men and boys guarded the entrances to the Sefton building, but [illegible] no burglar.

SUNDAY-SCHOOLS MEET.

The sub-district Sunday-school convention of the Methodist churches of Southern California opened today with sessions in the Central Methodist Church. ...ide to Celebrate in the Fall. ...Outside Towns Indorse the Proposition.

...RSIDE, March 31.—Preliminary ... the launching of a county ... to be held in Riverside next fall, ...tion has the hearty indorsement of the outside towns of the county, as well as the commercial organizations of Riverside.

At the recommendation of a committee comprising George M. Busey, H. K. Small and J. F. Backstrand, it was decided to form a company to be known as the Riverside County Industrial and Educational Association, to arrange for the fair and premiums. There are to be twenty-one directors of the association. Of this number, six are to be chosen from the city of Riverside, two from Arlington, and one each from Corona, Elsinore, Hemet, San Jacinto, Temecula, West Riverside, Beaumont, Banning, Alvord, Coachella, Perris and the Colorado River country. The association hopes to secure $10,000 at the lowest figure, to begin operations with. This money is to be raised by securing memberships at $10 each.

WEDDING CHIMES.

As the culmination of a romance that began behind the desk in the lobby of the Glenwood Mission Inn, John Stewart McCormick, one of the day clerks of the hotel, and Miss Mellie Hutchings, chief telephone operator there, were married at noon yesterday, while the chimes from the tower pealed the wedding music. The ceremony took place at the home of the bride's parents, Mr. and Mrs. C. R. Hutchings, at No. 222 West Third street, with Rev. Dr. George F. Holt, pastor of the First Baptist Church, as the officiating clergyman. The bride was gowned in white nun's veiling and carried an arm bouquet of white sweet peas and maidenhair ferns.

Upon their return from their wedding trip, Mr. and Mrs. McCormick will make their home at the Glenwood.

Miss Carrie Swope, for twelve years principal of the Longfellow School, has resigned in order to devote her time to conducting teachers' training classes throughout the State. For some time she has had charge of these classes during the summer.

SANTA BARBARA.

ARRANGE FOR ENTERTAINMENT

PLANS PERFECTED FOR RECEPTION OF DELEGATES.

Committee Announces Plans for Convention of Federation of Women's Clubs at Hotel Potter—Nearly Three Hundred Reservations Have Been Made Already.

SANTA BARBARA, March 31.—By indefatigable labor, the members of the Federation of Women's Clubs Committee on General Arrangements have perfected all plans for the entertainment of delegates to the annual Federation Convention to be held this year at the Potter, April 8, 9, 10, 11 and 12. Already 260 reservations have been made at the hotel. Special rates to this city have been granted by the Southern Pacific with a leeway of two weeks, March 29 to April 12.

Thursday evening, April 7, the delegates will be received at the Potter by members of the Executive Committee. Friday night Rev. Charles R. Brown of Oakland will deliver an address on "The Prince of Peace." This will be followed by a concert by La Monaca's Italian band. Saturday afternoon the visitors will be given an opportunity to see places of interest in Santa Barbara, and a reception at the Potter Country Club on the Hope Ranch will be tendered from 3 to 5 to the officers, delegates and visitors by the Santa Barbara Woman's Club assisted by the Woman's Club of Carpinteria. La Monaca's band will also play for this function.

Sunday at 3 o'clock a special vesper service will be given at the Old Mission.

Father Theophilus Richardt will deliver an address on the Mission. The presentation speech of the Camino Real bell will be made by Mrs. Frank J. Maguire. Father Peter Wallischeck will pronounce the blessing on the bell. Music will be rendered by St. Anthony's Boy Choir.

Saturday evening a public reception will be held in the ball room of the Potter hotel at which Governor Gillett will talk on "Good Roads." Selections will be given by the Music Study Club and there will be a concert by La Monaca's band. Monday evening there will be a formal recention in the Potter ballroom; an attractive feature of which will be Spanish songs and dances in costume to music by a Spanish orchestra.

A great deal of interest is being taken in the coming address of Mrs. Isabel Churchill, formerly president of the Colorado Federation of Women's Clubs and now chairman of the Board of Education of that State. Mrs. Churchill, is at present visiting friends in Pasadena. Among the other well-known women who will speak at the convention are: Mrs. Elizabeth Robson of San Diego, on "Civic Art;" and Miss Gearhart of Pasadena, who will talk on "How to Study a Picture." These two speeches come under the Department of Art. In the Department of History and Landmarks, Mrs. Helen M. Bandini will tell the story of "Old Santa Barbara." Under the same department there will be a short talk on "The Preservation of Old Spanish Names," by Miss Adele Humphrey of the College Woman's Club of Southern California. Mrs. Florence Collins Fortner of Pasadena, under the Press Department, will speak on the subject of "The Value of Coöperation of Club and Press." In the Department of Household Economics, Mrs. Elsie Lee Turner of Oakland, a member of the Collegiate Alumnae, will give an address.

The energetic women on the Committee of Arrangements are: Mrs. Frank J. Maguire, chairman, Mrs. W. B. Metcalf, secretary, Miss Hattie Hall, treasurer, Mrs. Nathan Bentz, Mrs. Frank Conant, Mrs. Henley C. Booth and Mrs. Jane Byrd.

REDLANDS.

FIRST HIS WIFE, THEN OFFICER.

BAD MAN BEATS THEM BOTH BEFORE SUBDUED.

Constable Injured and Bystanders Help Put Handcuffs on Prisoner, Who Must Serve Sentence of Six Months, Then Stand Trial on Second Charge—Deaths.

REDLANDS, March 31.—Constable Charles Crain had a tussle with an obstreperous prisoner yesterday morning while attempting to get him to jail, and as a result he is nursing a sprained arm and wrist. The man, Glenn G. Padgett, was out on probation for beating his wife. Night before last she again complained to officers. Padgett was given a straight sentence of six months in jail by Justice Gifford yesterday.

Constable Crain was detailed to take the prisoner over to the county seat, but Padgett fought like a tiger. Finally he was gotten down on the ground and choked until he was black in the face and when he finally promised to be good, he was allowed to get up, but he immediately began pummeling the officer again.

Bystanders came to the latter's rescue and put handcuffs on the man, but not until he had painfully injured the officer's left hand and arm. After donning the bracelets he became very mild and was soon taken over to San Bernardino to the jail. When he serves out the present sentence he will be again arrested on a charge of resisting an officer.

PROMINENT PEOPLE DIE.

Jonathan Graham, for the past ten years a resident of Redlands died day before yesterday at the Loma Linda Sanatorium, aged 84 years. Mrs. Graham passed away a few months ago and since then Mr. Graham, who had been in poor health for some time, pined away. He was of Scotch descent and was a native of Ireland, coming to this country when very young. He leaves two sons, Henry L. Graham of Riverside, and Edward S. Graham, president of the Casa Loma Hotel Company, and a banker of this city. The funeral services was held yesterday afternoon and interment will be later in Laurel Hill, Philadelphia.

Mrs. Elizabeth Angus Wade, wife of Charles I. Wade, died yesterday at the home of her son, Charles W. Wade, after an illness of several months. She was born in England seventy-three years ago, and came to this country when only 2 years old, her parents locating in Pittsburgh, where she lived all of her life until she came here a year ago. In Pittsburgh she was an editorial writer on the Leader, and she also wrote short stories under the nom de plume of Bessie Bramble. She was associated with Susan B. Anthony in her campaign for woman's rights. She leaves a widower and son. The funeral was held this afternoon, and the body taken to Pasadena for cremation.

REDLANDS NOTES.

Arrivals at La Casa Loma: B. C. Brooks, Mr. and Mrs. C. W. McCormick, Mr. and Mrs. A. B. C. Dohrmann, George W. King, Mr. and Mrs. William Corbin, Mr. and Mrs. G. Kramer, San Francisco; R. B. Bouham, Kingman, Ariz.; E. G. Sutton, Chicago; Mr. and Mrs. B. S. Johnson, Hudson, N. Y.; E. A. Powell, New York.

The Glee Club of the University of Southern California gave a concert in the First Methodist Episcopal Church last evening. In the afternoon the boys were tendered a reception at the home of William Preston and after the concert, they were given a reception at the home of Miss Carpenter.

At the annual meeting of the Spinet Musical Club, yesterday morning, the following officers were elected: President, Miss Julia Caldwell; vice-president, Mrs. E. A. MacDonald; secretary, Miss Ida Wheat; treasurer, Miss Rachel Hemingway; business manager, Mrs. A. G. Hubbard; directors, Mrs. John W. Davis and Miss Annette Cartlidge. The club is considering the possibility of bringing the New York Symphony Orchestra here for an extra concert, such as it gave two years ago.

Yesterday was moving day for the city officers of Redlands, all the office furnishings being taken from the City Hall in the Y.M.C.A. building to the new City Hall, corner Fourth and State streets, which has just been completed. The Associated Charities has also fitted up a room in the new City Hall for its use.

UNEXPECTED RIDE.

Society Leader of Ontario Hangs on Between Two Box Cars for Half a Mile.

ONTARIO, March 31.—Mrs. C. B. Ford of No. 302 West Emporia avenue, a leader in Ontario society, had a ride yesterday afternoon between two box cars on a railroad that furnished a thrill. Mrs. Ford coaches amateur actors of the High School. Yesterday afternoon, in company with the young actors, she started for the operahouse for a rehearsal. When the party arrived at the Southern Pacific tracks a long freight train was drawn up across the avenue. Rather than wait for it to move, some of the students laughingly proposed that they cross over on the couplings. Mrs. Ford did not know how this would work, but, as she hesitated, the others crossed, and she gamely prepared to follow. Just as she boarded the train it started, and she was compelled to hold on to a frail railing for a distance of nearly half a mile before the calls of the students attracted the attention of the crew. The train was stopped and she was helped off.

The Chamber of Commerce is going after a first-class tourist hotel for this city. There is a good commercial house here, but no attractive hotel that provides an adequate place for the entertainment of tourists. A large number comes here every season and many are so pleased with the beauty of the place that they would make this city headquarters during their stay except for the lack of a hotel home such as they are accustomed to. What the chamber is going after is a hotel similar to the Casa Loma of Redlands or the Glenwood of Riverside. There are several ideal locations obtainable.

The new building for the Chamber of Commerce at the foot of Euclid avenue is about completed, and the Ways and Means Committee find that the original subscription of $2647 is used up. It now wants about $500 more to purchase a $200 electric sign and for interior furnishings.

The Trustees have passed several new ordinances and revised old ones. The most important features are the changes of regular meeting night to

MAD DOG BITES BOY.

Animal Dies While Anaheim Youth Is Taken to Los Angeles for Treatment.

ANAHEIM, March 31.—Charles Jester, aged 16 years, son of Mrs. Jester, is being taken to Los Angeles daily for treatment at a hospital for a bite on the wrist, sustained from a dog which, it is claimed, was mad. The canine was taken to a veterinary where it died soon after biting the boy.

It is believed Anaheim stands a good chance of getting the new $3,000,000 beet sugar factory that is to be established in Orange county or some part in Southern California. A representative has been here and in company with members of the local Chamber of Commerce drove to land north of town where an option is said to have been taken on fifty-five acres. Chief Engineer Pillsbury of the Pacific Electric Railroad Company is considering the matter of building a road to the proposed site of the factory.

The following officers of the newly-formed lodge of Pythian Sisters will be installed at a meeting to be held Saturday night: Mrs. Maud Sullivan, Past Chief; Mrs. Clara Simpson, Most Excellent Chief; Mrs. Laura Resh, Excellent Senior; Mrs. Maud McCann, Excellent Junior; Mrs. Amanda Hill, Manager; Mrs. Grace Houts, Mistress of Records and Correspondence; Mrs. Kate Quarton, Mistress of Finance; Mrs. Maddie Schumacher, Protector; Col. Royer, Outer Guard; Mrs. Carrie Huelster, Mrs. Mary Melrose, Mrs. Helen Hatfield, Trustees. The new lodge will start out with a membership of about fifty.

The city ordinance has been introduced which is aimed to protect the people of the city from that dreaded disease, hydrophobia.

The engagement is announced of Dr. Harold Wickett of Anaheim, and Miss Ethel Chapman, daughter of C. C. Chapman of Fullerton.

Mr. and Mrs. William McLaughlin will leave September 15 for a trip to Japan, Manchuria, Russia and other points. They will also visit Germany, France and Italy.

PERRIS.

PERRIS, March 31.—Building actively continues in this place. The class of structures is exceptionally good. Among those being constructed is that of George W. Marshall's large one-story frame, on the corner of the boulevard and Seventh street.

William Becker, Jr., has purchased of Jemima E. McGowan the west half of lot 7, block 22, Riverside tract.

The same party has sold to William Beeker, lot 2, block 23, Riverside tract. The buyers will improve and make this their home.

William A. Hann has purchased lot 5, block 10, of Myron A. Wolcott.

Prof. Edgar T. Boughen, principal of the Hemet High School, announces his candidacy for County Superintendent of Schools. He formerly taught in the Perris school.

The election of school trustees, both for the Perris High School and the grammar school, will take place tomorrow. Five trustees are to be chosen for the High School and one for the grammar school.

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md. —"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. FORD, 2207 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and to-day is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.

If you are suffering from any of these ailments, don't give up hope until you have given Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice write to Mrs. Pinkham, Lynn,

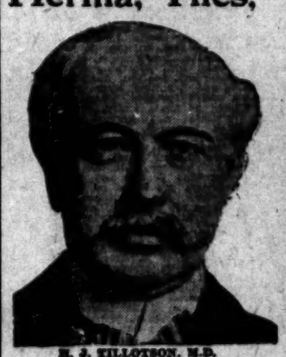
Cured in 5 Days

Hernia, Piles, Varicose Veins

MANY CASES PERMANENTLY CURED IN ONE TREATMENT. MOST TIME-SAVING, MOST NATURAL, MOST SAFE. NO DETENTION FROM OCCUPATION, FAMILY OR HOME. A RADICAL AND PERMANENT CURE. I WILL GIVE $500 TO ANY CHARITY AS A GUARANTEE THAT EVERY STATEMENT IN THIS ANNOUNCEMENT IS TRUE.

I cure rapidly, painlessly and at small expense. I will demonstrate actual results in your case. I will give conclusive evidence of my merit which is obtained and maintained by ability I invite you to come to my office; I will explain my treatment for Hernia, Piles, Fistula, Varicose Veins, Pelvic, Nervous, Blood, Kidney, Bladder and Rectal Diseases. I will give you free a physical examination; if necessary a microscopical and chemical analysis of secretions to determine existing pathological and bacteriological conditions. Every gentleman should take advantage of this opportunity to learn his true condition. Certainty of cure is what you want.



H. J. TILLOTSON, M.D.

The most valuable information in the world is to know where to be cured. I am the only Specialist in Los Angeles who does not advertise a fictitious name and photograph. I publish my true photograph, correct name, personally conduct my office. I am the longest established, most successful and reliable, as medical credentials and press records prove. I make this statement so that you will know you consult a celebrated Specialist, who sees and treats patients personally. I possess skill and experience, acquired in such a way that no other can share, and should not be classed with medical companies. Experience is the safe standard by which judgment may be valued, and it is unwise and expensive to embrace the statements of medical companies. It is impossible for a medical company to attend college. Companies have no diploma or license to practice medicine in California, or any other State. Medical companies usually are named after a doctor. A portrait whose personality and identity are indefinite, is selected and published as the legitimate specialist of the office. Hired substitutes, ordinary doctors with questionable ability, give consultation, examination and treatment.

A thorough investigation should be made by every ailing man as to the specialist he consults. Duty and destiny to self and those who depend upon you demand the best medical attention. I have the ability and can give you this service. I have always charged a very reasonable fee, so that my services may be obtained by any man who sincerely desires to be cured. I make no misleading statements or unbusinesslike propositions; neither do I desire to be particularly independent, and I would like to have you for a patient, if you will come to me on a strictly professional basis, and the inducements that I offer, which are my ability and thirty years' successful experience. Time-Saving Treatment; and Guarantee of cure of certain Diseases.

NO MONEY REQUIRED TO COMMENCE TREATMENT. Many patients have no confidence in their doctors, because he demands pay before a cure has been effected, and there are many who have been misinformed about their condition, or through unsuccessful treatment have become skeptical and think there is no cure for them. I want an opportunity to treat each patient. It makes no difference about the financial part, as I accept pay for my services as benefits are derived, when I am satisfied the patient is reliable. Health is capital at interest. I will prove my ability to cure you before asking pay for my services.

WRITTEN GUARANTEE.

Dr. Tillotson's Written Guarantee means a cure or no pay for services. I guarantee to cure certain diseases or refund every dollar you have paid me for my services. My services cost you nothing unless I cure your Varicose Veins, Hernia, Piles, Fissures, Ulcerations, or any disease I guarantee to cure. My terms are reasonable and no more than you are willing and able to pay. Established 1899.

VARICOSE VEINS.

In the cure of Varicose Veins, Rupture and Associate Diseases of the Pelvic Region, I am successful in bringing to bear the curative power of Nature's forces in such a manner as to supplant the old-time, wide-open surgical operations. Once it required several weeks to cure these conditions, and the method which some still use is such to endanger the life of the patient and require a long period of convalescence. Now an absolute cure can be accomplished in a few days and with perfect safety.

TRUSSES SELDOM CURE RUPTURE. Disregard for existing Hernia has cost many lives. The smallest hernias are the most dangerous to life, because of the increased liability to strangulation. I am aware that a great deal of fraud has been practiced on the public in connection with the alleged cure of Rupture, and whether I actually do cure Rupture, to stay cured, I do not expect any one to accept my statement without investigation of my professional work. My claim to your confidence is based on absolute facts; accomplished results. At a personal consultation I will make a free examination and can explain every detail of your Hernia and demonstrate to you the curative value of the method I have discovered. I invite the careful investigation of any person who sincerely desires to be cured. I cure Rupture, in selected cases, with perfect safety and small no suffering, and do not detain you from occupation under Written Guarantee. Many cases cured to stay cured by one treatment.

PILES, FISTULA, RECTAL DISEASES. These diseases are very common; most frequently found in persons of middle or advanced age; are exceedingly annoying, often very painful, and sometimes very dangerous, and frequently unfit one for pleasure or occupation. My treatment and success are the result of years of experience; my treatment is kindly applied. I cure Piles without cutting. Some cases are cured by one or more treatments. If I do not cure your Piles, Fistula and other Rectal Diseases, my treatment does not cost you anything. Gentleness in treatment comes from treating many cases, so I guarantee a cure of Piles, Fistula, Fissures, Ulcers and all curable Rectal Diseases.

LIFE'S BLOOD STREAM. The great clearinghouse of a man's body is the blood stream. Your blood cells are your bank account. Your only defense against disease is by and through blood corpuscles. My blood-making, blood-purifying remedies have been tried and proven. My blood-cell remedies nourish strengthen and increase the blood cells and nourish the nerve centers. I want to prove to you at my expense that my blood-making, blood-purifying remedies give power to weak brains and life to nerve centers.

KIDNEY AND BLADDER DISEASES. With these diseases you may have more complications than are presented by any other diseased organs. By my searching illumination of the bladder I determine accurately the disease and by microscopical examination and urinalysis I make sure the condition of the kidneys, thus laying foundations for scientific treatment.—[Announcement Copyrighted.]

THE MARKETS.

LOCAL PRODUCE MARKET.

The first eastern eggs are expected in Los Angeles within the coming week. The season is about a week later than last year, owing to the late spring in the East. The eggs will not go on the public market at all, but will be put in storage for the usual winter trade. They will bring an average of 21 cents, at least, at the opening and will be laid down in Los Angeles at about 24½ to 25 cents a dozen. This puts forth a prediction as a figure that there will be little speculation this year according to several of the big dealers. It is prohibitive and, as a result, those with a speculative bent are not at all inclined to take the risk. Prices on eggs were unchanged yesterday. The receipts were among the largest of the entire season, 103 cases, and this helped to keep the market at its present level. There was some weakness in case-count and a drop is looked for this morning if receipts justify. Arrivals of butter were 34,152 pounds, which is considerable butter going into storage, the arrivals and local production being larger than can be cared for at present. The prices on butter were all very firm.

Northern fresh cheese was a feature in the market as far as sales were concerned. The price remained at 16½ to 17 cents. Domestic Swiss moved fairly well. Offerings of eastern stock were heavy, but buying light. Arrivals were 10,415 pounds.

Potato values were sustained. The market was slow on some varieties and fair on others, in the latter class being Highlands and Oregon. The feature of the potato market was the first receipts of local White Rose spuds. Only a few lug boxes were received and they sold at 2.25 each. Total arrivals of spuds for the day were 1600 sacks.

There were no arrivals of beans and no changes in the market. Onions were also not reported among receipts. The market is about cleaned out on onions right now. Citrus are firm. Sweet potatoes brought up to 3.50 per hundred for the little local stock on hand.

The first cream squash of the season are on the market. They are selling at 1.25 per lug box. Asparagus was very firm, bringing 2.00 per crate and an average of 4 cents a pound. Celery is selling as high as 3.25 for fairly good stock.

Strawberries are arriving regularly. About 400 cases were received in the morning. The quality is bettering right along and this has produced better prices.

Salmon and shad from the north were the features of the fish market. A large shipment of barracuda from San Diego and one from Newport helped out the empty market. A few halibut were also among the arrivals of sand dabs and king fish.

FOR MANY REASONS

For many reasons we strongly advise the purchase of MIDWAY UNION now at 13½ cents per share.

First and foremost we believe the stock will steadily advance, and that there is no chance for even a fractional decline from 13½ cents. We believe in the organization of this Company that the safety of the investors' money is absolutely assured. We believe, furthermore, that there are great values in the present holdings of the Company far and away above the present selling price of the stock.

We can assure you that the selection of each separate holding of this Company has been made by men in the organization who understand the oil business thoroughly in every way, shape and manner. We are not at liberty at this time to use the names of a number of eminent scientists and practical oil men who have guided the MIDWAY UNION thus far in its selection of properties, but we are at liberty to show you original letters from them bearing upon this subject, and will be glad to do so when you call at our office.

The Midway acreage was selected with the greatest of care, was secured at a very low price, and now is proved by recent development to be in the midst of big production. The only thing to be done is to get down to the oil as quickly as possible, and with this end in view, Mr. Charles E. Finney, Vice President and Field Manager, will at once order a Standard Drilling Rig, tools, etc., for the Midway tract, and the first well on the Midway tract is to be started at once. This well is to be known as the MIDWAY UNION NO. 1 on Property No. 1.

Another reason for urging you to buy the stock at once is because it is selling rapidly at 13½ cents, and cannot last forever. Furthermore, the management may soon decide that they can as readily secure 15 cents per share as 13½ cents per share, and therefore advance the price. As a matter of fact, there are enough good talking points and valid reasons to now warrant an advance to 25 cents per share, and we venture to predict that 25 cents per share will be reached in a very short time.

As to the future, looking a year ahead, we venture the opinion that MIDWAY UNION will easily pass the $1.00 mark. Our predictions are based upon sound estimates of what may reasonably be expected from a liberal development of the great holdings of the MIDWAY UNION.

Call and talk the matter over with us. You will have cause for regret if you do not secure all of this stock at 13½ cents that you can arrange to pay for.

We ask only 10 per cent. to accompany orders, the balance upon allotment.

LOCAL STOCK EXCHANGE.

Great Volume of Trading Devoted to Oils With Bulls in Control, Except Midway.

The trading on the local Stock Exchange yesterday would have been regarded as a pretty good day's work several weeks ago, but the volume of business has been so abnormal for some time that yesterday was put in the bad books as a poor day.

California Midway opened at 86 and closed at 82 bid, after 22,000 shares had changed hands. It is thought the raid on this stock is from an inside source.

While only 2000 shares were sold, Palmer Oil was a decided feature, as it gained 3 points over the bidding of the day previous. Mexican Petroleum Limited opened at 25.50 and went up to 25.62½. Associated sold at 49.62½. Oleum was quiet and so were most of the other issues. Aside from California Midway, however, the bulls were in the ascendancy.

Broad Market for Stock of COALINGA CRUDE OIL CO.

Providing a Company is operating in absolutely proven territory, and providing the stock of such Company has a broad market, the real time to purchase that stock in order to make big profits from investment, both on income and the appreciation in value, is when the Company is doing its first development work.

It must be apparent to any wise investor, that the time an oil stock makes its big advance is always with the bringing in of the first well on the property.

It is with all this in mind that we recommend the purchase at its present market price, of Coalinga Crude Oil Company stock, for this Company owns and is aggressively developing one of the choicest pieces of absolutely proven oil property in the entire Coalinga field.

Work on this property was only started in January of this year, yet a complete camp has been built and equipped, water well completed, and oil well No. 1 rapidly approaching completion, and should be finished by April 10th.

Stock of the Coalinga Crude Oil Company is listed on Los Angeles Stock Exchange, which will provide a broad market for this stock, and insures purchasers opportunity to realize upon their investment at any time.

The stock is selling on Los Angeles Exchange at prices between 30c and 35c per share, and we recommend the purchase of this stock at any price under 50c per share; for we feel confident that these prices will advance steadily up to the time of bringing in the first well, at which time a big jump may be looked for. We recommend the purchase of this stock as an investment for dividends, as expert figures show an earning power from this property of at least 2 per cent. per month on par, so that investments made at the present market price should show sufficiently large earning to satisfy anyone. You can purchase large or small lots of this stock through any broker on the Los Angeles Stock Exchange, or we will fill your order at the market price the day received.

Full particulars of the Company; its organization, properties, and development work will be furnished upon application by person or by letter. To those interested, we suggest immediate action before the market price is very much advanced.

Boston Copper Market.

[Furnished by Logan & Bryan, Members New York and Boston Stock Exchanges, Bradbury building.]

BOSTON, March 31.—The market was quiet, and it looked as if it was adjusting itself. Conservative investors are coming into the market at this level, but they are very careful what they buy. Sentiment in favor of the producing Lake mines is growing fast, and people are selling out their speculative stock and investing in such standard issues as Wolverine, Osceola Quincy and Copper Range. MAY WHEAT LED TRADING PIT.

NEW CROP CLOSED STRONG AT MATERIAL ADVANCE.

Kansas Advices Show Much of the Crop Winter Killed—Corn Opened Strong, Owing to the Bulge in Wheat, But Declined to Weak Close. Oats and Provisions Ruled Lower.

[ASSOCIATED PRESS NIGHT REPORT.]

CHICAGO, March 31.—Activity and strength in May was the feature of trading in wheat. That option showed greater firmness than the new crop months at all stages and at the high point was 1¼ above yesterday's final figures. The new crop months were influenced by fresh reports concerning the condition of the growing grain. Advices from Kansas were of more definite character than heretofore, and showed that a large percentage of the crop had been "winter-killed." These reports, however, had been largely discounted. The range on July delivery today was ⅞@¾ and for September ⅞. Weakness of corn prompted some selling in the final half of the day, but the market closed firm, with May at 1.14¾, July closed at 1.06¾ and September at 1.03¾. Some firmness was shown at the outset in the corn market, owing to the bulge in wheat, but before the end of the first half hour, prices had started downward. The market closed weak at almost the bottom with prices ¼ to ⅝ lower. May sold between 62¼ and 62¾, and closed at 62¼@62⅜. Oats were inclined to be weak. The May delivery ranged between 43¾ and 43⅝. The close was easy, with May off ⅛@¼, at 43⅝@43¾. Provisions closed weak, at net losses of 2½@5 to 17½.

Cash quotations were as follows: Flour, easy. No. 2 rye, 96. Feed or mixing barley, 32 @34; fair to choice malting, 34@37. Flax seed, No. 1 Southwestern, 2.20; No. 1 Northwestern, 2.20. Timothy seed, 4.60. Clover, 12.50. Mess pork, per bbl., 18.87½@20.00; lard, per 100 lbs., 14.00. Short ribs, sided (loose), 13.37½@13.75; short clear sides (boxed,) 14.25@14.50.

Grain Statistics.

Total clearances of wheat and flour were equal to 120,000 bushels. Primary receipts were 467,000 bushels, compared with 489,000 bushels the corresponding day a year ago. Estimated receipts for tomorrow—Wheat, 20 cars; corn, 140 cars; oats, 70 cars; hogs, 10,000 head.

New York Cotton Market.

Logan & Bryan's letter says: "Various portions of Texas and Oklahoma received a much-needed rainfall late yesterday and this morning. The Northwest, Northern, Central, Western and Central Texas had the best of it, and of these the lightest rainfall was in Central Western Texas. It was needed worst. This leaves the State of Texas with probably enough moisture in the best telegraph and telephone area to germinate the seed and we will probably hear good reports from these sections for the next week or ten days. The sustaining moisture has not yet fallen and although the rainfall has continued throughout the day, there is a suggestion of returning dry weather for tomorrow. Where rains will be of value depends upon the fall, and how long they continue. What we have is far from enough. Too much rain will bring the weevil in its wake. It is a long reach to conclude a good Texas crop from what we have in sight, still many will draw that conclusion. The warfare in the summer months continues, and the public are gradually leaving those months for the professional hands. So long as summer months command from 25 to 210 premium over the fall months there is every incentive for the spinner to wait and get it cheaper. The fall months have been sold to death upon no other theory than that they are very high. In fact, higher, than they were at this time in the Bully year, the selling, however, has about exhausted itself, and unless perfect weather conditions follow those short of October and December cotton will find themselves in a cul de sac. No price is high until a crop of record breaking proportions is assured, and the weevil and weather of the next six months will have much to do with the situation. Texas reports should be glowing for a week or ten days. The relief will bring that sort of an expression. But the selling pressure is about over. It was accomplished in a day and there is no long interest in those distant months to get scared and run. At around and under 13c. the distant months are cheap under the conditions that exist."

NEW YORK, March 31.—The market for standard copper was weak and lower today, with spot and all deliveries up to the end of May quoted at 12.70@13.00. The London market was lower and spot was quoted at £57 15s, and futures at £58 17s 6d. Local dealers reported a weak market, but no quotable change in prices, Lake being quoted at 12.25@12.50; electrolytic at 12.00@12.25, and casting at 12.75@13.00. No arrivals were reported at New York today. Customhouse returns showed exports of 1,468 tons, making 16,831 so far this month. Tin was firm, but quiet, with spot and March quoted at 32.45@32.75; April, May and June, 33.25@33.75. The London market was firm and higher, with spot quoted at £154 10s and futures at £154 10s. Lead was dull, with spot quoted at 4.43½@4.50 New York, and 4.20@4.25 East St. Louis. The London market was unchanged to £12 18s 9d. Spelter was dull, with spot quoted at 5.35@5.45 New York, 5.25@5.40 East St. Louis delivery. The English market was unchanged at £23. Iron was lower in London, with Cleveland warrants closing at 51s 6d. Locally the market continued quiet. THE PUBLIC SERVICE.

(Continued From Second Page.)

and Simon Pearlin, manufacturing jewelers, on probation, both boys having been convicted of embezzling diamonds valued at $447 from Jacob Rosenkrantz, last November. The term of Sam Pearlin was fixed at seven years, and one condition of his release was that he save $30 a month for a fund to reimburse his creditors. Simon, who is married, was given a five-year term, and ordered to pay $20 a month toward the creditor fund. Neither of the young men will be allowed to enter into business for himself, but will be compelled to work at their trade of jewelers. The action of the court was taken against the advice and recommendations of Capt. A. C. Dodds, chief probation officer, who could find nothing in the record of the young men to be worthy of the exercise of clemency. The Pearlins were captured in New Haven, Ct., last December, and returned to the city for trial.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

CONTEMPT OF COURT. Mrs. Della Moorehouse, mother of Elmer Moorehouse, a ward of the Juvenile Court, and at present being cared for at the Strickland Home, was sentenced to pay a fine of $25, or go to the County Jail and remain there until the fine was satisfied at the rate of $5 a day, by Judge Wilbur, yesterday. Afterward, friends paid the fine and the woman was released. The child has been under the care of the court for two months, and the charge of contempt arose from the conduct of Mrs. Moorehouse in connection with the case.

ACTION IN DAMAGES. C. O. Kuns brought an action in the Superior Court yesterday against the W. D. Howard Motor Car Company to secure a judgment for $15,000. The plaintiff alleged injuries received February 23, last, from being struck by an automobile on Fair Oaks avenue, driven by T. C. Cole, an agent and employé of the defendant company.

RELEASED ON PROBATION. Charles Berger of Long Beach, charged with making an assault with a deadly weapon upon George E. Austin, a policeman of that city, November 24, last, was released on three years' probation by Judge Davis, yesterday. It is one of the conditions of the order that Berger must abstain from the use of intoxicants during the term of his parole.

INCORPORATIONS. Articles of incorporation were filed yesterday by the Los Angeles Oil Development Company, capital stock $200,000, incorporators, F. M. Cary, A. E. Halsey, A. W. Ross, R. M. Russell and F. R. Seaver, subscribed $500; Crags Country Club, incorporators, A. C. Balch, Sumner P. Hunt, Godfrey Holterhoffer, Jr., J. B. Lippincott, Edward D. Silent, H. D. Lombard and William Lacey; Page Seminary, capital stock $50,000, incorporators, Emma E. Page, Della Page Gibbs and Robert A. Gibbs, subscribed $300; The Crags Land Company, capital stock $80,000, incorporators, A. C. Balch, Sumner P. Hunt, Godfrey Holternoff, Jr., J. B. Lippincott, Edward D. Silent, H. D. Lombard and William Lacey, subscribed $7000.

ACTION ON A CONTRACT. George Simon brought suit in the Superior Court yesterday against the Shakespeare Mining and Reduction Company to secure a judgment for $10,965.57, alleged to be due on account of money advanced by Simon in behalf of the corporation. It is alleged that in May, 1903, an agreement was entered into between Simon and the company, under the terms of which he was to take up and pay claims against the company up to $10,000, and it is set out that the amount he paid out under the contract amounted to $11,200.34, but that $234.77 had been paid on the sum due. It does not appear why Simon should pay the pressing debts of the concern, except that he received "a valuable consideration."

TO THE FAMILY. By the provisions of the will of Gardner Perry Pond of Pasadena, filed for probate yesterday, an estate of $28,000 is disposed of. It is to be divided between the widow, Helen Josephine Pond, the son, Perry Staples Pond, and "to children that may be born to us hereafter, share and share alike," upon condition that the beneficiaries pay $50 a month to the mother of the decedent, Mrs. William C. Pond of Fair Oaks, San Mateo county. The will was executed February 11, last.

SEEK ANNULMENT. An action was filed in the Superior Court yesterday by Clyde A. Ovenshire against Bertha Ovenshire, asking that the marriage contracted between the two in El Paso, Tex., August 8, 1905, be annulled and declared of no effect, on the ground that at the time of the union the wife had a husband living and undivorced.

DIVORCE CASE TRANSFERRED. Judge Houser made an order yesterday transferring the divorce action brought by Myrtle S. Newatt against Gordon H. Newatt, to the courts of Alameda county. The parties, it is understood, now reside in Oakland.

VERDICT FOR DEFENDANT. The Merchants' and Manufacturers' Association of this city, that was behind the recent aviation carnival, won a decided victory in Judge Bordwell's court yesterday, in the action brought by Thomas J. Brown to recover from the organization $1500, alleged to be due on account of an alleged violation of the terms of a concession for the sale of soft drinks at Dominguez Field. The jury was out only long enough to take a formal ballot and returned to court with a verdict against the contention of Brown.

PLAINTIFFS WIN. The jury in Judge Moss's court found for the plaintiffs in the case brought by the Santa Gertrudes Irrigation Company against Waite, Baillie & Co., involving a contract for machinery to be delivered at the pumping plant of the plaintiffs at Monrovia. The jury found for the irrigation company for $850, but if the machinery taken away from the premises by the defendant company, and valued at $1250, is not returned, the plaintiffs are to recover $2100.

DAMAGE ACTION. A jury in Judge Bordwell's court yesterday afternoon began the consideration of the evidence in the action brought by J. W. Atherton against the Southern Pacific Company. Atherton was employed as a laborer in the construction of a powerhouse in Los Angeles, and he alleges that, on account of the negligence of the defendant in not providing suitable scaffolding, a brick was allowed to fall from the wall, striking him on the head and injuring him severely. He asks for $25,000 damages.

VICTORY FOR DEFENDANT. The case against Frank H. Robinson, editor of the Antelope Valley Gazette, at Lancaster, alleging that he had criminally libeled C. E. Jones of the Lancaster Ledger, went to the jury in Judge Davis's department, at 4 o'clock yesterday afternoon, at the conclusion of the testimony and the argument. At 5:30 o'clock, they returned to court with a verdict for the defendant. The action arose out of a newspaper quarrel between the men in Lancaster, the bitterness beginning in July, last, and the alleged libels or slanderous declarations appearing in the columns of the Gazette, in September. John F. Carrigan was attorney for Robinson and Justice Bulkley, of Lancaster, sat beside him, while the Antelope Valley and Mojave Desert were well represented.

HAIGH JURY DISAGREES.

The jury disagreed in the case of Dr. Frederick Haigh yesterday afternoon in the United States District Court. After having been out several hours, Judge Wellborn ordered the panel discharged. It is not probable that the defendant will be tried again for the same offense, as this makes the second time he has been defendant in the same courtroom upon the charge of sending objectionable letters through the mails. The government is prepared to begin the case of Dr. Alice Von Rickert today if the defendant appears in court. She is charged with a similar offense. It was said yesterday that it was doubtful whether the woman is in town. When last heard from she was in Seattle.

TROUBLE OVER COTTON DEAL.

A. D. Hudspeth, a young man wanted in Bowie, Tex., on a felony charge of swindling, was arrested yesterday evening by Detectives Jones and Boyd at Fifth and Broadway and locked up in the City Jail until the Texas officers send for him. Hudspeth seems to have become involved in trouble over a cotton transaction with business associates.

NEGRO GETS MONEY SALVE.

Jury Awards Porter $1000 Damages for False Arrest—Not Easy to Shame as White Man.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, March 31.—George W. Griffin, a negro porter, was awarded $1000 damages for false arrest and imprisonment, from Daniel Brady, a manufacturer, by a jury in the Supreme Court here today.

The verdict derived interest from the fact that on a former trial of the case before Justice Dugro, the court in setting aside a verdict of $2500 as excessive, laid down the dictum that a colored man could not suffer shame to the same extent as a white man as the result of false arrest.

Today, April 1st, "All Fools' Day"

A day set apart for merriment—but merriment at the expense of one's neighbor. As to the "why and wherefore" of this day of practical jokes, the most plausible conjecture ascribes the origin of the custom to France, the nation which took the lead over all Christendom in changing over to the Gregorian calendar—the starting of the New Year on January 1st instead of March 25th. Before this change was made the New Year festivities culminated in a feast on April 1st, when courtesies were exchanged, such as the making of visits and giving of gifts. Then, on New Year's day, January 1st, upon the adoption of the reformed calendar, only mock ceremonial visits were made, and "make-believe" presents bestowed, with the view of making fools of any who had forgotten the change of date. In 1564 this custom was started, and now, on April 1, 1910, most of us will find the custom not yet to become "outlived." Here are some suggestions, if you have any April Fool obligations to work off.

THE INFERIOR COURTS.

DIVIDEND LAW TO BE TESTED.

DIRECTORS OF MINING COMPANY ARE ON TRIAL.

Charged With Voting Large Blocks of Treasury Stock to Themselves After Selling Out Personal Holdings. Jury Is Secured in Police Court, Evidence Taken Today.

Charged with violating the laws governing the manner in which corporation stock may be issued and dividends declared, the directors of the Hamilton Mining and Milling Company were up for trial before a jury in Justice Chambers's Police Court yesterday.

This is the first case of the kind to be tried in Los Angeles, and attorneys are anxiously awaiting the result, believing that a precedent will be established that will finally settle the form of procedure against violators of this law. The result of the case will really show whether or not the law on the subject will hold with a jury.

A misdemeanor, punishable by a maximum fine of $500 and six months in prison, is the form of complaint against the defendants, named as follows, and serving as directors of the company: E. M. Hamilton, Sherman Page, F. M. Hamilton, Truman W. Hamilton and W. Lester Hamilton.

The company's property is near Mojave, and consists of a gold mine. The affairs of the concern progressed evenly until February 14, when A. E. Wiley of the Majestic Theater building, a trustee and director in the Antelope Valley Gold Mining Company, swore to a complaint charging the directors of the Hamilton Mining and Milling Company, on two counts, with violations of the dividend law.

Wiley's allegations are that on February 8 "the directors of the company declared a dividend of 400,000 shares of the capital stock of the Hamilton Mining and Milling Company, that this dividend was voted to themselves and to Roger S. Page and Elsie E. Hamilton, stockholders, and the said dividend was made from treasury stock, and not from the surplus profits arising from the business of the corporation, and therefore made in violation of the manner prescribed by law, and on a further count, that this dividend was not only declared, but actually paid over, and the stock divided among the directors and the two other stockholders mentioned."

Roger S. Page, a good government member of the Board of Education, was the only witness of importance called yesterday, following the acquisition of the jury.

He stated that it had been agreed upon at the beginning that this block of 400,000 shares of treasury stock should go to the stockholders, but that they had never called for the stock, and therefore it had not been issued until early in February. Sherman Page, the father of the witness, and one of the defendants, appeared as attorney for the accused men.

Behind the technical charges is the allegation by Wiley that his company bought a controlling interest in the Hamilton Mining and Milling Company, buying up the holdings of four out of six stockholders, and thus gaining control of the concern, and that $8000 cash was paid for these holdings. He further alleges that after this controlling interest had been bought in good faith, the directors voted the treasury stock to themselves, and thus again seized the governing reins and the majority of stock of the corporation. The chief witnesses will be under examination today.

Held for Trial.

Charles Inman and Frank Mann, charged with burglary, were held for trial in the Superior Court yesterday, following preliminary examination before Justice Rose. Their bail was fixed at $1500 each, and in default they were locked up in the County Jail to await trial. The boys are charged with entering the home of Mrs. May Murphy, No. 1364 Willow street, and stealing jewelry valued at $400.

HONORED WITH BANQUET.

A farewell banquet to Manager I. J. Muma of the Southern California office of the Travelers' Insurance Company was tendered at Levy's café last night by members of the agency staff. Manager Muma leaves to take charge of the Chicago branch office, and will be succeeded by L. A. Greenwood, who was also a guest of honor for the evening. After the outgoing manager had introduced his successor to the guests, Dr. E. M. Lazard, toastmaster, called on many of those present for short talks. Congratulatory telegrams were read from managers of many big insurance agencies, who heartily indorse the promotion of Muma [illegible] ability to fulfil [illegible] What he wanted, he said, was [illegible]

CLAIMS ROOSEVELT TROPHIES.

Smithsonian Corrects Impressions That Specimens Will Be Scattered About Country.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, March 31.—Col. Roosevelt's hunt trophies are intended alone for the Smithsonian Institution, and will not be distributed among the museums of the country.

Officials of the institution have just made such a statement to correct an impression prevailing throughout the country that the specimens sent home by the former President would be for general distribution.

Col. Roosevelt did kill a few specimens for the American Museum of Natural History in New York, it is true, but these were in the nature of a personal gift to Mr. Akeley, who is collecting for that institution. He also sent an elephant to the University of California museum, in recognition of the courtesy of Miss Alexander, who waived a contract with Edmund Heller, the naturalist, so that he could accompany Col. Roosevelt on the Smithsonian African scientific expedition.

Aside from those gifts and such others as Col. Roosevelt might wish to make as personal favors, the trophies of the hunt will all go to the Smithsonian Institution for the national museum.

Rival Claimants for Russell Estate May Meet—Fresno Man Now in the Limelight.

[ASSOCIATED PRESS NIGHT REPORT.]

BOSTON, March 31.—Whether the rival claimants from Dickinson, N. D., and Fresno, Cal., to the character of Daniel Blake Russell, the long-lost son of Daniel Russell of Melrose, will meet is a question which thousands of people who have followed the famed Russell case are asking.

The North Dakota claimant has been before the public for nearly a year and his stories and his testimony have convinced a great many that he is the real heir. Judge Lawton of the Probate Court will hear arguments on the case next week.

Meanwhile the Fresno claimant is in the limelight. The readiness with which he has met questions and the knowledge he displayed of the surroundings of the Russell home at Melrose, twenty-five years ago, surprised
